Mission Statement

Bike/Walk Leawood was established to make recommendations to the Sustainability Advisory Board (SAB) concerning issues related to active transportation systems and programs including but not limited to: trails, crosswalks, bridges, main routes to school, and bike lanes within the community. Responsibilities include:

- Providing recommendations to the SAB and the City Council regarding the development and maintenance of active transportation systems.
- Providing support for efforts that improve the awareness and use of active transportation systems.
- Providing support and encouragement for efforts that improve the safety of active transportation systems.
