10.1 PURPOSE

The probationary period is for employees new to the city service, reemployed by the city and employees affected by an interdepartmental transfer and shall be an integral part of the selection process. The probationary period shall be utilized by the Department Head as an opportunity to observe the new or transferred employee's work, to train and aid the new or transferred employee in adjustment to his position and to reject any employee whose work performance fails to meet the required work standards.

10.2 DURATION

All original appointments shall be tentative and subject to a probationary period of twelve months of actual service. Any interruption of service during the probationary period shall not be counted as part of the probationary period.

10.3 TRANSFER DURING PROBATIONARY PERIOD

An employee who is transferred within a department to another position in the class prior to the completion of his probationary period shall complete that service period in the latter position by adding thereto his service in the former position. Verification of satisfactory employment in the new position by the Department Head will also constitute verification of satisfactory service in the original position.
10.4 RESIGNATION OR DISMISSAL DURING PROBATIONARY PERIOD

During the probationary period, any employee who resigns or is dismissed and who is subsequently reemployed shall commence a new probationary period. At any time during the probationary period, an employee whose performance does not meet the required standards may be dismissed by an appointing authority, provided that he shall report the dismissal and reasons thereof in writing to the Director and the employee concerned.

10.5 NOTIFICATION OF END OF PROBATIONARY PERIOD

A copy of this notice shall be given to the employee by the Department Head. Upon receipt by the Director of a favorable report, the appointment of the employee shall be made permanent at the expiration of the probationary period.

Regular employees may take one additional holiday per fiscal year in addition to regularly scheduled holidays. This is to be a holiday scheduled with the approval of the Department Head and, as much as possible, to meet the requests of the employee to observe a special occasion of his choosing. This holiday may be used for a full work shift and shall not be taken in increments. If not taken in the fiscal year, this holiday is forfeited.
11.4 VACATION LEAVE

(a) AMOUNT. Each full-time or regular employee in the classified service and unclassified service (except for an employee of the Fire Department) shall receive vacation leave credit annually as follows:

</tr>
<tr>
<td>After 5 full years</td>
<td>15 working days per year</td>
</tr>
<tr>

</tbody>
</table>

A regular employee appointed to the classified or unclassified service on or prior to the 15th day of the month shall receive vacation leave credit beginning on the first day of the month; such employee appointed to the municipal service subsequent to the 15th day of the month shall receive vacation leave credit beginning on the first day of the succeeding month.

(b) WHEN TAKEN. No annual leave may be taken by an employee until he has been in the service of the city continuously for a period of six (6) months. Vacation leave must be earned before it can be granted. Each Department Head shall schedule vacation leave with particular regard to the seniority of employees, in accord with operating requirements, and insofar as possible, the requests of employees.

(c) ACCRUAL. Vacation leave shall accrue monthly, prorated according to the number of years of service of the employee. If an employee has accumulated vacation leave in excess of twenty four days at the end of the calendar year, all days in excess of twenty four will be deducted from the employee's record with no compensation being granted an employee.

(d) TERMINAL LEAVE. Any permanent employee leaving the municipal service shall be compensated for vacation credited and unused through the last full calendar month prior to the date of his separation or resignation, provided he has been in the service of the city for at least six full months. If a person is reemployed, his new employment date shall be the basis of computation of vacation leave.

(e) WAIVING VACATION PROHIBITED. As vacation leave is granted to employees for a period of recreation, no employee shall be permitted to waive such leave for the purpose of receiving double pay.

(f) HOLIDAYS OCCURRING DURING VACATION. Any official holiday as set forth in this article which shall occur during an employee's scheduled vacation period shall not be counted as a day of vacation.

11.5 SICK LEAVE

Sick leave with pay will be granted for absence from duty because of actual personal illness, noncompensable bodily injury or disease, exposure to contagious disease, to keep a doctor's or dentist's appointment (if the appointment cannot be made before or after normal work hours) or to attend to a member of the employee's immediate family whose illness requires the employee's presence.

When an employee finds it necessary to be absent for any of the reasons specified herein, he shall cause the facts to be reported to his Department Head or Division Head 60 minutes prior to the daily work time for reporting to work if a relief employee is required or if the employee is a member of a work crew. All other employees shall notify their Department Head or Division Head prior to ten o'clock of the first working day of absence. Sick leave shall not be granted unless such report has been made.

An employee must keep his Department Head informed daily of his condition if the absence extends beyond the first day or more than three days duration. An employee may be required to submit a medical certificate for any absence. Failure to fulfill these requirements may result in a denial of sick leave. No refund of vacation time shall be allowed for illness incurred while on vacation leave, unless such illness is certified by a physician and approved by the Director.

(c) ACCRUAL. Sick leave accrual shall be unlimited.

(d) SICK LEAVE AT RETIREMENT. In the case of the employee preparing to qualify for retirement, all accrued sick leave may be added to the employee's total service to compute his total length of service for purposes of determining his retirement date. The employee may depart service to the city on that date whereby his length of full-time service plus his accumulated sick leave totals the necessary length of service required for retirement under whatever retirement program the city might be operating under at the time of retirement. The city will maintain said employee on employment rolls as a full-time full-paid employee during this period.

(e) RECORDING OF SICK LEAVE. All absences on sick leave must be recorded on the payroll time sheet by use of the symbols SL to indicate absence of a full day or shift, or SL followed by a figure to indicate the number of hours of absence on account of sickness. All absences on sick leave in the case of an illness in the employee's family must be recorded in a like manner using the symbols SLF.

11.6 INJURY LEAVE (JOB RELATED INJURY)

(c) EXTENDED INJURY LEAVE. After using the six months of injury leave with pay, an employee shall use his sick leave accrual and, if more leave is required, his vacation leave accrual. Sick leave and vacation leave shall continue to accrue while an employee is on injury or extended injury leave.

(d) SUBSEQUENT TREATMENTS. If, after returning to work, an employee must receive subsequent treatments due to his on-the-job injury, time off required for such treatment shall not be charged to the employee's accumulated sick leave or vacation leave. Such time off must be substantiated by a physician's statement as to the need and duration of said treatments.

(b) RESTORATION. An employee returning from military leave shall be entitled to restoration to his former position, provided he makes application within six months after his release from duty and has not been dishonorably discharged and he is physically and mentally capable of performing the duties of the position involved. In the event that the position he vacated no longer exists at the time he qualified for return to work, such person shall be entitled to be reemployed in another existing position of the same class.

(c) SALARY. An employee returning from military leave shall be reemployed at the prevailing salary range for the position to which he has been restored. He may be eligible for a merit increase upon completion of one year of service which shall include his time between his last merit increase and the date military leave was granted to him.

(d) SENIORITY. Employees granted military leave of absence may count down such service as time spent on the job for computing seniority in the event of a layoff.
(e) DISPOSITION OF VACATION AND SICK LEAVE. A regular employee who leaves the municipal service directly for such military leave, may elect to be paid for any accrued vacation as he may be entitled to if he were actually separating from the city service. His decision shall be noted on the personnel action form affecting the leave. If the employee elects not to be paid for vacation leave, then accrued vacation and sick leave credits shall be rein-stated upon return of the employee.

(f) All regular employees who are members of the National Guard or any reserve component of the Armed Forces shall be entitled to leave of absence from their respective duties without loss of time, pay, regular leave, impairment of efficiency rating, or any other right or benefit to which otherwise entitled, on all days on which they are employed with or without pay under the orders or authorization of competent authority on active training duty, duty with troops, field exercises, or instruction for a period not to exceed a total of ten working days in any calendar year.

One day with pay will be allowed for other relatives.

11.10 LEAVE OF ABSENCE WITHOUT PAY

A Department Head, with the approval of the Director, may grant a regular employee leave of absence without pay for a period not to exceed one year. Such leave shall be granted only when it is in the best interest of the city and when it will not cause undue or unnecessary imbalances. No such leave shall be granted primarily in the interest of the employee.

Upon expiration of leave without pay, the employee shall return to work in the position held at the time leave was granted or to any other vacant position of the same class. Failure without good cause of the employee on leave to report promptly when leave has expired shall be considered as a resignation.

11.11 ABSENCE WITHOUT LEAVE

Any unauthorized absence of an employee from duty shall be deemed to be in absence without pay and may be made grounds for disciplinary action by the Department Head. In absence of such disciplinary action, any employee who absents himself for three or more days without authorized leave shall be deemed to have resigned. Such absence may be approved by the Department Head subsequently where extenuating circumstances are found to have existed.

11.12 MATERNITY

Application requests for educational assistance will be forwarded to the Director, after review by the Department Head, for approval. The proposed course(s) to be taken must show a direct relationship to the employee's work, i.e. to improve the work performance of the present or envisioned future work of the employee for the city. Upon the successful completion of any approved course with a minimum grade of "C" at the undergraduate level or "B" at the graduate level, the city will reimburse an employee for 75 percent of the tuition cost for the approved course. All other expenses incurred in connection with the course are to be borne by the employee and all courses must be scheduled on off-duty hours if reimbursement is to be received from the city.
