The developer shall be required to manage storm water issues regarding the Ironhorse Golf Course in accordance with item number 2 of the letter from Continental Consulting Engineers dated January 31, 2001. This shall include the requirement that the developer be required to clean out the drainage swale prior to, during, and at the conclusion of the construction. Proper erosion control methods will also be used and monitored. Any work done near or on the golf course property shall be coordinated with the golf course superintendent.
10. All trees, which are within 25 feet of the south property line and within the golf course easement, shall be retained, except for removal of the dead trees and limbs in coordination with the golf course superintendent.

Re: Preliminary Site Plan and Plat, Summertree Villas, Case No. 23-00

The Public Works Department has reviewed the preliminary site plan and plat for the referenced project and would like to make the following stipulations part of the plat approval process.

- Provide 60 feet of right-of-way adjacent to 151st Street to comply with the City’s Public Improvement Construction Standards for primary arterials. Indicate the above dimension on the site plan.

- Provide 50 feet of right-of-way adjacent to Mission Road to comply with the City’s Public Improvement Construction Standards for secondary arterials. Indicate the above dimension on the site plan.

- Check each entrance into the proposed development to ensure adequate stopping site distance is available for vehicles traveling on 151st Street and Mission Road. If adequate stopping site distance is not available, the entrances must be relocated.

- Future proposed Fontana shall be designed to comply with the City’s Public Improvement Construction Standards for residential local streets. Provide horizontal centerline curve data on the site plan for future proposed Fontana. The horizontal alignment shown for existing Fontana Avenue does not conform with the proposed future horizontal alignment. We would like for you to provide our department with a possible conceptual layout of how the proposed curb cut for future extension of the public roadway will tie into existing Fontana.

- All public street construction within the development shall comply with the City’s Public Improvement Construction Standards for residential local streets. The Public Works Department requires 12 feet of parkway between the back of the curb and the right-of-way line along circular drives.

- The proposed street configuration to the west of the Mission Road entrance provides an unsafe traffic pattern in the vicinity of the intersection and is problematic in terms of vehicular movements. Eliminate construction of the proposed circular drive, and install a horizontal “S” curve and u-drive per City of Leawood Standards to provide access to the adjacent lots. This will provide direct access to the public street for each platted lot and eliminate all traffic hazards and concerns.

- The proposed brick pavers shall be eliminated from the public streets due to the difficulties to maintain the appearance of the pavers when the street is overlaid or sealed with slurry material.
• The width of the turnarounds shall be 23-feet (back of curb to back of curb). Use Type C curb for the interior island for each turnaround. Revise the street centerline at the end of each turnaround so that street centerline matches the centerline of the turnaround.

• The developer must complete a stormwater drainage study for the project in accordance with Sections 15-516 and 15-517 of the City’s Stormwater Management Ordinance and all applicable sections of APWA. The study shall be submitted in report format (spiral bound with cover), including appropriate text, tables, and figures. The scope of the study shall include, but not be limited to, determination of the 100-year water surface elevation for Negro Creek for ultimate development conditions in the watershed. Minimum low water openings shall be established based on the above water surface elevations.

• The proposed development is located in a FEMA designated floodplain. Accordingly, development within the floodplain shall comply with all applicable floodplain ordinances of the City of Leawood. The developer shall complete a HEC-RAS water surface profile analysis to confirm the 100-year water surface elevation has not been increased by more than one foot in the flood fringe and no changes in water surface elevation have occurred in the floodway.

• Check the delineation of the FEMA floodplain shown on the site plan. The floodplain limits indicted in the golf course do not coincide or follow the creek alignment.

• The developer shall install adequate erosion control measures, including installation of a temporary siltation basin, during construction to prevent silt and mud from entering onto the golf course.

• All proposed common areas shall be located within tracts, and the purpose and intent of the tract identified on the plat.

• The developer shall be responsible for obtaining all local, state, and federal permits required for construction of the project. The developer shall submit the necessary documentation to the Kansas Division of Water Resources and the Corps of Engineers for the review of the proposed facilities within the floodplain area and obtain all the necessary permits for the construction of the dam and other amenities.

• All public improvements to be completed as part of the development will require a permit from the Public Works Department. Building permits for the project will not be issued by the Building Official and the plat will not be released for recording until all permits from Public Works Department have been obtained by the Contractor.

• The developer shall obtain and submit the Building Inspection/Code Enforcement Department a copy of the N.P.E.S. land disturbance permit for the project issued by the Kansas Department of Health and Environment prior to any grading work at the site.

• All public improvements shall be designed and constructed in accordance with the City of Leawood Public Works Department Public Improvement Construction Standards (Revised January 2000) and the City’s Stormwater Management Ordinance (Ordinance No. 1839 C).

• The permit fee for plan review and construction observation services provided by the Engineering/Inspection Division of the Public Works Department shall be 7% of the construction cost of the public improvements. The fee will be charged and collected from the Contractor at the time the permit is issued by the Public Works Department.

• A pre-design meeting shall be conducted with the City Engineer to discuss design criteria, plan preparation standards, and construction standards for the project. The engineer for the developer shall be responsible for contacting the City Engineer to arrange a time for the meeting.
Preliminary street and storm sewer plans shall be submitted to the Engineering Division of the Public Works Department for review of proposed street grades, intersection layout, inlet locations, storm sewer alignment, separation between sanitary sewer and proposed storm sewer, and storm sewer outfall locations. The preliminary submittal shall include the title sheet, general layout sheet, street plan and profile sheets (with inlets locations shown), and the drainage area map with all off-site drainage areas delineated and drainage area tributary to each proposed inlet. The engineer shall contact the City Engineer to set up a time to meet and discuss the preliminary plans.

- All proposed entrances shall be constructed in accordance with the City of Leawood Public Improvement Construction Standards.
- The proposed development sign located at the entrance off Nall Avenue shall be relocated outside of the street right-of-way.
- The storm drainage study has been reviewed. Outstanding storm drainage issues will be addressed prior to final plat approval.
- All public improvements to be completed as part of the development will require a permit from the Public Works Department. - A separate set of construction plans for public streets, public storm sewers, and street lights, to be constructed in conjunction with this development, shall be prepared and submitted for review and approval to the Engineering Division of the Public Works Department.

- The grading plan for the project shall be coordinated with proposed street grade profile established for Nail Avenue. Preliminary profile grade for Nail Avenue is currently available from the City of Leawood Public Works Department. Refer to Nail Avenue plans and ensure that future grade of Nail Avenue will match the finished grade at the R/W line and there will not be a need for a T.C.E.

- Construct a 10-foot wide island at the entrance with two 12-foot lanes on the west side of the island to accommodate left and right turning movements onto 143rd Street and one 12-foot lane on the east side of the island to accommodate turning movements into the site from 143rd Street. Also construct a 10-foot wide island at the entrance with two 12-foot lanes on the north side of the island to accommodate left and right turning movements onto Nail Avenue and one 12-foot lane on the south side of the island to accommodate turning movements into the site per Figure 6 of the Traffic Impact Analysis prepared by Bucher, Willis & Ratliff. Adjust drive entrance width accordingly.

Special Benefit District Assessment Policy
(Formerly adopted by Resolution #694)

Objectives:

To provide for certain development within the City through the use of Special Benefit District Assessment financing. To provide adequate assurance to the City for the repayment of bonds from benefit district property.

Scope:

Property owner or developer wishing to seek financial help from the City to develop within the City.

Definitions:

None defined.

Provisions:

The City of Leawood may facilitate new development by providing for the installation of public improvements upon submission of a valid petition (provided by the City) of the property owners, the required financial commitment, and acceptance by the Governing Body as required by law. Said commitment is considered to be provided whenever the City has been furnished by all property owners with:

A. funding (cash, cashier’s check or escrow account) equal to 20% of the estimated principal cost of the project; or
B. financial guarantee (irrevocable letter of credit, corporate completion bond) equal to 35% of the estimated principal cost of the project.

The required funding or financial guarantee shall be provided prior to the City awarding any construction contract. Cash funding will be used to reduce the amount of project costs covered by special benefit district assessment (general obligation) bond financing. The financial guarantee will be applied annually to satisfy the principal and interest costs of bonded public improvements should any applicable special assessments not be paid when due. The financial guarantee will be released upon request of the developer when certificates of occupancy for building permits are issued for at least 35% of the properties within the development that received the improvements OR five (5) years from the issuance date of the guarantee, whichever occurs sooner. At the time the bonds are issued any funds in excess of the developer’s contribution, based on the original project estimate and offset by the actual project cost, will be refunded by the city or the financial guarantee shall be reduced by an equivalent amount.

Special Benefit District Assessment financing will not be approved if the petitioner has a financial interest in an existing development that has delinquent special assessment taxes.
Installation of public improvements with special assessment financing may be authorized by the Governing Body without a financial commitment when deemed to be in the public interest and when one or more of the following conditions exist:

C. Improvements are ordered by resolution of the Governing Body.
D. The majority of land in the benefit district is in public ownership.
E. The benefit district is in multiple ownership and a majority of the land therein is developed with residences or other municipal buildings.

Procedures:

Petition form and petition instruction are attached hereto and made a part of the Policy Statement.

Responsibility for Enforcement:

The City Administrator shall be responsible to the Governing Body for the enforcement of the Special Assessment Policy. The Finance Director shall assist in the implementation of this Policy.

A bidder may elect to have all or a portion of the Bonds maturing in the years 2017 to 2021 issued as term bonds scheduled to mature in 2021 subject to mandatory redemption requirements consistent with the schedule of serial maturities set forth above, subject to the following conditions: serial bonds selected for conversion to term bonds with mandatory redemption requirements shall be chosen in inverse order of maturity, beginning with Bonds scheduled to mature in 2021, and all Bonds selected as term bonds shall bear the same rate of interest. Not less than all Bonds of the same serial maturity shall be converted to term bonds with mandatory redemption requirements. A bidder shall make such an election by completing the applicable paragraph on the Official Bid Form.

Interest on said Bonds from the date thereof at the rates determined when the Bonds are sold as herein provided will be payable semi-annually on March 1 and September 1 in each year through maturity, commencing on March 1, 2002.

The principal of and interest on the Bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, in the City of Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names appear on the registration books maintained by the bond registrar as of the 15th day of the month preceding each interest payment date. The principal of the Bonds shall be payable upon presentation and surrender of such Bonds as they respectively
become due. The Bonds will be registered pursuant to a plan of registration approved by the City and the Attorney General of the State of Kansas.

The Bonds will be issued in book-entry only form as one fully registered bond for each maturity and will be registered in the name of Cede & Co., as bondholder and nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry-only form in the denomination of $5,000 or any multiple thereof. Purchasers will not receive certificates representing their interest in Bonds purchased. At the request of the City or the bond registrar, the successful bidder will confirm the aforesaid delivery instructions.

At the option of the City, Bonds maturing on and after September 1, 2011, will be subject to redemption and payment prior to maturity, on September 1, 2010, and thereafter, in whole at any time or in part on any interest payment date (in integral multiples of $5,000 within a single maturity) selected among maturities by the City in its sole discretion, at the redemption price of 100% of the principal amount so redeemed, plus accrued interest to the date fixed for redemption, without premium.

If the City shall elect to call any of the Bonds for redemption and payment prior to the maturity thereof, the City shall give written notice of its intention to redeem and pay said Bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the State Treasurer of the State of Kansas, DTC and to the manager or managers of the underwriting account making the successful bid, said notice to be mailed at least 45 days prior to the redemption date. The State Treasurer of the State of Kansas will send notice of redemption by ordinary mail to the registered owners of said Bonds, said notices to be mailed at least 30 days prior to the redemption date. If any Bond be called for redemption and payment as aforesaid, all interest on such Bond shall cease.

All of said Bonds will be and constitute the general obligations of the City and the full faith and credit of the City shall be pledged to the payment of the principal of and interest on said Bonds. Such principal and interest shall be payable from ad valorem taxes levied on all taxable tangible property including land and improvements thereon located within the territorial limits of the City of Leawood, Johnson County, Kansas.

No bids will be considered at a price of less than par and interest accrued on the Bonds to date of the payment thereof by the purchaser.
Proposals will be received on Bonds bearing such rate or rates of interest as may be specified by the bidders subject to the following conditions: Each interest rate specified shall be in an even multiple of 1/8th of 1% or 1/20th of 1%, and the same rate shall apply to all Bonds of the same maturity. No rate shall exceed the most recent 20 bond index, as published in The Bond Buyer, New York, New York, on the Monday next preceding the date of sale by more than 2%, and the difference between the highest rate specified and the lowest rate specified in any bid shall not exceed 2%.

One bid shall be submitted for all Bonds hereinbefore described on an all or none basis. Bonds will be awarded to the best bidder on an all or none basis. The best bidder will be the bidder whose bid will result in the lowest "true interest cost" ("TIC"), determined as follows: the TIC is the discount rate (expressed as a per annum percentage rate) which, when used in computing the present value of all payments of principal and interest to be paid on the Bonds, from the payment dates to August 15, 2001 (the dated date of the Bonds), produces an amount equal to the price bid, including premium, if any. Payments of principal and interest on the Bonds will be based on the principal amounts set forth in this Notice of Bond Sale and the interest rates specified by each bidder. Present value will be computed on the basis of semiannual compounding and a 360-day year of twelve 30-day months.

If there is any discrepancy between the TIC indicated on a bid form and the rates and bid premium, if any, specified in said bid, the stated interest rates shall govern and the TIC shall be adjusted accordingly. In the event that two or more bidders offer bids at the same TIC, the Governing Body of the City will determine, by lot, which bidder will be designated as the low bidder.

The City reserves the right to waive minor irregularities and to reject any or all bids.

The City will pay the fees of the bond registrar for registration and transfer of the Bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

The Bonds printed, executed and registered with the Office of the State Treasurer will be furnished by the City, and the Bonds will be delivered subject to the legal opinion of Bryan Cave LLP, Kansas City, Missouri, Bond Counsel, whose services will be paid for by the City. The opinion of Bond Counsel will state that under existing laws and regulations and, assuming continued compliance with the covenants contained in the bond ordinance, the interest on the Bonds is exempt from federal income taxation, except with
respect to certain taxpayers as more specifically described in the Preliminary Official Statement of the City.

The type and denominations of the Bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the City and the bond registrar at least two weeks prior to the closing date.

The initial reoffering price to the public shall be furnished to the City by the successful bidder at least one week prior to the closing date. A certificate setting forth such initial reoffering price to the public shall be furnished by the successful bidder at closing.

The Bonds will be delivered to the purchaser on or about August 30, 2001, through the facilities of the Depository Trust Company, New York, New York. CUSIP identification numbers will be printed on said Bonds, but neither the failure to print such numbers on any Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for said Bonds in accordance with the terms of the purchase contract. All expenses in relation to the printing of the CUSIP numbers on said Bonds, including the CUSIP Service Bureau's charge for assignment of said numbers, will be paid for by the City.

The population of the City is approximately 27,650. The 2000 assessed valuation of all taxable tangible property within the City of Leawood, Kansas is $511,563,579, including motor vehicle valuation of $57,538,051. The City of Leawood has temporary notes outstanding in the total amount of $6,400,000, of which $1,300,000 will be redeemed and canceled from the proceeds of the Bonds herein offered for sale and other available funds of the City.

A good faith deposit by cashier's or certified check or financial surety bond in the amount of 2% of the total amount of the bid for the Bonds shall accompany each bid. If a financial surety bond is used it must be from an insurance company licensed to issue such a bond in the State of Kansas and must be submitted to the City prior to the opening of the bids. If the Bonds are awarded to a bidder utilizing a financial surety bond, that successful bidder shall be required to submit its deposit to the City by cashier's or certified check or wire transfer not later than 2:00 p.m. local time on the next business day following the award.

Additional copies of this Notice of Bond Sale, copies of the City's Preliminary Official Statement relating to the Bonds and further information

APPENDIX A - Continuing Disclosure Instructions
APPENDIX B - Financial Statements
INTRODUCTORY STATEMENT

General

The purpose of this Official Statement is to present certain information concerning the City of Leawood, Kansas (the "City"), and the issuance of its $9,300,000 General Obligation Improvement Bonds, Series 2001-A, dated August 15, 2001. The Bonds are being issued to provide funds to finance certain capital improvements within the City. See THE PROJECTS herein.

The Bonds constitute general obligations of the City and are payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all taxable tangible property within the territorial boundaries of the City.

APPENDIX B, containing selected financial data relating to the City, is an integral part of this Official Statement and should be read in its entirety.

All financial and other information presented herein has been compiled by George K. Baum & Company, Kansas City, Missouri (the "Financial Advisor"). Such information has been provided by the City and other sources deemed to be reliable. The presentation of information herein is intended to show recent historic information and is not intended to indicate future or continuing trends in the financial position or other affairs of the City. Bryan Cave LLP, Kansas City, Missouri, Bond Counsel, has not assisted in the preparation of this Official Statement, except for the sections titled INTRODUCTORY STATEMENT, THE BONDS, LEGAL MATTERS, TAX EXEMPTION, ABSENCE OF MATERIAL LITIGATION, CONTINUING DISCLOSURE, and APPENDIX A and, accordingly, expresses no opinion as to the accuracy or sufficiency of any other information contained herein.

Additional Information

Additional information regarding the City or the Bonds may be obtained from George K. Baum & Company, 435 Nichols Road, Suite 200, Kansas City, Missouri 64112, telephone 816/474-1100. George K. Baum & Company has received permission from the City to submit a bid for the purchase of the Bonds.
THE BONDS

Description

The Bonds will be issued in the principal amount shown on the cover page hereof, will be dated August 15, 2001, and will consist of fully registered bonds without coupons. When issued, the Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Purchases of the Bonds will be made in book-entry only form as described below (without certificates) in the denomination of $5,000 or any integral multiple thereof. The Bonds will mature, subject to optional redemption as described below, on September 1 in the years and in the principal amounts set forth on the cover page of this Official Statement. Interest on the Bonds will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 2002. Interest will be paid on the basis of a 360-day year consisting of twelve 30-day months. Principal will be payable upon presentation and surrender of the Bonds by the registered owners thereof at the office of the State Treasurer of the State of Kansas in Topeka, Kansas (the "Paying Agent"). Interest shall be paid to the registered owners of such Bonds as shown on the registration books maintained by the Paying Agent as of the fifteenth day of the month next preceding the date on which the interest is payable (the "Record Date") by check or draft mailed by the Paying Agent to the address of such registered owner shown on the registration books; provided that, payment of principal of, premium on, if any, and interest on the Bonds registered in the name of Cede & Co. shall be payable in same-day funds on each payment date (or the equivalent under existing arrangements with the City and Paying Agent). So long as the Bonds are registered in the name of Cede & Co., principal, premium, if any, and interest payments on the Bonds shall be made to DTC for disposition as hereinafter described. (See "Book-Entry Only System" herein).

Book-Entry Only System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully registered Bond certificate will be issued for each maturity of such series of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners are expected to receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participants through which the Beneficial Owners entered into the transactions. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Bonds with DTC and their registration in the name of
Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If fewer than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to DTC. DTC’s practice is to credit Direct Participants’ accounts on payable date in accordance with their respective holdings shown on DTC’s records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name” and will be the responsibility of such Participants and not of DTC, the Paying Agent, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered as provided in the Ordinance. The Beneficial Owner, upon registration of the Bonds held in the Beneficial Owners name, shall become the bondowner thereof under the terms of the Ordinance.

The City may determine to discontinue the system of book-entry transfers through DTC (or a successor securities depository). In such event, the Bonds are to be delivered as provided in the Ordinance and the Paying Agent is entitled to rely on information provided by DTC and the Participants as to the names and principal amounts in which the Bonds are to be registered.

The City and the Paying Agent, so long as a book-entry system is used for the Bonds, are to send any notice of redemption or other notices required to be sent to Beneficial Owners, only to DTC. Any failure by DTC to advise any Participant, or by any Participant to notify the Beneficial Owner, of any such notice and its content or effect shall not affect the validity of the redemption of the Bonds called for redemption or of any other action premised on such notice.

The City and the Paying Agent cannot and do not give any assurances that DTC, the Participants or others will distribute payments on the Bonds made to DTC or its nominee, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC and the Participants, or any successor depository, will serve and act in a manner described in this Official Statement.

NEITHER THE CITY NOR THE PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS Nominees WITH RESPECT TO THE PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE PARTICIPANTS, THE INDIRECT PARTICIPANTS, OR THE BENEFICIAL OWNERS.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the City, the Financial Advisor and Bond Counsel believe to be reliable, but the City, the Financial Advisor and Bond Counsel take no responsibility for the accuracy thereof, and neither the DTC Participants nor the
Beneficial Owners should rely on the foregoing information with respect to such matters but should instead confirm the same with DTC or the DTC Participants, as the case may be.

Redemption Provisions

Optional Redemption. The Bonds maturing on or before September 1, 2010 shall become due without option of prior payment. At the option of the City, Bonds maturing on or after September 1, 2011, may be called for redemption and payment prior to maturity on September 1, 2010, and thereafter, in whole at any time, or in part on any interest payment date, at a redemption price of 100% of the principal amount thereof, without premium, plus accrued interest to the date fixed for redemption.

Selection of Bonds to be Redeemed. The Bonds and the specific annual maturities of Bonds called for redemption in advance of their stated maturities may be selected by the City as it determines in its sole discretion. In the event of a partial redemption of Bonds of a given maturity, the Bonds to be redeemed will be selected in such manner as the Paying Agent acting on behalf of the City may deem equitable. Bonds will be redeemed in integral multiples of $5,000. If fewer than all Bonds of a given maturity are called for redemption, the City and the Paying Agent shall, in the case of Bonds in denominations greater than $5,000, treat each $5,000 of face value as though it were a separate Bond.

Notice and Effect of Redemption. If the City elects to call any Bonds for redemption and payment prior to the maturity thereof, the City will give the Paying Agent written notice of its intention to redeem said Bonds on a specified date, the same being described by maturity. The Paying Agent will notify holders of the Bonds of such call by mailing, or causing to be mailed, the notice of call to the bondholders by first class mail at least thirty days prior to the redemption date. Interest on any Bond so called for redemption and payment will cease from and after the date for which such call is made, provided funds are available for payment thereof.

So long as DTC is effecting book-entry transfers of the Bonds, the Paying Agent shall provide the notices specified above to DTC. It is expected that DTC will, in turn, notify the DTC Participants and that the DTC Participants, in turn, will notify or cause to be notified the Beneficial Owners. Any failure on the part of DTC or a DTC Participant, or failure on the part of a nominee of a Beneficial Owner of a Bond (having been mailed notice from the Paying Agent, a DTC Participant or otherwise) to notify the Beneficial Owner of the Bond so affected, shall not affect the validity of the redemption of such Bond.

Registration and Transfer

As long as any Bond remains outstanding, the Paying Agent will maintain a bond register in which all transfers and exchanges of the Bonds will be registered. All Bonds presented for transfer or exchange must be accompanied by a written instrument of transfer or authorization for exchange in a form and with guarantee of a signature satisfactory to the Paying Agent. Bonds may be exchanged for Bonds in the same aggregate principal amount and maturity upon presentation to the Paying Agent, and upon payment of any tax, fee or other governmental charge required to be paid with respect to any such registration, exchange, or transfer. The foregoing provisions for the registration, transfer and exchange of the Bonds will not be applicable to Beneficial Owners of the Bonds so long as the Bonds are subject to the DTC or other book-entry only system.

Authority

The Bonds are issued pursuant to and in full compliance with the Constitution and statutes of the State of Kansas, including particularly K.S.A. 12-1301 et seq. And K.S.A. 12-1736 et seq., each as amended, and an ordinance and related resolution adopted by the City on _____________, authorizing the issuance of the Bonds (collectively, the "Ordinance"). A portion of the Bonds in the principal amount of $6,050,000 will be issued to provide permanent financing for certain park improvements described herein. This is the second installment of park improvement bonds approved by 75.4% of voters at an election held in the City on November 3, 1998. Upon issuance of the Bonds, a total of $11,450,000 of the $12,500,000 of park improvement bonds authorized by voters will have been issued.
Security

The Bonds constitute general obligations of the City and are payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all taxable tangible property within the territorial boundaries of the City.

THE PROJECTS

Description of the Projects

Proceeds from the sale of the Bonds will be used to provide permanent financing for two major capital improvement projects within the City (the "Projects"). One Project involves the construction of the City’s second large public park in the growing south part of the City (“South Park”). South Park is being constructed on 80 acres of land and will include a prairie preserve, lake, nature learning area, amphitheater, and soccer fields. South Park is anticipated to be completed and open by the end of 2003.

The other Project is the construction and equipping of the City’s third fire station. Fire Station No. 3 will be a 14,000 square foot facility constructed of masonry and steel, will include administrative offices, and double wide, double deep, drive-through bay. The station will be located adjacent to South Park and will serve primarily the southern and central areas of the City. Fire Station No. 3 is expected to be in service by February 2002.

A portion of the Project costs were initially funded with proceeds from the sale of general obligation temporary notes of the City. Proceeds from the sale of the Bonds will be used to redeem the outstanding temporary notes, provide funding for additional project costs and pay for costs associated with the issuance of the Bonds.

(1) The City intends to provide for the payment of an aggregate principal amount of $5.25 million of Series 1994-A and 1996-A Bonds with the net revenues derived from the operation of its municipal golf course. However, repayment on said bonds is ultimately secured by the City's ability to levy ad valorem taxes. See DEBT STRUCTURE OF THE CITY - "General Obligation Bonds". A portion of the overlapping general obligation debt of the City is payable from certain charges derived by Johnson County from the operation of its wastewater utility. The column titled “Net of Self-Supporting Debt” shows the outstanding debt and resulting ratios for the City, excluding the City's golf course-supported debt and the County's wastewater utility supported debt. See DEBT STRUCTURE OF THE CITY - "Overlapping Debt".

(2) Real property, personal property, and state assessed utility valuations are actual figures. Motor vehicle estimates, included within the total alone, were provided by the Johnson County Treasurer’s Office.

(3) For further details of how estimated actual value has been calculated see the section titled FINANCIAL INFORMATION - "Estimated Actual Valuation".

(4) Includes this issue.

(5) Does not include $1,300,000 of temporary notes to be redeemed with bond proceeds and with other available funds of the City. See DEBT STRUCTURE OF THE CITY - "Temporary Notes".

(6) Includes general obligation bonds of overlapping jurisdictions. Does not include temporary notes, revenue bonds, lease obligations, or no fund warrants of overlapping jurisdictions. For further details see DEBT STRUCTURE OF THE CITY - "Overlapping Debt".

(7) Includes outstanding general obligation bonds and temporary notes of the City and overlapping general obligation bonded indebtedness.
GENERAL INFORMATION

Location and Size

The City of Leawood is located approximately 10 miles southwest of downtown Kansas City, Missouri, and occupies 14.7 square miles of land in northeastern Johnson County, Kansas. Johnson County encompasses 476 square miles and with a 2000 estimated population of 451,086 is the second most populous county in the State of Kansas. The U.S. Census Bureau estimated the City's 2000 population to be 27,656. Since 1992, the City has had the fastest growing population in the state of Kansas and is considered one of the top growth areas in the country. The City's land area is currently approximately 70% developed, and growth is expected to continue in the future. The City is bounded to the east by the Kansas-Missouri state line and on all other sides by incorporated cities of Johnson County.

Government

Leawood was incorporated as a city of the third class in 1948, with slightly more than 1,000 inhabitants. On December 31, 1998 the City became a city of the first class. The City operates under a Mayor-Council form of government with a city administrator. The mayor is elected on an at-large, non-partisan basis and serves a four-year term. The eight council members are elected (non-partisan) by ward and serve four-year staggered terms of office. The governing body felt that as a city of the first class, it would be in the public interest to change the terms of elected officials from 2 to 4 years. Every other year in the even numbered year, an election for council members is held with one council member from each of the four wards being chosen at each election.

The City Administrator is appointed by the mayor and City Council as the chief administrative officer of the City and is charged with the efficient and effective administration of the City. The following tables list the principal elected and appointed executive officers of the City.

*The City has engaged an executive search firm to begin screening potential candidates for the City Administrator post. The City hopes to have a new City Administrator hired in August 2001.
Employee Relations

The City's Human Resources Department describes its formalized relationship with its 108 (excluding police and fire) full-time employees and 14 part-time employees as good. None of the City's employees are part of an organized bargaining unit.

Kansas Public Employees Retirement System

The City participates in the Kansas Public Employees Retirement System (KPERS) which was established by the 1961 Kansas Legislature. There are approximately 182,800 current and former public employees in Kansas who are members of the Kansas Public Retirement System. These members represent over 1,200 state and local agencies and include the state, all counties, all unified school districts, community junior colleges, area vocational technical schools, various cities, and other instrumentalities. With the exception of firemen and policemen, who are covered under the Kansas Police and Firemen's Retirement Act (see below), all of the City's full-time employees are eligible for the KPERS program after one year of employment.

The purpose of the KPERS program is to provide an orderly means of financing the pension benefits of retiring public employees and to extend life insurance coverage, long-term disability, and service-connected death and disability benefits to members and their beneficiaries.

City employees participating in the KPERS Program annually contribute 4.0% of their gross salary to the KPERS program. The City's contribution varies from year to year based upon the annual actuarial valuation and appraisal made by the actuary of the KPERS program. For 2001, the City's contribution will equal 3.37% of each employee's gross salary.

In 2000 the City implemented a supplemental voluntary retirement plan. This new defined contribution plan allows employees to contribute up to 5% of their annual gross salary and will be matched by the City at the 50% level.

Kansas Police and Fire Retirement

The City has established membership in the Kansas Police and Fire Retirement System for its police and fire personnel. Benefits are determined by total years of service and final average salary. The plan is administered by the State of Kansas. An actuarial study is made annually and the City's annual contribution is adjusted to meet current fund requirements. Payment of employee retirement benefits is the sole responsibility of KP&F. Since 2001 the City will contribute 8.09% of each employee's gross salary, while employees contribute 7.0%.

Population

Since 1970, the City has experienced an increase in population of approximately 167%. According to the U.S. Census Bureau, the following table shows the historic population of the City and Johnson County.

Police and Fire Protection

The Leawood Police Department employs 49 commissioned police officers and 23 support staff. In 2001, emphasis has been placed on strategic planning and problem solving as indicated by the creation of a Needs Task Force comprised of members from the City Council, community and Police Department. Planning is essential in managing the 30,367 calls for service received by the Police Department in 2000. In addition, the Department issued 10,354 traffic violations, answered 3,750 alarm calls, and made 788 other arrests.

The City currently has two fire stations. A third fire station is being constructed with a portion of the proceeds from the sale of the Bonds. See THE PROJECTS herein. The Fire Department has a staff of 52 full-time fire fighters, 2 volunteer fire fighters, and support staff providing round-the-clock fire protection for the City. The City owns 8 fire fighting vehicles and two Type II ambulances. The City provides tandem response with Johnson County Med-Act, which operates an Advance Life Support System. In addition, the Fire Department owns and operates an incident command vehicle.

Socioeconomic Characteristics

The City of Leawood's socioeconomic profile can be characterized by high levels of population growth, income, educational attainment, and home values. The City attracts many upper-middle to high-income families moving into the area for the first time or from surrounding cities. The City is home to the State's wealthiest zip code, 66209. In 2000, the average annual disposable household income for the City was $123,505-243% of the national average. Economic Development

The City of Leawood has experienced significant growth in both residential and commercial developments over the last fifteen years. The majority of the City's growth has occurred in the southern portion of the City, which had been largely undeveloped. The economic development experienced within the City can be characterized as high bracket, single-family subdivisions, shopping centers, and office buildings. There are currently an estimated 600 business establishments located in the City. The City's location in the growing southern part of Johnson County, the quality of the two public school districts serving residents, and the overall high standards of living have all contributed to economic growth in the City.

Residential construction continues to grow in the City. Approximately 25 of the subdivisions are still developing in the City. A total of approximately 1,878 homes are anticipated to be constructed in the new subdivisions and 1,631 houses have been built. Prices for homes are anticipated to range from $200,000 to over $1
According to the Johnson County Assessor's Office, the average home value in the City is $335,575.

Although the majority of growth in Leawood has historically been residential, the City has been pursuing a program to expand and diversify its economic base. City estimates for potential commercial development include 5.3 million square feet of new office space and 2.7 million square feet of retail space. Three large community shopping centers have been constructed in recent years, and the City's oldest retail center, Ranchmart Shopping Center, has recently completed a major upgrade.

The City currently has two major areas that are experiencing significant commercial growth. Tomahawk Creek Parkway, located in the central part of the City, is experiencing significant new office space construction. A total of eight one-to-six-story buildings have opened along the winding four-lane road in the last two years. Major tenants include the American Academy of Family Physicians, Stratco, Merrill Lynch, and the Kansas City Orthopedic Center. United Parcel Service is in the process of moving approximately 100 executive positions from Omaha to a new office building currently under construction along Tomahawk Creek Parkway.

Additionally, 135th Street has recently seen groundbreaking for several large new retail and commercial developments. Site development is currently under way for a new grocery store, along with Plaza Point, a retail site containing eleven pad sites. Plans were recently announced for a 500,000 square foot retail, office, medical, and hotel complex along 135th Street. The project, Cornerstone of Leawood, is planned to include a 120-room hotel, 197,000 square feet of retail space, 243,000 square feet of office space, a bank, and five restaurants. The Cornerstone of Leawood site is actually located on 36 acres of unincorporated land surrounded by the City and neighboring Overland Park, Kansas. Developers expect to file plans to be incorporated by the City and break ground in early 2002. Opening would be expected by the end of 2003.

Leawood Town Center Plaza

Construction was completed in 1997 on Leawood Town Center Plaza, a large, upscale retail and commercial center. The Town Center Plaza project is located on a previously undeveloped 66-acre tract of land within the City and includes 627,000 square feet of retail space. Leawood City Hall and a branch of the Johnson County Library, are located adjacent to Town Center Plaza. Some of the larger tenants at Leawood Town Center Plaza include Jacobson's Department Store, Galyan's Sporting Goods, Barnes & Noble Bookstore, and AMC Theaters. Although the center has reached its planned size, additional sites are available on adjacent property for future office or commercial development.

The development of Town Center Plaza has significantly increased the City's sales tax collections and property tax base. These increases have helped diversify the revenue sources of the City, which have historically centered on residential property taxes. In 1997, the first full year in which a majority of Town Center Plaza was open, the City collected approximately $3,095,904 from its one-cent local option sales and use tax. In 1995, before Town Center Plaza opened, the City collected $1,777,050 from the same local option sales and use tax. In addition to sales tax revenue, the City's property tax base also received a boost from the construction of Town Center Plaza. Town Center Plaza is the largest property tax payer in the City. The developers of Town Center Plaza sought no property tax abatements.

Sprint World Headquarters

Telecommunications firm Sprint is nearing completion of its new world headquarters located on 247 acres of land near College Boulevard, immediately adjacent to the City and Leawood Town Center Plaza. Sprint is currently headquartered in the City of Westwood, Kansas, and occupies a number of offices located throughout the Kansas City metro area. Sprint is the largest company headquartered in the State of Kansas.

The new headquarters campus is designed as a 22-building complex that will contain approximately 3.9
million square feet and cost an estimated $400 million to construct. Upon expected completion in 2001, the new office and training complex will employ approximately 16,000 people and consolidate the headquarter operations of Sprint into a single location. The indirect financial impact of this development on the City will be noticeable. The annual financial impact of the facility is estimated to be $6.06 billion in Johnson County. Because of the lengthy construction period and partial property tax abatements, the final impact of the new development will occur over the coming years.

**Johnson County, Kansas**

Originally developed as a suburban community to Kansas City, Missouri, Johnson County has experienced tremendous growth in population, wealth, and industry over the past 30 years. From a 1960 population of 143,792 to the 2000 level of 451,086, few counties in the country have experienced such a rapid rate of growth. Between 1980 and 1990, U.S. Census Bureau data reports that the number of business establishments located in Johnson County increased more than 77% from 6,539 firms to 11,601. Correspondingly, the total employment in the County increased over 74% from 101,769 to 177,817. The main types of industries in the County are retail trade, financial, professional services, and health related, in descending order of employment.

Kansas City Power & Light Company provides electricity for the City as well as the majority of the greater Kansas City metropolitan area. Kansas City Power & Light is tied into a major regional power network designed to augment electrical capacity and lessen the potential for power outages and brownouts. Ample electricity is available to meet the City's future needs. The City receives its natural gas supply from Western Resources.

Telephone service is supplied by Southwestern Bell Telephone Company, which serves the entire metropolitan area. Southwestern Bell provides prototype fiber optic network services to a large, upscale residential subdivision in the City. Several cellular phone companies service the City.

Financial Institutions

Horizon National Bank opened its headquarters in the City in March 1999. Two banks (including Horizon National Bank) are headquartered in the City and report total deposits of $899.2 million as of June 30, 2000. Four additional banks with five locations are located within the City, and all are branches of institutions headquartered elsewhere. Each bank is also relatively new, having opened since December 1988. Two savings and loan associations and two savings banks have branch offices located in Leawood.

Churches

There are currently eight churches located in the City including six Protestant churches and two Catholic churches. South Leawood is particularly experiencing significant growth in church facility construction. Lord of Life received City approval to construct eight new classrooms and a new 7,045 square foot multipurpose room. Baptist Village also received City approval for a 25-acre multi-use development at the southeast corner of 143rd and Nall Avenue. This complex will consist of a 99,612 square foot two-story church which is proposed to be constructed in phases, a 76-bed assisted living complex, and 16 four-plex units. The church sanctuary is proposed to seat a total of 850 parishioners when completed.

Christ Community Church began construction on a 30,085 square foot multi-use building, which was approved in 1998. Once completed, the sanctuary will seat 600 people.

The City is also home to the United Methodist Church of the Resurrection, one of the largest and fastest growing churches in the nation. The church was founded in 1989 and has grown to a current membership of over 6,000. Plans are currently being developed to construct a new 7,000 seat sanctuary adjacent to the church's existing facilities.

Medical Facilities

Menorah Medical Center, a division of Health Midwest, operates a 154-bed hospital and medical office complex immediately outside the city limits in the eastern part of Overland Park, Kansas. St. Joseph's Hospital, a full-service, privately owned facility, sits immediately outside city limits in the western part of Kansas City, Missouri. Shawnee Mission Medical Center is a 383-bed acute care facility located approximately 3-1/2 miles northwest of the City. Recreation and Cultural Facilities

The City currently maintains five municipal park facilities encompassing a total of 245 acres. In November 1998 voters approved a $12,500,000 multi-year park expansion and development program, including a new park in the southern part of the city with a prairie preserve, lake, nature learning area, amphitheater, soccer fields, and lookout tower. A second new park will feature a loop trail, playground shelter, and open play area. Development is expected to begin in 2001.

Construction of a new pool and aquatic center was completed in Leawood City Park in 1997 at a cost of $1,743,000. The pool features a 23-foot-high by 130-foot-long slide; a double-entry zero-depth pool with a waterfall, whale slide, and tethered snake and alligator; as well as a new baby pool with a small slide and propeller tower. These improvements to the former 50-meter swimming pool led to a 250% increase in attendance in 1997. Additional recreation facilities in the city include eight tennis courts, sand volleyball courts, six baseball diamonds, 13 soccer fields, playground facilities, three stocked ponds, six miles of walking trails, more than four miles of greenway, bridle paths, and picnic and shelter facilities.

* The City intends, to the extent possible, to provide for the payment of an aggregate principal amount of approximately $5.25 million of the Series 1994-A and Series 1996-A Bonds and all associated interest thereon with the net revenues derived from the operation of a municipal golf course. Notwithstanding, the City is obligated to use its unlimited ad valorem taxing authority to make all payments on such bonds if the net revenues are not sufficient to provide for their payment.

Overlapping Debt

The following table shows the outstanding general obligation bonded debt for jurisdictions whose boundaries overlap those of the City and the amount of such debt that is applicable to the taxpayers of the City. The percentage of debt applicable to the taxpayers of the City is determined by the Johnson County Clerk's Office and is calculated by dividing the assessed valuation of that part of the City which overlaps another jurisdiction with the total assessed valuation of such jurisdiction. All debt is as of June 30, 2000 unless otherwise noted.

* In March 1992, the City entered into a lease-leaseback agreement with the Leawood Public Building Commission for the acquisition, construction and equipping of a new city hall facility. The Leawood Public Building Commission, a municipal corporation created by the City, issued Public Building Revenue Bonds dated March 1, 1992, to finance the new facility. In 1996, the Public Building Commission refunded the 1992 Leasehold Revenue Bonds. The Public Building Revenue Bonds are not a general obligation of the City or of the Leawood Public Building Commission. However, the City has entered into a lease agreement with a term and payments that are identical to the debt service on the Public Building Revenue Bonds. In accordance with Kansas statutes, lease payments made by the City to the Public Building Commission are not subject to annual appropriation.
Future Debt

The City regularly finances, on a temporary basis, the costs of improvement projects under construction through the issuance of temporary notes. The City customarily conducts a public sale of its general obligation bonds to finance completed improvement projects payable from ad valorem taxes or special assessments. The City also periodically enters into lease agreements for equipment and other assets.

The following table lists the anticipated future bonding requirements of the City over the next several years based on the City's 2002-2006 Capital Improvements Program. All amounts and dates listed represent current estimates and are subject to additions, deletions, or revisions in accordance with future planning efforts of the City. Figures do not include approximately $25.4 million of "pay-as-you-go" financing the City intends to undertake in the next five years, a portion of which will be paid from outside sources.

Legal Debt Limits

Cities within Kansas are permitted to issue bonds in an aggregate amount not to exceed 30% of the total assessed valuation of the city. Bonds issued for the purpose of improving, acquiring, enlarging, or extending municipal utilities including storm sewers; bonds issued to pay the cost of improvements to intersections and streets in front of city or school district property; bonds for bridges as authorized by a vote of the electors of a city; bonds issued to refund outstanding bonds; and bonds payable from revenue sources other than the general taxing authority of the city are not included in total aggregate debt for purposes of computing a city's debt limitation.
Annual Debt Payments

FINANCIAL INFORMATION

Financial Reporting

The City has established a uniform system of accounting maintained in accordance with the laws of the State of Kansas and generally accepted accounting principles. The accounts are maintained on the modified accrual basis for all budgetary funds and on the accrual basis for all other funds.

An independent post audit of the City's accounts has been conducted each year and an unqualified opinion has been issued for each year. A portion of the latest audit and opinion has been included as part of this Official Statement. The City began preparing a Comprehensive Annual Financial Report in accordance with Government Finance Officers Association standards for fiscal years beginning in 1995.
Financial Statement Summary

The following is a summary of the combined revenues, expenditures, and fund balances for the City's General, Special Revenue, and Debt Service Funds over the last five years as shown in the City's General Purpose Financial Statements. This summary has not been prepared or reviewed by the City's auditor.

(2) Assessed valuation figures for 1993 were impacted by a constitutional amendment approved by Kansas voters in November 1992. See FINANCIAL INFORMATION - "Property Assessment Rates".

(3) Real property, personal property, and state assessed are actual figures provided by the County Clerk's office. Motor vehicle figures are provided by the Johnson County Treasurer's Office.

(4) As a result of legislation passed in 1995, the assessment rate for motor vehicles was decreased from 30% to 20% over a five-year period that began January 1, 1996. This change beginning with the 1996/97 valuations impacted motor vehicle valuations for the City. See FINANCIAL INFORMATION - “Property Assessment Rates”.

Special Assessments

The City has pursued a policy of utilizing special benefit districts to assign the cost of certain improvement projects that directly benefit private property. Kansas statutes allow for the creation of special benefit districts to pay for the cost of a variety of improvements including street construction, storm water drains, sanitary sewer system improvements, street lighting, water system improvements, recreational facilities, flood control projects, bridges, and parking facilities. The City has typically utilized special benefit districts to pay for the costs associated with street improvements in new or expanding developments within the City.

The creation of special benefit districts, the determination of property benefited, and the method of allocating the cost of the improvement is at the discretion of the City. Property owners have the ability to suggest improvements to be made through a petition process and to comment on the final amount of their assessment. The City may or may not participate in the cost of the special benefit district improvement. All property owners have the option to pay their portion of the improvement cost with a one-time payment during a thirty-day assessment prepayment period or pay in annual installments with interest over a certain number of years.

Upon completion of the special benefit district improvement projects and expiration of a thirty-day prepayment period, the City issues general obligation bonds to provide for permanent project financing. The payment of the principal of and interest on such bonds is paid from the special assessments levied annually on the benefited property owners. Special assessments are paid at the same time and in the same manner as ad valorem property taxes. If at any time the special assessments received from the property owners are insufficient to provide for the payment of the principal and interest on the bonds, the City is obligated to provide for the balance of such payments through its ability to levy unlimited ad valorem property taxes. Upon issuance of the Bonds, approximately 16.5% of the City's outstanding general obligation bonds will be supported by special assessments.

Tax Collections

Real estate property tax statements are mailed November 1 each year and may be paid in full or one-half on or before December 20 with the remaining one-half due on or before June 20 of the following year. Taxes that are unpaid on the due dates are penalized at the rate of 12% per annum (1% pro-rated monthly) until paid or until the property is sold for taxes. Real estate bearing unpaid taxes is advertised for sale in July of each year and is sold to the County for taxes and all legal charges on the first Tuesday in September. Properties that are sold to the County and not redeemed by the delinquent taxpayer within two years after the tax sale are subject to foreclosure sale, except properties defined as "homesteads" under the Kansas Constitution, which are subject to sale after three years.

Personal property taxes are assessed, due and may be paid in the same manner as real estate taxes. Motor vehicle property taxes are based on valuations provided by the Kansas Department of Revenue and the county average tax rate for the county in which the vehicle is registered. Motor vehicle taxes are payable to the county treasurer at the time of the vehicle's annual registration. Vehicle registration dates are assigned by the State in a manner such as to equal registration over a twelve-month period. Motor vehicle taxes are distributed by the county to the state, city and other taxing jurisdictions based on their proportionate tax levies. Delinquent personal and motor vehicle taxes are penalized at the same rate as delinquent real property taxes.

If personal or motor vehicle taxes are not paid in full within approximately 30 days of their respective due dates, warrants are issued and placed in the hands of the Sheriff for collection. If taxes remain uncollected after a certain period, legal judgement is entered and the delinquent tax becomes a lien on all taxable tangible property of the delinquent taxpayer, except property defined as "homesteads" under the Kansas Constitution. Unenforced liens expire after five years.

Sales and Use Tax

The City of Leawood currently levies a one-cent local option sales and use tax on all applicable goods and services purchased or provided within city limits. In addition, voters approved a .125% sales tax in April 2000 for accelerated residential street and storm water improvements. This tax is in addition to a 0.975-cent countywide local option sales and use tax, and a 4.9-cent state sales and use tax. The County's tax includes a 0.125-cent bi-state sales and use tax approved by voters in 1997 to fund renovation of a historic railroad station in Kansas City, Missouri.

Total sales and use tax in the City is currently 7 cents, or 7.0% of cost. The State of Kansas is responsible for collection and distribution of all sales and use tax. Citywide local option taxes are distributed directly to the City each month. Countywide local option taxes are distributed monthly by the State to all incorporated cities within the County based on population and relative property tax levies. Statewide taxes are retained by the State and not distributed to local municipalities. The following table shows receipts for citywide and the City's portion of the countywide local option sales tax in recent years.

(1) In April 2000 voters in the City increased the citywide local option sales tax by .125%. The tax was implemented July 1, 2000 and the City began to receive collections from the added tax in September 2000.

(2) In 1995, voters in Johnson County approved an additional 0.25-cent countywide sales tax for the construction of a new jail facility. As part of an agreement with the county, the City has committed these funds to a road extension project in the City. The new revenue was offset by a corresponding decrease in county funding of the project that had been expected through a road construction assistance program.
Tax Levies

The City may levy taxes in accordance with the requirements of its adopted budget. The County Clerk determines property tax levies based on the assessed valuation provided by the appraiser and spreads the levies on the tax rolls. Property owners within the City pay taxes to either Unified School District No. 512 (Shawnee Mission) or Unified School District No. 229 (Blue Valley). In 2000, approximately 27% of the City's land area and 23.7% of its assessed valuation was located within the boundaries of Unified School District No. 512. The remaining areas of the City are all located within Unified School District No. 229. The following tables give the total tax levy for all taxing jurisdictions serving the City for the last five years. One mill equals $1 in taxes per $1,000 of assessed valuation.

Budgeting Procedures

Applicable Kansas statutes require that budgets be legally adopted for all funds (including debt service and enterprise funds) unless exempted by a specific statute. All budgets are prepared utilizing the modified accrual basis further modified by the encumbrance method of accounting. For example, commitments such as purchase orders and contracts, in addition to disbursements and accounts payable, are recorded as expenditures.

The statutes provide that the budget for the succeeding calendar year must be prepared on or before August 1 and published on or before August 5 of each year. A public hearing is required to be held on or before August 15, with the final budget being adopted on or before August 25 of each year. Supplemental appropriations and transfers among budget categories may modify original appropriations. The City Council must approve all significant changes from the adopted budget.

Kansas law prohibits cities and other governmental units from creating indebtedness unless there is money on hand in the proper fund and unencumbered by previous commitments with which to pay the indebtedness. The execution of a contract, or the issuing of a purchase order, automatically encumbers the money in the fund for the payment of the amount represented by the commitment. It makes no difference that the amount may not have to be paid until more moneys are in the fund or until the following year. An exception to this cash basis law is the issuance of debt in the form of bonds, notes, or warrants pursuant to statutory authority or referendum. In the event debt is issued, funds need not be on hand for future payments.

Appraisal and Assessment Procedures

The determination of appraised and assessed valuation and the collection of property taxes for all political subdivisions in the State of Kansas are the responsibility of the various counties. The Johnson County appraiser annually determines the appraised valuation of property located in the City. The appraiser's determination is based on a number of criteria established by Kansas statute. All property, with the exception of agricultural land, is appraised based on estimated fair market value. Agricultural property is appraised based on productivity value. Kansas statutes require that each parcel of real property be reviewed and inspected by the county appraiser once every four years for taxation purposes. Once appraised valuations have been determined, they are multiplied by the applicable statutory assessment rates to arrive at the assessed valuations. The total assessed valuation is then used to establish property tax rates.
**Property Assessment Rates**

In order to determine the assessed valuation of a parcel of property for taxation purposes, the county appraiser multiplies the appraised value of the parcel by the applicable assessment rate. Current property assessment rates were established in 1986, effective in 1989, and slightly modified in 1992. The most significant 1992 modifications involved lowering the assessment rate on commercial and industrial real property from 30% to 25% and on residential property from 12% to 11.5%. The following table shows the current assessment rates for the different classes of taxable tangible property within the State of Kansas.

| Property used for the following purposes, or portions thereof, are exempt from taxation provided certain statutory requirements are met: religious, educational, literary, scientific, benevolent, alumni associations, veterans' organizations, or charitable purposes, including parsonages and community service organizations providing humanitarian services.

(1) Agricultural land is valued based on the productivity value of the property and not estimated market valuation.

(2) A bill passed by the Kansas Legislature in 1994 clarified this class of property to include all property owned and operated by not-for-profit organizations not subject to federal income taxation pursuant to paragraphs (2), (3), (4), (7), (8), or (10) of Subsection C of Section 501 of the federal internal revenue code. This bill specifically established that private, not-for-profit country clubs would be assessed at 12% for all land that does not accommodate buildings or improvements.

(3) Effective January 1, 1996, the applicable assessment rates on motor vehicles was reduced from 30% of market value to 20% of market value over a five-year period in the following increments: 1996–28.5%; 1997–26.5%; 1998–4.5%; 1999–22.5%; and 2000–20.0%.

**Equalization Ratios**

Annually, the Property Valuation Division of the Kansas Department of Revenue conducts a study to compare the assessed valuation of real property to estimated market value based on property sale prices. The study derives an equalization ratio which, when divided into assessed valuation, provides a means to approximate actual market value. According to the 1999 Real Estate Assessment/Sales Ratio Study, in Johnson County the equalization ratio for residential real property has been set to 10.56%; vacant lots to 10.21%; agricultural land to 0.09%; and commercial and industrial real property to 22.13%.

LEGAL MATTERS

Legal matters incident to the authorization, issuance, and sale of the Bonds by the City and the tax-exempt status thereof are subject to the approval of Bryan Cave LLP, Kansas City, Missouri, Bond Counsel, whose approving opinion accompanies the Bonds. The opinion is to the effect that the Bonds are valid general obligations of the City and that, under existing laws and regulations, assuming continued compliance with the covenants contained in the Ordinance, the interest on the Bonds is exempt from federal income taxation, except with respect to certain taxpayers (see TAX EXEMPTION herein). The opinion is dated and given on and speaks only as of the date of original delivery of the Bonds. Bond Counsel has not participated in the preparation of this Official Statement except for the sections titled INTRODUCTORY STATEMENT, THE BONDS, LEGAL MATTERS, TAX EXEMPTION, ABSENCE OF MATERIAL LITIGATION, and CONTINUING DISCLOSURE.

TAX EXEMPTION

In the opinion of Bond Counsel, the interest on the Bonds (including any original issue discount properly allocable to the owners thereof), (a) is excluded from gross income for federal income tax purposes, and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion described in this paragraph is subject to the condition that the City comply with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the Bonds to be so included in gross income retroactive to the date of issuance of the Bonds. The City has covenanted to comply with all such requirements. Bond Counsel expresses no opinion regarding any other federal tax consequences arising with respect to the Bonds.

Interest on the Bonds is excludable from computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987, and the Bonds are exempt from intangible personal property taxes levied by Kansas counties, cities, or townships.

The Bonds have not been designated “qualified tax-exempt obligations” within the meaning of Section 265(b)(3) of the Code.

Original Issue Discount. In the opinion of Bond Counsel, subject to the conditions set forth above, the original issue discount in the selling price of the Bonds purchased in the original offering at a price less than the par amount thereof (collectively, the “OID Bonds”), to the extent properly allocable to each Owner of such OID Bond, is excludable from gross income for federal income tax purposes with respect to such Owner. Original issue discount is the excess of the stated redemption price at maturity of an OID Bond over the initial offering price to the public (excluding underwriters and intermediaries) at which price a substantial amount of the OID Bonds were sold. Under Section 1288 of the Code, original issue discount on tax-exempt bonds accrues on a compound basis. For an Owner who acquires an OID Bond in this offering, the amount of original issue discount that accrues during any accrual period generally equals (i) the issue price of such OID Bond plus the amount of original issue discount accrued in all prior accrual periods, multiplied by (ii) the yield to maturity on such OID Bond (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period), less (iii) any interest payable on such OID Bond during such accrual period. The amount of original issue discount so accrued in a particular accrual period will be considered to be received ratably on each day of the accrual period, will be excluded from gross income for federal income tax purposes, and will increase the Owner’s tax basis in such OID Bond. Any gain realized by an Owner from such sale, exchange, payment or redemption of an OID Bond would be treated as gain from the sale or exchange of such Bond. Owners of OID Bonds should consult with their individual tax advisors to determine whether the application of the proposed original issue discount federal regulations will require them to include, for State and local income tax purposes, an amount of interest on the OID Bonds as income even though no corresponding cash interest payment is actually received during the tax year.

Original Issue Premium. Certain of the Bonds are being sold at a premium to their stated value. The excess of the initial offering prices of the Bonds to the public (excluding bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) over the stated redemption price of such Bonds at maturity
will constitute original issue premium for federal income tax purposes. For federal income tax purposes, original issue premium on such Bonds will be amortized at a constant rate on a daily basis over the entire term of such Bonds. The amortization of original issue premium will reduce a bondholder’s basis in such Bonds for federal income tax purposes. Accordingly, bondholders may realize a taxable gain upon the disposition of a Bond prior to maturity even if the amount realized on the disposition was less than the price the bondholder originally paid for the Bond.

Prospective purchasers of the Bonds should be aware that (i) Section 265 of the Internal Revenue Code of 1986 (the "Code"), denies a deduction for interest on indebtedness incurred or continued to purchase or carry the Bonds or, in the case of a financial institution, that portion of a holder's interest expense allocated to interest on the Bonds, except with respect to certain financial institutions (within the meaning of Section 265(b)(5) of the Code), (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the Code, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the Bonds, (iii) interest on the Bonds earned by certain foreign corporations doing business in the United States could be subject to federal income taxation under Section 884 of the Code, (iv) Section 86 of the Code requires recipients of certain Social Security and certain Railroad Retirement benefits to take into account in determining gross income, receipts, or accruals of interest on the Bonds.

RATING

The City has applied to Moody's Investors Service for a rating on the Bonds. Any explanation of the significance of such rating may be obtained only from said rating agency. There is no assurance that the rating will remain for any given period of time or that it may not be lowered or withdrawn entirely by the rating service if, in its judgment, circumstances so warrant. Any such downward change in or withdrawal of the rating may have an adverse effect on the market price of the Bonds. Appropriate periodic credit information will be provided by the City to the rating agency rating the Bonds. The City’s other currently outstanding general obligation debt is also rated "Aa1" by Moody’s.

UNDERWRITING

The Bonds were purchased at public sale on ________, by ___________ (the “Successful Bidder”) at a price equal to __________, plus accrued interest to the date of closing.

ABSENCE OF MATERIAL LITIGATION

The Transcript of Proceedings will contain a certificate of non-litigation dated as of the closing date and executed by the City to the effect that there is no controversy, suit, or proceeding of any kind pending or, to the knowledge of the City, threatened wherein or whereby any question is raised, or may be raised, questioning, disputing, or affecting in any way the legal organization of the City or its boundaries or the legality of any official act shown to have been done regarding the issuance of the Bonds or the constitutionality or validity of the obligation represented by the Bonds or the means provided for the payment of the Bonds.

CONTINUING DISCLOSURE

The Securities and Exchange Commission (the "SEC") has promulgated amendments to Rule 15c2-12 (the “Rule”), requiring continuous secondary market disclosure for issues sold on or after July 3, 1995. In the Ordinance and the Continuing Disclosure Certificate, the City has covenanted to provide annually certain financial information and operating data and other information necessary to comply with the Rule, and to transmit the same or cause the same to be transmitted to certain national repositories, any state repository, and the Municipal Securities Rulemaking Board, as applicable. The City has always complied with its previous continuing disclosure
undertakings. This covenant is for the benefit of and is enforceable by the owners of the Bonds. See APPENDIX A for further details concerning continuing disclosure requirements. The City is in compliance with any prior continuing disclosure undertaking.

CERTIFICATION OF THIS OFFICIAL STATEMENT

The preparation and distribution of this Preliminary Official Statement has been authorized by the City. This Preliminary Official Statement is hereby duly approved by the governing body of the City and "deemed final", except for the omission of certain information as provided in Securities and Exchange Commission Rule 15c2-12 as of the date on the cover page hereof.

The following are my review comments for the Zipz project:

1. Because the developer has not elected to provide a grid of water mains and accompanying fire hydrants for the development, a private hydrant will be required.

The Bonds shall bear interest at the rates aforesaid (computed on the basis of a 360-day year composed of twelve 30-day months) from the Dated Date or from the most recent date to which interest has been paid or duly provided for, payable semiannually on each of the Interest Payment Dates to the persons in whose names the Bonds are registered on the books maintained by the Bond Registrar at the close of business on the Record Date with respect to such interest payment.
Section 204. **Designation of Paying Agent and Bond Registrar.** The State Treasurer of the State of Kansas in the City of Topeka, Kansas, is hereby designated as the City's paying agent for the payment of principal of, premium, if any, and interest on the Bonds and bond registrar with respect to the registration, transfer and exchange of Bonds.

The Mayor of the City and the City Clerk of the City are hereby authorized and empowered to execute on behalf of the City an agreement with the State Treasurer of the State of Kansas to act as Bond Registrar and Paying Agent for the Bonds.

Section 205. **Method and Place of Payment of Bonds.** The principal of, premium, if any, and interest on the Bonds shall be payable in lawful money of the United States of America by check or draft of the Paying Agent.

The principal of and premium, if any, on the Bonds shall be payable at the office of the Paying Agent upon presentation and surrender of such Bonds as they respectively become due.

The interest on the Bonds shall be payable to the order of the registered owners thereof mailed by the Paying Agent to the addresses of such registered owners as they appear on the registration books maintained by the Bond Registrar or at such other address provided in writing by such registered owner to the Bond Registrar prior to the Record Dates.

The Paying Agent and Bond Registrar shall keep in its office a record of payment of principal of, premium, if any, and interest on the Bonds.

Section 206. **Registration, Transfer and Exchange of Bonds.** The City covenants that it will, as long as any of the Bonds herein authorized remain outstanding, cause to be kept at the office of the Bond Registrar books for the registration, transfer and exchange of Bonds as herein provided.

Upon presentation of the necessary documents as hereinafter described, the Bond Registrar shall transfer or exchange any Bond(s) for new Bond(s) in an authorized denomination of the same maturity and for the same aggregate principal amount as the Bond(s) presented for transfer or exchange.

All Bonds presented for transfer or exchange shall be accompanied by a written instrument or instruments of transfer or authorization for exchange, in a form and with guarantee of signature satisfactory to the Bond Registrar, duly executed by the registered owner thereof or by the registered owner's duly authorized agent. In addition, all Bonds presented for transfer or exchange shall be surrendered to the Bond Registrar for cancellation.

Prior to delivery of the new Bond(s) to the transferee, the Bond Registrar shall register the same in the registration books kept by the Bond Registrar for such purpose and shall authenticate each Bond.

The City shall provide for the payment out of the Bond proceeds of the fees of the Bond Registrar for registration and transfer of the Bonds and the cost of printing a reasonable supply of
registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the Bond Registrar, are the responsibility of the bondowners.

The City, the Bond Registrar and the Paying Agent may deem and treat the person in whose name any Bond shall be registered as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and redemption premium, if any, and interest on said Bond and for all other purposes, and all such payments so made to any such registered owner or upon such registered owner’s order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the City nor the Bond Registrar nor the Paying Agent shall be affected by any notice to the contrary, but such registration may be changed as herein provided.

The Bond Registrar shall not be required to register, transfer or exchange Bonds for a period extending from the Record Date to the immediately following Interest Payment Date for the Bonds or to register, transfer or exchange any Bonds selected for redemption in whole or in part subsequent to the date notice of such redemption is given.

Section 207. Immobilization of Bonds by the Depository. (a) The Bonds shall be initially issued as separately authenticated fully registered bonds, and one Bond shall be issued in the principal amount of each stated maturity of the Bonds. Upon such initial issuance, the ownership of such Bonds shall be registered in the bond register in the name of Cede & Co., as nominee of the Depository. The Paying Agent and Bond Registrar and the City may treat the Depository (or its nominee) as the sole and exclusive owner of Bonds registered in its name for the purposes of payment of the principal or interest on the Bonds, selecting the Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to registered owners of Bonds under this Resolution, registering the transfer of Bonds, and for all other purposes whatsoever; and neither the Bond Registrar nor the City shall be affected by any notice to the contrary. Neither the Bond Registrar nor the City shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Bonds under or through the Depository or any Participant, with respect to the accuracy of the records maintained by the Depository or any Participant, with respect to the payment by the Depository or any Participant of any amount with respect to the principal or interest on the Bonds, with respect to any notice which is permitted or required to be given to owners of Bonds under this Resolution, with respect to the selection by the Depository or any Participant of any person to receive payment in the event of a partial redemption of the Bonds, or with respect to any consent given or other action taken by the Depository as registered owner of the Bonds. So long as any Bond issued hereunder is registered in the name of Cede & Co., as nominee of the Depository, the Bond Registrar shall pay all principal of and interest on such Bond, and shall give all notices with respect to such Bond, only to Cede & Co. in accordance with the Representation Letter, and all such payments shall be valid and effective to fully satisfy and discharge the City's obligations with respect to the principal of and interest on the Bonds to the extent of the sum or sums so paid. No person other than the Depository (or its duly authorized agent) shall receive an authenticated bond for any separate stated maturity evidencing the obligation of the City to make payments of principal and interest. Upon delivery by the Depository to the Bond Registrar of written notice to the effect that the Depository has determined to substitute a new nominee in
place of Cede & Co., the Bonds will be transferable to such new nominee in accordance with paragraph (d) below and Section 206 hereof.

(a) In the event the City determines that it is in the best interest of the Beneficial Owners that they be able to obtain definitive bond certificates, the City may notify the Depository and the Bond Registrar, whereupon the Depository shall notify the Participants of the availability through the Depository of such certificates. In such event, the Bonds will be transferable in accordance with paragraph (d) below and Section 206 hereof. The Depository may determine to discontinue providing its services with respect to the Bonds at any time by giving notice to the City and the Bond Registrar and discharging its responsibilities with respect thereto under applicable law. In such event the Bonds will be transferable in accordance with paragraph (d) below and Section 206 hereof.

(b) In the event the Depository resigns or is not longer qualified to act as a securities depository and registered clearing agency under the Securities and Exchange Act of 1934, as amended, the City may appoint a successor Depository provided the City receives written evidence, satisfactory to the City, with respect to the ability of the successor to the Depository to discharge its responsibilities. Any such successor Depository shall be a securities depository which is a registered clearing agency under the Securities and Exchange Act of 1934, as amended, or other applicable statute or regulation. The City, upon receipt of a book-entry Bond for cancellation shall cause the authorization and delivery of a book-entry Bond to the successor Depository in appropriate denominations and form as provided in this Resolution. If the City makes the determinations or receives notice as described in this Section 207 of this Resolution, the City shall cause the notices described in this Section 207 to be delivered and issue Bonds as described herein.

(c) In the event that any transfer or exchange of Bonds is permitted under paragraph (a) or (b) hereof, such transfer or exchange shall be accomplished upon receipt by the Bond Registrar of the Bonds to be transferred or exchanged and appropriate instruments of transfer to the permitted transferee in accordance with the provisions of Section 206 of this Resolution. In the event definitive bond certificates are issued to holders other than Cede & Co., its successor as nominee for the Depository as holder of all the Bonds, or another securities depository as holder of all the Bonds, the provisions of this Resolution shall also apply to all matters relating thereto, including, without limitation, the printing of such certificates and the method of payment of principal of and interest on such certificates.

(d) The Representation Letter attached as Exhibit B sets forth certain matters with respect to, among other things, notices, consents and approvals by registered owners of the Bonds and Beneficial Owners and payments on the Bonds. The Bond Registrar shall have the same rights with respect to its actions thereunder as it has with respect to its action under this Resolution.

Section 208. Surrender and Cancellation of Bonds. Whenever any outstanding Bond shall be delivered to the Bond Registrar for cancellation pursuant to this Resolution, upon payment of the principal amount thereof and interest thereon or for replacement pursuant to this
Resolution, such Bond shall be cancelled by the Bond Registrar and the cancelled Bond shall be returned to the City.

Section 209. Mutilated, Lost, Stolen or Destroyed Bonds. In the event any Bond is mutilated, lost, stolen or destroyed, the City may execute and the Bond Registrar may authenticate a new Bond of like date, maturity, denomination and interest rate as that mutilated, lost, stolen or destroyed; provided, however, that in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the City or the Bond Registrar, and, in the case of any lost, stolen or destroyed Bond there shall be first furnished to the Bond Registrar and the City evidence of such loss, theft or destruction and an indemnity satisfactory to them. In the event any such Bond shall have matured, instead of issuing a duplicate Bond, the City and Bond Registrar may pay the same without surrender thereof. The City and Bond Registrar may charge to the registered owner of such Bond their reasonable fees and expenses in connection with replacing such Bond or Bonds mutilated, stolen, lost or destroyed.

Section 210. Execution, Registration and Delivery of the Bonds. Each of the Bonds, including any Bonds issued in exchange or as substitutions for the Bonds initially delivered, shall be signed by the manual or facsimile signature of the Mayor of the City and attested by the manual or facsimile signature of the City Clerk and shall have the corporate seal of the City affixed thereto or imprinted thereon. In case any officer whose signature or facsimile thereof appears on any Bonds shall cease to be such officer before the delivery of the Bonds, such signature or facsimile thereof shall nevertheless be valid and sufficient for all purposes, the same as if such person had remained in office until delivery. Any Bond may be signed by such persons who at the actual time of the execution of such Bond shall be the proper officers to sign such Bond, although at the date of such Bond such persons may not have been such officers.

The Mayor of the City and the City Clerk are hereby authorized and directed to prepare and execute the Bonds in the manner hereinbefore specified, to cause the Bonds to be registered in the office of the City Clerk and the Office of the State Treasurer of the State of Kansas as provided by law, and, when duly executed and registered, to deliver the Bonds to or upon the order of the Underwriters, upon receipt by the City of the purchase price of the Bonds determined in accordance with the contract established by the acceptance of the proposal of the Underwriters by the City. The Mayor of the City and the City Clerk are also hereby further authorized to enter into an agreement with a depository trust company to have the executed, authenticated Bonds held in safe keeping prior to their delivery to the Underwriters.

The Bonds shall have endorsed thereon a Certificate of Authentication substantially in the form set forth in Exhibit A attached hereto, which shall be executed by the manual or facsimile signature of the Bond Registrar. No Bond shall be entitled to any security or benefit under the Ordinance nor shall it be valid or obligatory for any purpose unless and until such Certificate of Authentication shall have been duly executed by the Bond Registrar. Such executed Certificate of Authentication upon any Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered pursuant to the Ordinance and this Resolution. The Certificate of Authentication on any Bond shall be deemed to have been duly executed if signed by any authorized officer or employee of the Bond Registrar, but it shall not be necessary that the same
officer or employee sign the Certificate of Authentication on all of the Bonds that may be issued hereunder at any one time.

ARTICLE III

REDEMPTION

Section 301. Redemption of Bonds. The Bonds shall be subject to redemption prior to maturity only as provided in this Section 301.

(a) Optional Redemption. Bonds maturing on and after September 1, 2011, shall be subject to redemption and may be called for redemption and payment by the City prior to maturity on September 1, 2010, and thereafter, in whole on any date or in part on any Interest Payment Date at the redemption price of 100% of the principal amount thereof, plus accrued interest thereon to the date fixed for redemption, without premium.

In the case of a partial redemption of Bonds, the City may select Bonds of any particular maturity or maturities in such order and in such amounts as it shall determine in its sole discretion.

(b) Mandatory Redemption of Term Bonds. The Bonds bearing a stated maturity of September 1, 2021, shall be subject to mandatory redemption and payment prior to their stated maturity and shall be redeemed on September 1, 2020, at the redemption price of 100% of the principal amount so redeemed plus accrued interest thereon to the redemption date, without premium, in the following principal amounts:

<table>

<tr>

<th>Amount Redeemed</th>
</tr>
</thead>
<tbody>
<tr>
<td>September 1, 2020</td>
<td>$670,000</td>
</tr>
</tbody>
</table>

(leaving $700,000 principal amount of such Bonds to be paid at stated maturity on September 1, 2021).

The Paying Agent and Bond Registrar shall each year in which such Bonds are to be redeemed pursuant to the terms of this subparagraph (b) make timely selection of such Bonds or portions thereof to be so redeemed and shall give notice thereof as provided herein without further instructions from the City.

At the election and direction and instruction of the City, moneys deposited in the Principal and Interest Fund may be used at any time after September 1, 2019 to purchase Bonds maturing on September 1, 2021, in the open market at a price not in excess of 100% of the principal amount thereof and to pay interest accrued on such Bonds so purchased at the specified rate thereon to the date of purchase.

At its option, to be exercised on or before the forty-fifth day next preceding September 1, 2020, the City may: (i) deliver to the Paying Agent and Bond Registrar for cancellation Bonds having a stated maturity of September 1, 2021 in any aggregate principal amount desired, or (ii)
receive a credit in respect to the mandatory redemption obligation of the City under subparagraph (b) of this Section 301 for any Bonds having a stated maturity of September 1, 2021 which prior to such date have been purchased or redeemed (other than through the operation of the requirements of subparagraph (b) above) and canceled by the Paying Agent and Bond Registrar. Each Bond having a stated maturity of September 1, 2021 so delivered or previously purchased or redeemed as described in the immediately preceding sentence shall be credited at 100% of the principal amount thereof against the obligation of the City to redeem Bonds on the next succeeding mandatory redemption date pursuant to subparagraph (b) of this Section 301. If the City intends to exercise the option granted by clauses (i) or (ii) above, the City shall, on or before the forty-fifth day next preceding each September 1, 2020, furnish the Paying Agent and Bond Registrar a certificate signed by a duly authorized officer of the City indicating to what extent said clauses (i) and (ii) are to be complied with in respect to such mandatory redemption requirement.

Section 302. Notice of Redemption. In the event the City shall elect to redeem and pay any of the Bonds prior to the maturity thereof pursuant to subparagraph (a) of Section 301 hereof, the City shall give written notice of its intention to redeem and pay said Bonds on a specified date, the same being described by number, series and maturity, said notice to be mailed by prepaid United States registered or certified mail addressed to the Paying Agent and Bond Registrar, the Depository and the Underwriters, said notice to be mailed not less than 45 days prior to the redemption date.

The Paying Agent and Bond Registrar will send notice of redemption of Bonds to be redeemed pursuant to Section 301 hereof by first class mail to the registered owners of such Bonds as are to be redeemed, said notices to be mailed not less than 30 days prior to the date fixed for redemption.

Section 303. Selection of Bonds to Be Redeemed. Bonds shall be redeemed only in the principal amount of $5,000 or any integral multiple thereof. When less than all of the outstanding Bonds are to be redeemed and paid prior to maturity, the particular maturities of such Bonds to be redeemed shall be determined by the City in its sole discretion, Bonds of less than a full maturity to be selected by the Paying Agent and Bond Registrar by lot in $5,000 units of face value in such equitable manner as the Paying Agent and Bond Registrar may determine.

In the case of a partial redemption of Bonds by lot when Bonds of denominations greater than $5,000 are then outstanding, then for all purposes in connection with such redemption each $5,000 of face value shall be treated as though it were a separate Bond of the denomination of $5,000. If it is determined that one or more, but not all, of the $5,000 units of face value represented by any fully registered Bond is selected for redemption, then upon notice of intention to redeem such $5,000 unit or units, the owner of such fully registered Bond or the owner's duly authorized agent shall forthwith present and surrender such Bond to the Paying Agent and Bond Registrar (1) for payment of the redemption price (including the interest to the date fixed for redemption) of the $5,000 unit or units of face value called for redemption, and (2) for exchange, without charge to the owner thereof, for a new Bond or Bonds of the aggregate principal amount of the unredeemed portion of the principal amount of such fully registered Bond. If the owner of any such fully registered Bond of a denomination greater than $5,000 shall fail to present such
Bond to the Paying Agent and Bond Registrar for payment and exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the redemption date to the extent of the $5,000 unit or units of face value called for redemption (and to that extent only).

Section 304. Effect of Call for Redemption. Whenever any Bond is called for redemption and payment as provided in this Article, all interest on such Bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

**ARTICLE IV**

**FORM OF THE BONDS**

Section 401. Form of Bonds. The Bonds shall be printed in accordance with the format required by the Attorney General of the State of Kansas and shall contain information and recitals substantially as set forth in Exhibit A attached hereto or as may be required by the Attorney General pursuant to the Notice of Systems of Registration for Kansas Municipal Bonds, 2 Kan. Reg. 921 (1983) in accordance with the Kansas Bond Registration Law, K.S.A. 10-620 to 10-632, inclusive, as amended.

**ARTICLE V**

(b) Series 2001 Improvement Fund (the "Improvement Fund") and within the Improvement Fund a separate account for each of the Series 2001 Improvements.

Section 502. Administration of Funds. The Principal and Interest Account and the Improvement Fund established pursuant to the authority of Section 501 hereof shall be maintained and administered by the City solely for the purposes and in the manner as provided in this Resolution so long as any of the Bonds remain outstanding and unpaid.

**ARTICLE VI**

**APPLICATION OF BOND PROCEEDS**

Section 601. Disposition of Bond Proceeds and Other Moneys. The proceeds received from the sale of the Bonds, including any premium and accrued interest thereon, shall be deposited simultaneously with the delivery of the Bonds, as follows:
(a) There shall be deposited in the Principal and Interest Account any amount received on account of accrued interest on the Bonds.

(b) The entire remaining balance of the proceeds of the Bonds ($9,300,000) shall be deposited in the Improvement Fund.

Section 602. Application of Moneys in the Improvement Fund. Moneys in the Improvement Fund shall be separately accounted for and attributed to each of the individual Series 2001 Improvements and shall be used solely to pay the cost of such Series 2001 Improvements, which may include the retirement of temporary notes of the City previously issued to provide interim financing for the Series 2001 Improvements, and to pay costs of issuance of the Bonds. Upon completion of each of the Series 2001 Improvements and payment of all costs thereof, any moneys remaining in each respective account within the Improvement Fund shall be deposited into the Principal and Interest Account.

ARTICLE VII

PAYMENT OF BONDS

Section 701. Application of Moneys in the Principal and Interest Account. All amounts paid and credited to the Principal and Interest Account shall be expended and used by the City for the sole purpose of paying the principal of, premium, if any, and interest on the Bonds as and when the same become due and paying the usual and customary fees and expenses of the Paying Agent.

Section 702. Transfer of Funds to Paying Agent. The Treasurer of the City is hereby authorized and directed to withdraw from the Principal and Interest Account and transfer to the Paying Agent sums sufficient to pay the principal of and interest on the Bonds and the fees of the Paying Agent and Bond Registrar when the same become due. If, through lapse of time or otherwise, the owners of Bonds shall no longer be entitled to enforce payment of their obligations, it shall be the duty of the Paying Agent forthwith to return said funds to the City. All moneys deposited with the Paying Agent shall be deemed to be deposited in accordance with and subject to all of the provisions contained in this Ordinance.

Section 703. Surplus in Principal and Interest Account. Any moneys or investments remaining in the Principal and Interest Account after the retirement of the indebtedness for which the bonds were issued shall be transferred and paid into the Bond and Interest Fund of the City.

ARTICLE VIII

DEPOSITS AND INVESTMENTS OF FUNDS

Section 801. Deposits. Cash moneys in each of the funds and accounts created and established by this Resolution shall be deposited and secured in accordance with State law.

Section 802. Investments. Moneys held in the funds and accounts created or established in conjunction with the issuance of the Bonds may be invested by the City in
Authorized Investments in such amounts and maturing at such times as shall reasonably provide for moneys to be available when required in the accounts or funds; provided, however, that no such investment shall be made for a period extending longer than to the date when the moneys invested may be needed for the purpose for which such fund or account was created. All interest on any Authorized Investment held in any fund or account shall accrue to and become a part of such fund or account.

**ARTICLE IX**

**REMEDIES**

Section 901. Remedies. The provisions of the Resolution, including the covenants and agreements contained herein, shall constitute a contract between the City and the owners of the Bonds. The owner or owners of not less than 10% in principal amount of the Bonds at the time Outstanding shall have the right for the equal benefit and protection of all owners of Bonds similarly situated:

A. by mandamus or other suit, action or proceedings at law or in equity to enforce the rights of such owner or owners against the City and its officers, agents and employees, and to require and compel duties and obligations required by the provisions of the Resolution or by the Constitution and laws of the State;

B. by suit, action or other proceedings in equity or at law to require the City, its officers, agents and employees to account as if they were the trustees of an express trust; and

C. by suit, action or other proceedings in equity or at law to enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds.

Section 902. Limitation on Rights of Owners. The covenants and agreements of the City contained in this Resolution and in the Bonds shall be for the equal benefit, protection, and security of the owners of any or all of the Bonds, all of which Bonds shall be of equal rank and without preference or priority of one Bond over any other Bond in the application of the funds pledged to the payment of the principal of and the interest on the Bonds, or otherwise, except as to rate of interest, date of maturity and right of prior redemption as provided in this Resolution. No one or more owners secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security granted and provided for in this Resolution, or to enforce any right hereunder, except in the manner provided, and all proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of such Outstanding Bonds.

Section 903. Remedies Cumulative. No remedy conferred upon the owners is intended to be exclusive of any other remedy, but each such remedy shall be cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred. No waiver of any default or breach of duty or contract by the owner of any Bond shall extend to or affect any subsequent default or breach of duty or contract or shall
impair any rights or remedies thereon. No delay or omission of any owner to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence. Every substantive right and every remedy conferred upon the owners of the Bonds by this Resolution may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceedings taken by any owner on account of any default or to enforce any right or exercise any remedy shall have been discontinued or abandoned for any reason, or shall have been determined adversely to such owner, then, and in every such case, the City and the owners of the Bonds shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the owners shall continue as if no such suit, action or other proceedings had been brought or taken.

ARTICLE X

AMENDMENTS

Section 1001. Amendments. Except as set forth in this Resolution, the provisions of the Bonds and the provisions of the Resolution may be modified or amended at any time by the City with the written consent of the owners of not less than sixty-six and two-thirds percent (66 2/3 %) in aggregate principal amount of the Bonds authorized at the time Outstanding; provided, however, that no such modification or amendment shall permit or be construed as permitting:

A. the extension of the maturity of the principal of any of the Bonds, or the extension of the maturity of any interest on any of the Bonds; or

B. a reduction in the principal amount of any of the Bonds or the rate of interest; or

C. a reduction in the aggregate principal amount of the Bonds, the consent of 100% of the Owners of which is required for any such amendment or modification. The City may from time to time, without the consent of or notice to any of the owners, provide for amendment to the Bonds or the Resolution, for any one or more of the following purposes:

(1) To cure any ambiguity or formal defect or omission in the Resolution or to make any other change not prejudicial to the owners;

(2) To grant to or confer upon the owners any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the owners;

(3) To conform the Resolution to the Code or future applicable federal law concerning tax-exempt obligations;

(4) To more precisely identify the Series 2001 Improvements.
Section 1002. Written Evidence of Amendments. Every amendment or modification of a provision of the Bonds or of the Resolution to which the written consent of the owners is given as above provided shall be expressed in a resolution of the City amending or supplementing the provisions of the Resolution and shall be deemed to be a part of the Resolution. It shall not be necessary to note on any of the Outstanding Bonds any reference to such amendment or modification, if any. A certified copy of every such amendatory or supplemental resolution, if any, and a certified copy of the Resolution shall always be kept on file in the office of the City Clerk and shall be made available for inspection by the owners of any Bond or prospective purchaser or owners of any Bond authorized by the Resolution, and upon payment of the reasonable cost of preparing the same, a certified copy of any such amendatory or supplemental resolution or of the Resolution will be sent by the City Clerk to any such owner or prospective owner.

ARTICLE XI

DEFEASANCE

Section 1101. Defeasance. When all or any part of the Bonds or scheduled interest payments shall have been paid and discharged, then the requirements contained and the pledge of the City’s faith and credit and all other rights granted shall cease and determine. Bonds or scheduled interest payments shall be deemed to have been paid and discharged within the meaning of the Resolution if there shall have been deposited with the Paying Agent or a bank located in the State and having full trust powers, at or prior to the stated maturity or redemption date of the Bonds, in trust for and irrevocably appropriated, moneys and/or United States Government Obligations, or other investments allowed by State law which, together with the interest to be earned on such United States Government Obligations, will be sufficient for the payment of the principal of the Bonds, the redemption premium thereon, if any there be, and/or interest accrued to the stated maturity or redemption date, as the case may be, or if default in such payment shall have occurred on such date, then to the date of the tender of such payments, provided, however that if any such Bonds shall be redeemed prior to their stated maturity (a) the City has elected to redeem such Bonds and (b) either notice of such redemption has been given or the City has given irrevocable instructions, or shall have provided an escrow agent to give irrevocable instructions to the Paying Agent to give such notice of redemption in compliance with Article III of this Resolution. Any moneys and United States Government Obligations which at any time shall be deposited with the Paying Agent or such bank by or on behalf of the City, for the purpose of paying and discharging any of the Bonds shall be and are assigned, transferred and set over to the Paying Agent or such bank in trust for the respective owners of the Bonds, and such moneys shall be and are irrevocably appropriated to the payment and discharge. All moneys and United States Government Obligations deposited with the Paying Agent or such bank shall be deemed to be deposited in accordance with and subject to all of the provisions contained in the Resolution.
ARTICLE XII
TAX COVENANTS

Section 1201. General Covenants.

A. The City covenants and agrees as follows:

(1) it will comply with all applicable provisions of the Code, including Sections 103 and 141 through 150, necessary to maintain the exclusion from gross income for federal income tax purposes of the interest on the Bonds and

(2) it will not use or permit the use of any proceeds of Bonds or any other funds of the City not take or permit any other action, or fail to take any action, if any such action or failure to take action would adversely affect the exclusion from gross income of the interest on the Bonds. The City will, in addition, adopt such other ordinances or resolutions and take such other actions as may be necessary to comply with the Code and with all other applicable future laws, regulations, published rulings and judicial decisions, in order to ensure that the interest on the Bonds will remain excluded from federal gross income, to the extent any such actions can be taken by the City.

B. The City further covenants and agrees that:

(1) it will comply with all requirements of Section 148 of the Code to the extent applicable to the Bonds,

(2) it will use the proceeds of the Bonds as soon as practicable and with all reasonable dispatch for the purposes for which the Bonds are issued; and

(3) it will not invest or directly or indirectly use or permit the use of any proceeds of the Bonds or any other funds of the City in any manner, or take or omit to take any action, that would cause the Bonds to be “arbitrage bonds” within the meaning of Section 148(a) of the Code.

C. The City covenants and agrees that it will not use any portion of the proceeds of the Bonds, including any investment income earned on such proceeds, directly or indirectly, in a manner that would cause any Bond to be a “private activity bond” within the meaning of Section 141(a) of the Code.

Section 1202. Survival of Covenants. The covenants contained in this Article shall remain in full force and effect notwithstanding the defeasance of the Bonds pursuant to Article XI or any other provision of this Resolution until the final maturity date of all Bonds Outstanding.
ARTICLE XIII

MISCELLANEOUS PROVISIONS

Section 1304. Sale of Bonds to the Underwriters; Approval of Official Statement. The sale of the Bonds to the Underwriters at a purchase price of 100% of the principal amount of the Bonds and accrued interest thereon to the date of delivery thereof to the Underwriters in accordance with the proposal submitted by them for the Bonds is hereby ratified and approved.

Distribution of the final Official Statement relating to the Bonds in substantially the form presented to the Governing Body of the City and the use thereof by the Underwriters of the Bonds is hereby approved, and the Mayor of the City and the City Clerk are hereby authorized to execute such Official Statement on behalf of the City, with such corrections, omissions, insertions or changes as they may approve.

Section 1305. Continuing Disclosure. Attention: Underwriting Department — Eligibility
The Depository Trust Company

Ladies and Gentlemen:

This letter sets forth our understanding with respect to all issues (the “Securities”) that Issuer shall request be made eligible for deposit by The Depository Trust Company (“DTC”).

To induce DTC to accept the Securities as eligible for deposit at DTC, and to act in accordance with DTC’s Rules with respect to the Securities, Issuer represents to DTC that Issuer will comply with the requirements stated in DTC’s Operational Arrangements, as they may be amended from time to time.

Note:
Schedule A contains statements that DTC believes accurately describe DTC, the method of effecting book-entry transfers of securities distributed through DTC, and certain related matters.

Very truly yours,

City of Leawood

DESCRIBING BOOK-ENTRY-ONLY ISSUANCE
(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $200 million, one certificate will be issued with respect to each $200 million of principal amount and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions; such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.
5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

[6. Redemption notices shall be sent to Cede & Co. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. will consent or vote with respect to Securities. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Principal and interest payments on the Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer or the Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to the [Tender/Remarking] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to the [Tender/Remarking] Agent. The requirement for physical delivery of Securities in connection with a demand for purchase or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records.]

10. DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the Issuer or the Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

11. The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Re: Final Plan
Lot 3 - Plaza Point, Case No. 39-01

The Public Works Department has reviewed the preliminary site plan for the referenced project and would like to make the following comments made part of the approval process.

- Provide spot elevations along the top of curbs on the grading plan to clarify how the curbs are to be constructed and how storm water will be intercepted.
- Clarify on the plans how the contractor is to construct a wall in place of the inlet at the existing curb inlet.
- Clarify the drainage area and how the runoff is going to drain to the existing curb inlet located in the southwest corner of Lot 3.
- Provide a drain or area inlet along west side of the Office Building per the original storm drainage system design.
- Indicate on the plans that under drains or downspouts from roof drainage shall tie into drainage structures.
- Plans shall indicate that erosion control will be provided around all inlets. Also need to provide a detail for the proposed inlet protection.
- Add a general note that all erosion control shall conform to the requirements of the City of Leawood Stormwater Management Ordinance and “Protecting Water Quality”.

The extent of the proposed Improvement District to be assessed is all property within the Improvement District, except as is hereinafter specifically excluded. The residential lots in Greenbrier Subdivision in the City of Leawood that are located on the north side of 133rd Street across from Tract 2 owned by Covenant Chapel Evangelical Presbyterian Church will not be assessed. The portion of the assessment that would otherwise be made to said residential tracts shall be determined and assessed to Tract 2 for the reason that the owners or developers of said residential lots have previously constructed and paid for a proportionate share of 133rd Street and said Covenant Chapel Evangelical Presbyterian Church has not heretofore paid or been assessed for the cost of construction of said 133rd Street heretofore completed. Said Covenant Chapel Evangelical Presbyterian Church has agreed to pay for full cost of construction of proposed 133rd Street as it abuts said church property and said residential lots so as to pay its proportionate share of the cost of construction of 133rd Street.

SECTION FIVE: Section Five of Resolution No. 1525 is hereby amended and restated as follows:

The method of assessment of the share of costs apportioned to the Improvement District shall be as follows:
The proposed method of assessment is to assess all properties that are included within the district a fractional portion of the cost of the improvement. The fractional portion of the cost of the improvement to be assessed to individual properties shall be determined by the City in the following manner. The fractional portion of the cost of the improvement to be assessed to an individual property shall be computed by dividing the lineal footage of the portion of the improvement abutting the property subject to assessment by the total lineal footage of the improvement as constructed. The City shall use the final plans for the improvement to determine the total lineal footage of the improvement and the fractional portions to be assessed to individual tracts within the improvement district. The estimated percentages for the properties to be assessed as determined from preliminary plans for the improvements are as follows:

PURSUANT TO
K.S.A. § 12-6a01 et seq.

TO THE GOVERNING BODY OF THE CITY OF LEAWOOD, KANSAS, as an amendment to the petition for benefit district approved by Resolution No. 1525:

A. GENERAL NATURE OF PROPOSED IMPROVEMENT
The undersigned, being owners of record of property liable for assessment for the following proposed improvement hereby propose that such improvement be made in the manner provided by Article 6a, Chapter 12 of the Kansas Statutes Annotated, as amended:

Construction of 133rd Street, also known as the 135th Street Corridor North Reverse Frontage Road, from the intersection of said street with Mission Road to the intersection of said street with State Line Road, a distance of approximately 6,755 feet. The foregoing distance is exclusive of existing right-of-way on Mission Road, and State Line Road, as well as the portion of 133rd Street that has been constructed to date. The street will be constructed as a two-lane collector street in accordance with standards established and approved by the City of Leawood. The entire project, from Mission Road to State Line will generally consist of construction of a two lane undivided roadway constructed with concrete curb and gutter, asphalt pavement, storm drainage, pedestrian walkways or bikeways, street lighting, traffic signals, appropriate landscaping and such other appurtenances as are required pursuant to the final plans approved by the City of Leawood. The general alignment of the street shall be depicted in the drawing attached hereto as Exhibit “A.” The final alignment of the street to be constructed shall be according to final plans to be approved by the City after consulting with the petitioners and other property owners named in this Amended Petition. The street must be constructed from Mission Road to State Line but may be built in phases as determined by the Governing Body.

B. ESTIMATED AND PROBABLE COST
The estimated or probable cost of the improvement, exclusive of any costs associated with acquiring right-of-way and easements necessary for construction of the proposed improvement is Three Million Two Hundred Forty-Nine Thousand Dollars [$3,249,000].

C. BOUNDARIES OF PROPOSED IMPROVEMENT DISTRICT

The fractional portion of the cost of the improvement to be assessed to individual properties shall be determined by the City in the following manner. The fractional portion of the cost of the improvement to be assessed to an individual property shall be computed by dividing the lineal footage of the portion of the improvement constructed on the property to be assessed by the total lineal footage of the improvement as constructed, excluding the portion fronting along those properties expressly excluded from assessment. For purposes of this paragraph, the cost of the improvement shall not include the cost of right of way acquisition, if any. The cost of acquiring necessary right of way and easements shall be assessed only to those properties that have not voluntarily conveyed necessary right-of-way without cost to the City. The City shall use the final plans for the improvement to determine the total lineal footage of the improvement and the lineal footage of the portion of the project to be constructed on each tract within the improvement district. The estimated percentages for the properties to be assessed as determined from preliminary plans for the improvements are as follows:

In the event that any property owner within the District does not voluntarily provide the right-of-way and easements necessary for construction of the improvement across their property, then the portion of the cost of acquiring right-of-way from said property owner shall be assessed to said non-providing property owner in addition to the assessment determined in the manner established by
paragraph “E. PROPOSED METHOD OF ASSESSMENT”. It is the intent of this paragraph that all properties within the district should share proportionately in the cost of acquiring right-of-way and easements necessary for construction of the improvement and that, as to this proposed improvement district, it would not be equitable to assess any portion of the cost of acquiring right-of-way to those properties and owners that have voluntarily and without cost to the City conveyed right-of-way and easements necessary for the construction of the improvement.

H. CREDIT FOR CONSTRUCTION AND AGREEMENTS WITH OWNERS
Additionally, in the event that the City in administering the improvement district approves an agreement with an owner or owners of property within the district to construct a portion of the improvement according to plans and specifications acceptable to the City, such property owner shall be entitled to a credit against said owners assessment for work so performed. The credit against assessment awarded to any property owner for construction pursuant to this paragraph shall be based on the lineal portion of the project and related improvements that are constructed by such property owner upon their property within the District. Additionally, the City may contract with an owner or owners to construct any portion of the improvement. Any work done by any owner or contractor shall be done according to plans and specifications established by the City.

I. REQUEST THAT IMPROVEMENT BE MADE WITHOUT NOTICE AND HEARING
The undersigned further proposes that such improvements be made without notice and hearing as required by K.S.A. 12-6a04(a), as amended.

No name may be withdrawn from this Petition after the Governing Body commences consideration of the Petition or no later than seven [7] days after this Petition has been filed with the City Clerk [K.S.A. 12-6a04].

Respectfully submitted,

Re: Leawood Market Center, Case No. 09-01

The Public Works Department has reviewed the preliminary submittals for the referenced project and would like to make the following stipulations part of the approval process:

- All public improvements shall be designed and constructed in accordance with the City of Leawood Public Works Department Public Improvement Construction Standards (Revised March 2001) and the City's Stormwater Management Ordinance (Ordinance No. 1839 C).

- All public improvements to be completed as part of the development will require a permit from the Public Works Department. The building permit for the on-site improvements will not be issued by the Building Official, and the plat will not be released for recording until all permits from Public Works Department have been obtained by the Contractor and all other platting requirements have been met.

137th Street:
Planning Commissioner Henderson requested Public Works to review the location of future 137th Street and where it would connect with Kenneth Road. The original plan for the frontage roads (133rd Street and 137th Street) was prepared by HNTB in the 1980's. The plan indicated that 137th Street would terminate at Kenneth Road midway between 135th Street and Kenneth Parkway. Public Works has worked with Bucher, Willis & Ratliff and determined that relocating 137th Street to connect directly to Kenneth Parkway, at the current intersection of Kenneth Road and Kenneth Parkway, is a better option for traffic flow since 137th Street will carry more traffic than Kenneth Road (see enclosed drawing). This would require the removal of 700 lf of Kenneth Road and reconstructing a portion of Kenneth Road to connect to the proposed 137th Street. The realignment of Kenneth Road and 137th Street should be completed when 137th Street is constructed to the west and these improvements should be paid for by the developer. The current alignment of Kenneth Road functions as needed for this development.

Storm Drainage Study:
Attached are my comments addressed to the engineers that submitted the report.

Traffic Study:
Attached are the comments from Bucher, Willis & Ratliff. The traffic study will need to be updated to reflect their comments and to reflect the changes in the site plan submitted October 17, 2001.

1. Area of influence is equal to area of the cut plus 2.5 feet on each side (expressed in square yds).

2. Depreciation rates are based on a 40-year design standard. Depreciation for the first 5-years is 1% per year, followed by a straight line depreciation less 15% for the remaining street design standard (35 years). Depreciation can occur at 1% per year after this time for up to 15 years or street reconstruction, whichever comes first. This reflects the consensus of the Committee that streets retain some value beyond their design standards or expected street life.

3. Cost estimates are based on historical data maintained by Leawood's Department of Public Works.

MASTER LEASE-PURCHASE AGREEMENT

Dated as of 11/19/01

This Master Lease-Purchase Agreement together with all addenda, riders and attachments hereto, as the same may from time to time be amended, modified or supplemented ("Master Lease") is made and entered by and between Information Leasing Corporation ("Lessor") and the lessee identified below ("Lessee").

LESSEE: City of Leawood

1. LEASE OF EQUIPMENT. Subject to the terms and conditions of this Master Lease, Lessor agrees to lease to Lessee, and Lessee agrees to lease from Lessor, all Equipment described in each Schedule signed from time to time by Lessee and Lessor.

2. CERTAIN DEFINITIONS. All terms defined in the Lease are equally applicable to both the singular and plural form of such terms. (a) "Schedule" means each Lease Schedule signed and delivered by Lessee and Lessor, together with all addenda, riders, attachments, certificates and exhibits thereto, as the same may from time to time be amended, modified or supplemented. Lessee and Lessor agree that each Schedule (except as expressly provided in said Schedule) incorporates by reference all of the terms and conditions of the Master Lease. (b) "Lease" means each Schedule and this Master Lease as incorporated into said Schedule. (c) "Equipment" means the property described in each Schedule, together with all attachments, additions, accessions, parts, repairs, improvements, replacements and substitutions thereto. (d) "Lien" means any security interest, lien, mortgage, pledge, encumbrance, judgment, execution, attachment, warrant, writ, levy, other judicial process or claim of any nature whatsoever by or of any person.

3. LEASE TERM. The term of the lease of the Equipment described in each Lease ("Lease Term") commences on the first date any of such Equipment is accepted by Lessee pursuant to Section 5 hereof and, unless earlier terminated as expressly provided in the Lease, continues until Lessee's payment and performance in full of all of Lessee's obligations under the Lease.

4. RENT PAYMENTS.

4.1 For each Lease, Lessee agrees to pay to Lessor the rent payments in the amounts and at the times as set forth in the Payment Schedule attached to the Schedule ("Rent Payments"). A portion of each Rent Payment is paid as and represents the payment of interest as set forth in the Payment Schedule. Rent Payments will be payable for the Lease Term in U.S. dollars, without notice or demand at the office of Lessor (or such other place as Lessor may designate from time to time in writing).

4.2 If Lessor receives any payment from Lessee later than ten (10) days from the due date, Lessee shall pay Lessor on demand as a late charge five per cent (5%) of such overdue amount, limited, however, to the maximum amount allowed by law.

4.3 EXCEPT AS SPECIFICALLY PROVIDED IN SECTION 5 HEREOF OR IN ANY WRITTEN MODIFICATION TO THE LEASE SIGNED BY LESSOR, THE OBLIGATION TO PAY RENT PAYMENTS UNDER EACH LEASE SHALL BE ABSOLUTE AND UNCONDITIONAL, IN ALL EVENTS AND SHALL NOT BE SUBJECT TO ANY SETOFF, DEFENSE, COUNTERCLAIM, ABATEMENT OR RECOUPMENT FOR ANY REASON WHATSOEVER.

5. DELIVERY; ACCEPTANCE; FUNDING CONDITIONS.

5.1 Lessee shall arrange for the transportation, delivery and installation of all Equipment to the location specified in the Schedule ("Location") by Equipment suppliers ("Suppliers") selected by Lessee. Lessee shall pay all costs related thereto unless Lessor otherwise agrees to pay such costs as stated in the Schedule.

5.2 Lessee shall accept Equipment as soon as it has been delivered and is operational, as further defined in the Lease Schedule. Lessee shall evidence its acceptance of any Equipment by signing and delivering to Lessor the applicable Schedule. If Lessee signs and delivers a Schedule and if all Funding Conditions have been satisfied in full, then Lessor will pay or cause to be paid the costs of such Equipment as stated in the Schedule ("Purchase Price") to the applicable Supplier.
5.3 Lessor shall have no obligation to pay any Purchase Price unless all reasonable conditions established by Lessor ("Funding Conditions") have been satisfied, including, without limitation, the following: (a) Lessee has signed and delivered the Schedule and its Payment Schedule; (b) no Event of Default shall have occurred and be continuing; (c) no material adverse change shall have occurred in the Internal Revenue Code of 1986, as amended, and the related regulations and rulings thereunder (collectively, the "Code"); (d) no material adverse change shall have occurred in the financial condition of Lessee or any Supplier; (e) the Equipment is reasonably satisfactory to Lessor and is free and clear of any Liens (except Lessor's Liens); (f) all representations of Lessee in the Lease remain true, accurate and complete; and (g) Lessor has received all of the following documents, which shall be reasonably satisfactory, in form and substance, to Lessor: (1) evidence of insurance coverage required by the Lease, (2) an opinion of Lessee's counsel; (3) reasonably detailed invoices for the Equipment; (4) Uniform Commercial Code (UCC) financing statements; (5) copies of resolutions by Lessee's governing body authorizing the Lease and incumbency certificates for the person(s) who will sign the Lease; (6) such documents and certificates relating to the tax-exempt interest payable under the Lease (including, without limitation, IRS Form 8038G or 8038GC as Lessor may request; and (7) such other documents and information previously identified by Lessor or otherwise reasonably requested by Lessor.

6. TERMINATION FOR GOVERNMENTAL NON-APPROPRIATIONS.

6.1 For each Lease, Lessee represents and warrants that it has appropriated and budgeted the necessary funds to make all Rent Payments required pursuant to such Lease for the remainder of the fiscal year in which the Lease Term commences; and that it intends to make Rent Payments for the full Lease Term as scheduled on the applicable Payment Schedule so long as funds are appropriated in each fiscal year by its governing body. Lessor reasonably believes that monies in an amount sufficient to make all Rent Payments can and will lawfully be appropriated and made available therefor. All Rent Payments shall be payable out of the general funds of Lessee or out of other funds legally available therefor. Lessor agrees that the Leases will not be general obligations of Lessee and that the Leases shall not constitute pledges of either the full faith and credit of Lessee or the taxing power of Lessee.

6.2 If Lessee's governing body fails to appropriate sufficient funds in any fiscal year for Rent Payments or other payments due under a Lease and if other funds are not available for such payments, then a "Non-Appropriation Event" shall be deemed to have occurred. If a Non-Appropriation Event occurs, then: (a) Lessee shall give Lessor immediate notice of such Non-Appropriation Event and provide written evidence of such failure by Lessee's governing body; (b) on the Return Date, Lessee shall return to Lessor all, but not less than all, of the Equipment covered by the affected Lease, at Lessee's sole expense, in accordance with Section 21 hereof; and (c) the affected Lease shall terminate on the Return Date without penalty or expense to Lessee, provided, that Lessee shall pay all Rent Payments and other amounts payable under the affected Lease for which funds shall have been appropriated or are otherwise available, provided further, that Lessee shall pay month-to-month rent at the rate set forth in the affected Lease for each month or part thereof that Lessee fails to return the Equipment under this Section 6.2. "Return Date" means the last day of the fiscal year for which appropriations were made for the Rent Payments due under a Lease.

6.3 If a Non-Appropriation Event occurs, then, during the twelve month period following the Return Date, Lessee agrees not to acquire (by purchase, lease or otherwise) replacement equipment which is functionally similar to the equipment covered by such terminated Lease, or to appropriate funds for the acquisition of such replacement equipment. Notwithstanding the foregoing of this Section 6.3, the restrictions of this section 6.3 shall automatically and without further action of the parties be ineffective and be deleted: (a) from any terminated Lease if the net proceeds of the sale of the returned Equipment is sufficient to pay the Termination Value of the equipment as of the Return Date; or (b) from any Lease if the application of the restrictions in this section 6.3 would not be permitted by then applicable law or would cause such Lease to be invalid or unenforceable in any material respect.

7. LIMITATION ON WARRANTIES. LESSOR MAKES NO WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, AS TO ANY MATTER WHATSOEVER, INCLUDING, WITHOUT LIMITATION, AS TO THE MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF ANY OF THE EQUIPMENT OR AS TO THE VALUE, DESIGN, CONDITION, USE, CAPACITY OR DURABILITY OF ANY OF THE EQUIPMENT. For and during the Lease Term, Lessor hereby assigns to Lessee any manufacturer's or Supplier's product warranties, express or implied, applicable to any Equipment and Lessor authorizes Lessee to obtain the customary services furnished in connection with such warranties at Lessee's sole expense. Lessee agrees that (a) all Equipment will have been purchased by Lessor in accordance with Lessee's specifications from Suppliers selected by Lessee, (b) Lessor is not a manufacturer or dealer of any Equipment and has no liability for the delivery or installation of any Equipment, (c) Lessor assumes no obligation with respect to any manufacturer's or Supplier's product warranties or guaranties, (d) no manufacturer or Supplier or any representative of said parties is an agent of Lessor.

MLD 01 (4/26/98)
and (e) any warranty, representation, guaranty or agreement made by any manufacturer or Supplier or any representative of said parties shall not be binding upon Lessor.

8. TITLE; SECURITY INTEREST.

8.1 Upon Lessee's acceptance of any Equipment under its Lease, title to the Equipment shall vest in Lessee, subject to Lessor's security interest therein and all of Lessor's other rights under such Lease including, without limitation, Sections 6, 20 and 21 hereof.

8.2 As collateral security for the Secured Obligations, Lessee hereby grants to Lessor a first priority security interest in any and all of the Equipment (now existing or hereafter acquired) and any and all proceeds thereof. Lessee agrees to execute and deliver to Lessor all necessary documents to evidence and perfect such security interest, including, without limitation, uniform commercial code (UCC) financing statements and any amendments thereto.

8.3 "Secured Obligations" means Lessee's obligations to pay all Rent Payments and all other amounts due and payable under all present and future Leases and to perform and observe all covenants, agreements and conditions (direct or indirect, absolute or contingent, due or to become due, or existing or hereafter arising) of Lessee under all present and future Leases.

9. PERSONAL PROPERTY. All Equipment is and will remain personal property and will not be deemed to be affixed or attached to real estate or any building thereon.

10. MAINTENANCE AND OPERATION. Lessee agrees it shall, at its sole expense: (a) repair and maintain all Equipment in good condition and working order and supply and install all replacement parts or other devices when required to so maintain the Equipment or when required by applicable law or regulation, which parts or devices shall automatically become part of the Equipment; and (b) use and operate all Equipment in a careful manner in the normal course of its operations and only for the purposes for which it was designed in accordance with the manufacturer's warranty requirements, and comply with all laws and regulations relating to the Equipment. If any Equipment is customarily covered by a maintenance agreement, Lessee will furnish Lessor with a maintenance agreement by a party reasonably satisfactory to Lessor. No maintenance or other service for any Equipment will be provided by Lessor. Lessee will not make any alterations, additions or improvements ("improvements") to any Equipment without Lessor's prior written consent unless the improvements may be readily removed without damage to the operation, value or utility of such Equipment, but any such Improvements not removed prior to the termination of the applicable Lease shall automatically become part of the Equipment.

11. LOCATION; INSPECTION. Equipment will not be removed from, or if Equipment is rolling stock its permanent base will not be changed from, the Location without Lessor's prior written consent which will not be unreasonably withheld. Upon reasonable notice to Lessee, Lessor may enter the Location or elsewhere during normal business hours to inspect the Equipment.

12. LIENS, SUBLEASES AND TAXES.

12.1 Lessee shall keep all Equipment free and clear of all Liens except those Liens created under its Lease. Lessee shall not sublet or lend any Equipment or permit it to be used by anyone other than Lessee or Lessee's employees.

12.2 Lessee shall pay when due all Taxes which may now or hereafter be imposed upon any Equipment or its ownership, leasing, rental, sale, purchase, possession or use, upon any Lease or upon any Rent Payments or any other payments due under any Lease. If Lessee fails to pay such Taxes when due, Lessor shall have the right, but not the obligation, to pay such Taxes. If Lessor pays any such Taxes, then Lessee shall, upon demand, immediately reimburse Lessor therefor. "Taxes" means present and future taxes, levies, duties, assessments or other governmental charges that are not based on the net income of Lessor, whether they are assessed to or payable by Lessee or Lessor, including, without limitation (a) sales, use, excise, licensing, registration, titling, gross receipts, stamp and personal property taxes, and (b) interest, penalties or fines on any of the foregoing.

13. RISK OF LOSS.

13.1 Lessee bears the entire risk of loss, theft, damage or destruction of any Equipment in whole or in part from any reason whatsoever ("Casualty Loss"). No Casualty Loss to any Equipment shall relieve Lessee from the obligation to make any
Rent Payments or to perform any other obligation under any Lease. Proceeds of any insurance recovery will be applied to Lessee's obligations under this Section 13.

13.2 If a Casualty Loss occurs to any Equipment, Lessee shall immediately notify Lessor of the same and Lessee shall, unless otherwise directed by Lessor, immediately repair the same.

13.3 If Lessor determines that any item of Equipment has suffered a Casualty Loss beyond repair ("Lost Equipment"), then Lessee shall either: (a) immediately replace the Lost Equipment with similar equipment in good repair, condition and working order free and clear of any Liens (except Lessor's Liens) and deliver to Lessor a bill of sale covering the replacement equipment, in which event such replacement equipment shall automatically be Equipment under the applicable Lease; or (b) on the next scheduled Rent Payment date, pay Lessor (i) all amounts owed by Lessee under the applicable Lease, including the Rent Payment due on such date plus (ii) an amount equal to the applicable Termination Value set forth in the Payment Schedule to the applicable Lease. If Lessee is making such payment with respect to less than all of the Equipment under a Lease, then Lessee shall provide Lessee with the pro rata amount of the Rent Payment and Termination Value to be paid by Lessee with respect to the Lost Equipment.

13.4 Lessee shall bear the risk of loss for, shall pay directly, and shall defend against any and all claims, liabilities, proceedings, actions, expenses (including reasonable attorney's fees), damages or losses arising under or related to any Equipment, including, but not limited to, the possession, ownership, lease, use or operation thereof. These obligations of Lessee shall survive any expiration or termination of any Lease. Lessee shall not bear the risk of loss of, nor pay for, any claims, liabilities, proceedings, actions, expenses (including attorney's fees), damages or losses which arise directly from events occurring after any Equipment has been returned by Lessee to Lessor in accordance with the terms of the applicable Lease or which arise directly from the gross negligence or willful misconduct of Lessor.

14. INSURANCE.

14.1 (a) Lessee at its sole expense shall at all times keep all Equipment insured against all risks of loss or damage from every cause whatsoever for an amount not less than the Termination Value of the Equipment. Proceeds of any such insurance covering damage or loss of any Equipment shall be payable to Lessor as loss payee. (b) Lessee at its sole expense shall at all times cause public liability and property damage insurance in amounts reasonably satisfactory to Lessor protecting Lessee and Lessor from liabilities for injuries to persons and damage to property of others relating in any way to any Equipment. Proceeds of any such public liability or property insurance shall be payable first to Lessor as additional insured to the extent of its liability, and then to Lessee.

14.2 All insurers shall be reasonably satisfactory to Lessor. Lessee shall promptly deliver to Lessor satisfactory evidence of required insurance coverage and all renewals and replacements thereof. Each insurance policy will require that the insurer give Lessor at least 30 days prior written notice of any cancellation of such policy and will require that Lessor's interests remain insured regardless of any act, error, misrepresentation, omission or neglect of Lessee. The insurance maintained by Lessee shall be primary without any right of contribution from insurance which may be maintained by Lessor.

15. PURCHASE OPTION. Upon thirty (30) days prior written notice by Lessee to Lessor, and so long as there is no Event of Default then existing, Lessee shall have the option to purchase all, but not less than all, of the Equipment covered by a Lease on any Rent Payment due date by paying to Lessor all Rent Payments then due (including accrued interest, if any) plus the Termination Value amount set forth on the Payment Schedule to the applicable Lease for such date. Upon satisfaction by Lessee of such purchase conditions, Lessor shall release its Lien on such Equipment and Lessee shall retain its title to such Equipment "AS-IS, WHERE-IS", without representation or warranty by Lessor, express or implied, except for a representation that such Equipment is free and clear of any Liens created by Lessor.

16. LESSEE'S REPRESENTATIONS AND WARRANTIES. With respect to each Lease and its Equipment, Lessee hereby represents and warrants to Lessor that:

(a) Lessee has full power, authority and legal right to execute and deliver the Lease and to perform its obligations under the Lease, and all such actions have been duly authorized by appropriate findings and actions of Lessee's governing body;

(b) the Lease has been duly executed and delivered by Lessee and constitutes a legal, valid and binding obligation of Lessee, enforceable in accordance with its terms.
(c) the Lease is authorized under, and the authorization, execution and delivery of the Lease complies with, all applicable federal, state and local laws and regulations (including, but not limited to, all open meeting, public bidding and property acquisition laws) and all applicable judgments and court orders;

(d) the execution, delivery and performance by Lessee of its obligations under the Lease will not result in a breach or violation of, nor constitute a default under, any agreement, lease or other instrument to which Lessee is a party or by which Lessee's properties may be bound or affected;

(e) there is no pending, or to the best of Lessee's knowledge threatened, litigation of any nature which may have a material adverse effect on Lessee's ability to perform its obligations under the Lease; and

(f) Lessee is a state, or a political subdivision thereof, as referred to in Section 103 of the Code, and Lessee's obligation under the Lease constitutes an enforceable obligation issued on behalf of a state or a political subdivision thereof.

17. TAX COVENANTS. Lessee hereby covenants and agrees that:

(a) Lessee shall comply with all of the requirements of Section 149(a) and Section 149(e) of the Code, as the same may be amended from time to time, and such compliance shall include, but not be limited to, keeping a complete and accurate record of any assignments of any Lease and executing and filing Internal Revenue Form 8038G or 8038GC, as the case may be, and any other information statements reasonably requested by Lessor;

(b) Lessee shall not do (or cause to be done) any act which will cause, or by omission of any act allow, any Lease to be an "arbitrage bond" within the meaning of Section 148(a) of the Code or any Lease to be a "private activity bond" within the meaning of Section 141(a) of the Code; and

(c) Lessee shall not do (or cause to be done) any act which will cause, or by omission of any act allow, the interest portion of any Rent Payments to be or become includable in gross income for Federal income taxation purposes under the Code.

18. ASSIGNMENT.

18.1 Lessee shall not assign, transfer, pledge, hypothecate, nor grant any Lien on, nor otherwise dispose of, any Lease or any Equipment or any interest in any Lease or Equipment.

18.2 Lessor may assign its rights, title and interest in and to any Lease or any Equipment, and/or may grant or assign a security interest in any Lease and its Equipment, in whole or in part, to any party at any time. Any such assignee or lienholder (an "Assignee") shall have all of the rights of Lessor under the applicable Lease. LESSEE AGREES NOT TO ASSERT AGAINST ANY ASSIGNEE ANY CLAIMS, ABATMENTS, SETOFFS, COUNTERCLAIMS, RECOUPMENT OR ANY OTHER SIMILAR DEFENSES WHICH LESSEE MAY HAVE AGAINST LESSOR. Unless otherwise agreed by Lessee in writing, any such assignment transaction shall not release Lessor from any of Lessor's obligations under the applicable Lease. An assignment or reassignment of any of Lessor's rights, title or interest in a Lease or its Equipment shall be enforceable against Lessee only after Lessee receives a written notice of assignment which discloses the name and address of each such Assignee; provided, that such notice from Lessor to Lessee of any assignment shall not be so required if Lessor assigns a Lease to The Provident Bank (and its successors or assigns) or any of its direct or indirect subsidiaries. Lessee shall keep a complete and accurate record of all such assignments in the form necessary to comply with Section 149(a) of the Code. Lessee agrees to acknowledge in writing any such assignments if so requested.

18.3 Each Assignee of a Lease hereby agrees that: (a) the term Secured Obligations as used in Section 8.3 hereof is hereby amended to include and apply to all obligations of Lessee under the Assigned Leases and to exclude the obligations of Lessee under any Non-Assigned Leases; (b) said Assignee shall have no Lien on, nor any claim to, nor any interest of any kind in, any Non-Assigned Leases; and (c) Assignee shall exercise its rights, benefits and remedies as the assignee of Lessor (including, without limitation, the remedies under Section 20 of the Master Lease) solely with respect to the Assigned Leases. "Assigned Leases" means only those Leases which have been assigned to an Assignee pursuant to a written agreement; and "Non-Assigned Leases" means all Leases excluding the Assigned Leases.

18.4 Subject to the foregoing, each Lease inures to the benefit of and is binding upon the heirs, executors, administrators, successors and assigns of the parties hereto.
19. EVENTS OF DEFAULT. For each Lease, "Event of Default" means the occurrence of any one or more of the following events as they may relate to such Lease: (a) Lessee fails to make any Rent Payment (or any other payment) as it becomes due in accordance with the terms of the Lease, and any such failure continues for ten (10) days after the due date thereof; (b) Lessee fails to perform or observe any of its obligations under Sections 12.1, 14 or 18.1 hereof; (c) Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it under the Lease and such failure is not cured within thirty (30) days after receipt of written notice thereof by Lessor; (d) any statement, representation or warranty made by Lessee in the Lease or in any writing delivered by Lessee pursuant thereto or in connection therewith proves at any time to have been false, misleading or erroneous in any material respect as of the time when made; (e) Lessee applies for or consents to the appointment of a receiver, trustee, conservator or liquidator of Lessee or of all or a substantial part of its assets, or a petition for relief is filed by Lessee under any federal or state bankruptcy, insolvency or similar law, or a petition in a proceeding under any federal or state bankruptcy, insolvency or similar law is filed against Lessee and is not dismissed within sixty (60) days thereafter; or (f) Lessee shall be in default under any other Lease or under any other financing agreement executed at any time with Lessor.

20. REMEDIES. If any Event of Default occurs, then Lessor may, at its option, exercise any one or more of the following remedies:

(a) Lessor may require Lessee to pay (and Lessee agrees that it shall pay) all amounts then currently due under all Leases and all remaining Rent Payments due under all Leases during the fiscal year in effect when the Event of Default occurs together with interest on such amounts at the highest lawful rate from the date of Lessor's demand for such payment;

(b) Lessor may require Lessee to promptly return all Equipment to Lessor in the manner set forth in Section 21 (and Lessee agrees that it shall so return the Equipment), or Lessor may, at its option, enter upon the premises where any Equipment is located and repossess such Equipment without demand or notice, without any court order or other process of law and without liability for any damage occasioned by such repossession;

(c) Lessor may sell, lease or otherwise dispose of any Equipment, in whole or in part, in one or more public or private transactions, and if Lessee so disposes of any Equipment, then Lessor shall retain the entire proceeds of such disposition free of any claims of Lessee, provided, that the net proceeds of any such disposition shall be applied to amounts payable by Lessee under clause (a) above of this Section only to the extent that such net proceeds exceed the applicable Termination Value set forth in the applicable Schedule;

(d) Lessor may terminate, cancel or rescind any Lease as to any and all Equipment;

(e) Lessor may exercise any other right, remedy or privilege which may be available to Lessor under applicable law or, by appropriate court action at law or in equity, Lessor may enforce any of Lessee's obligations under any Lease; and/or

(f) Lessor may require Lessee to pay (and Lessee agrees that it shall pay) all out-of-pocket costs and expenses incurred by Lessor as a result (directly or indirectly) of the Event of Default and/or of Lessor's actions under this section, including, without limitation, any attorney fees and expenses and any costs related to the repossession, safekeeping, storage, repair, reconditioning or disposition of any Equipment; provided, however, that the city shall be entitled to recover any attorney fees and expenses and any costs should it prevail in any action under this lease.

None of the above remedies is exclusive, but each is cumulative and in addition to any other remedy available to Lessor. Lessor's exercise of one or more remedies shall not preclude its exercise of any other remedy. No delay or failure on the part of Lessor to exercise any remedy under any Lease shall operate as a waiver thereof, nor as an acquiescence in any default, nor shall any single or partial exercise of any remedy preclude any other exercise thereof or the exercise of any other remedy.

21. RETURN OF EQUIPMENT. If Lessor is entitled under the provisions of any Lease, including any termination thereof pursuant to Sections 6 or 20 of this Master Lease, to obtain possession of any Equipment or if Lessee is obligated at any time to return any Equipment, then (a) title to the Equipment shall vest in Lessor immediately upon Lessor's notice thereof to Lessee, and (b) Lessee shall, at its sole expense and risk, immediately de-install, disassemble, pack, crate, insure and return the Equipment to Lessor (all in accordance with applicable industry
standards) at any location in the continental United States selected by Lessor. Such Equipment shall be in the same condition as when received by Lessee (reasonable wear, tear and depreciation resulting from normal and proper use excepted), shall be in good operating order and maintenance as required by the applicable Lease, shall be free and clear of any Liens (except Lessor's Lien) and shall comply with all applicable laws and regulations. Until Equipment is returned as required above, all terms of the applicable Lease shall remain in full force and effect including, without limitation, obligations to pay Rent Payments and to insure the Equipment. Lessee agrees to execute and deliver to Lessor all documents reasonably requested by Lessor to evidence the transfer of legal and beneficial title to such Equipment to Lessor and to evidence the termination of Lessee's interest in such Equipment.

22. LAW GOVERNING. Each Lease shall be governed by the laws of the state of Lessee (the "State").

23. NOTICES. All notices to be given under any Lease shall be made in writing and either personally delivered or mailed by certified mail to the other party at its address set forth herein or at such address as the party may provide in writing from time to time. Any such notices shall be deemed to have been received five (5) days subsequent to mailing.

24. FINANCIAL INFORMATION. Within thirty (30) days of their completion in each fiscal year of Lessee during any Lease Term, Lessee will deliver to Lessor upon Lessor's request the publicly available annual financial information of Lessee.

25. SECTION HEADINGS. All section headings contained herein or in any Schedule are for convenience of reference only and do not define or limit the scope of any provision of any Lease.

26. EXECUTION IN COUNTERPARTS. Each Schedule to this Master Lease may be executed in several counterparts, each of which shall be deemed an original, but all of which shall be deemed one instrument. Only one counterpart of each Schedule shall be marked "Lessor's Original" and all other counterparts shall be deemed duplicates. An assignment of or security interest in any Schedule may be created through transfer and possession only of the counterpart marked "Lessor's Original".

27. ENTIRE AGREEMENT; WRITTEN AMENDMENTS. Each Lease, together with the exhibits attached thereto and made a part hereof and other attachments thereto, and other documents or instruments executed by Lessee and Lessor in connection therewith, constitute the entire agreement between the parties with respect to the lease of the Equipment covered thereby, and such Lease shall not be modified, amended, altered, or changed except with the written consent of Lessee and Lessor. Any provision of any Lease found to be prohibited by law shall be ineffective to the extent of such prohibition without invalidating the remainder of the Lease.

8. All common landscape areas are to be irrigated.
9. A contract is required between the Wilshire Place and Greenbrier of Leawood subdivisions, which will allow the Greenbrier of Leawood monument sign to be located within the Wilshire Place subdivision, or have it moved to an area within the Greenbrier of Leawood subdivision. Subject: Wilshire 2 & 3

Diane,

I met with Ed Schlagel & Leo Ashner about the open channel on Tract B of Wilshire 2nd Plat. The comment from Public Works was to remove the concrete lined channel and enclose the storm system from 13109 Canterbury to High Drive. After reviewing the condition of the concrete lined channel and the extensive landscaping surrounding the channel, Public Works has decided to allow the channel to remain.

The one issue that we are working with the developer is the location of the proposed sidewalk in this area. There is a 2' (+/-) diameter Sycamore approximately 4' from the back of curb. Public Works has agreed to allow the sidewalk to go between the tree and the open channel. This will require a retaining wall and hand rail along the sidewalk in the vicinity of the tree. If the grades on the s/w become greater then 6%, the tree will have to be removed and the sidewalk will be constructed per our standards.

Re: Leawood Market Center, Case No. 09-01

The Public Works Department has reviewed the preliminary submittals for the referenced project and would like to make the following stipulations part of the approval process:

- All public improvements shall be designed and constructed in accordance with the City of Leawood Public Works Department Public Improvement Construction Standards (Revised March 2001) and the City's Stormwater Management Ordinance (Ordinance No. 1839 C).

- All public improvements to be completed as part of the development will require a permit from the Public Works Department. The building permit for the on-site improvements will not be issued by the Building Official, and the plat will not be released for recording until all permits from Public Works Department have been obtained by the Contractor and all other platting requirements have been met.

**137th Street:**

Planning Commissioner Henderson requested Public Works to review the location of future 137th Street and where it would connect with Kenneth Road. The original plan for the frontage roads (133rd Street and 137th Street) was prepared by HNTB in the 1980's. The plan indicated that 137th Street would terminate at Kenneth Road midway between 135th Street and Kenneth Parkway. Public Works has worked with Bucher, Willis & Ratliff and determined that relocating 137th Street to connect directly to Kenneth Parkway, at the current intersection of Kenneth Road and Kenneth Parkway, is a better option for traffic flow since 137th Street will carry more traffic than Kenneth Road (see enclosed drawing). This would require the removal of 700 lf of Kenneth Road and reconstructing a portion of Kenneth Road to connect to the proposed 137th Street. The realignment of Kenneth Road and 137th Street should be completed when 137th Street is constructed to the west and these improvements should be paid for by the developer. The current alignment of Kenneth Road functions as needed for this development.

**Storm Drainage Study:**

Attached are my comments addressed to the engineers that submitted the report.

**Traffic Study:**

Attached are the comments from Bucher, Willis & Ratliff. The traffic study will need to be updated to reflect their comments and to reflect the changes in the site plan submitted October 17, 2001.

MASTER MUNICIPAL LEASE/PURCHASE AGREEMENT

This Master Municipal Lease/Purchase Agreement (the "Master Agreement") is made as of this 4th day of February, 2002 by and between Gold Bank, a Kansas Corporation, with principal offices located at 11301 Nall Avenue, Leawood, KS 66211 ("Lessor"), and City of Leawood, a body corporate and politic, with principal offices located at 4800 Town Center Drive, Leawood, KS 66211 ("Lessee"), wherein it is agreed as follows:

1. Master Agreement: The terms and provisions of this Master Agreement shall be incorporated into each Municipal Lease/Purchase Schedule attached hereto or otherwise referring to this Master Agreement (each Municipal Lease/Purchase Schedule is referred to herein as a "Schedule" and, collectively, this Master Agreement and a Schedule are referred to herein as a "Lease"). Unless any provisions hereof are specifically excluded or modified in any Schedule, each Schedule shall incorporate herein all the terms and conditions of this Master Agreement, and may contain such additional terms and conditions as the parties hereto shall mutually agree upon. In the event of any conflict between the provisions of this Master Agreement and the provisions of any Schedule, the provisions of such Schedule shall govern. Each Lease shall constitute a fully integrated transaction separate from and independent of all other transactions under this Master Agreement. A form of Schedule is attached hereto as Exhibit A.

2. Lease of Equipment: As requested by Lessee, Lessor will order the equipment described in a Schedule, but Lessor shall not be liable for specific performance of any Lease or for damages if for any reason the supplier thereof delays or fails to fill the order. Subject to the terms and conditions hereof, Lessor agrees to lease to Lessee and Lessee agrees subject to the acceptance of the equipment to lease from Lessor the equipment described in the Schedule, together with all replacements thereof and additions thereto (herein collectively called the "Equipment").

3. Delivery and Acceptance: Lessee shall cause the Equipment to be delivered at the location specified in the Schedule (the "Equipment Location") and shall pay all costs incurred in connection with the delivery and installation of the Equipment to the extent not included in the cost financed hereunder. Any delay in such delivery shall not affect the validity of the Lease. Lessee shall accept or reject the Equipment as soon as it has been delivered and is operational, or as soon as any test period has expired. Notwithstanding the foregoing, in the event the Equipment is not accepted by Lessee within thirty (30) days from the date of its delivery, Lessor, at Lessor's sole option shall have the right to terminate the Lease with respect to the Equipment not accepted by Lessee. If the Lessee rejects the Equipment, the Lease shall terminate with respect to the Equipment so rejected and the Rental Payments shall be adjusted accordingly. Lessee shall evidence its acceptance of the Equipment by executing and delivering to Lessor a certificate in the form of Exhibit B attached hereto (the "Acceptance Certificate"). Lessee hereby authorizes the Lessor to add to this Master Agreement and to any other description of the Equipment the serial number of each item of Equipment when available.
4. **Term**: This Master Agreement shall become effective upon the execution hereof by Lessee and Lessor. The term of each Lease shall commence on the date Lessee executes the Acceptance Certificate with respect to that certain Equipment (the "Start Date") and shall continue through the end of Lessee's fiscal year containing the Start Date and, solely at the option of Lessee, shall be renewed on a fiscal year to fiscal year basis for the number of Lessee's annual fiscal years necessary to comprise the lease term as set forth in each Schedule with respect to that certain Equipment (the respective "Lease Term").

5. **Rent**: Lessee agrees, subject to appropriation of funds budgeted for payment of Rental Payments hereunder for each fiscal year of each Lease Term, to pay Lessor or any Assignee (as defined below), the lease payments for the Equipment as set forth in each Schedule with respect to that certain Equipment (the "Rental Payments"). Lessor and Lessee understand and intend that the obligation of Lessee to pay Rental Payments hereunder shall constitute a current expense of Lessee and shall not be construed as a debt of Lessee in contravention of any applicable constitutional or statutory limitation requirement concerning the creation of indebtedness by Lessee, nor shall it constitute a pledge of the general tax revenues, funds or monies of Lessee, and any provision herein directly or indirectly construed to so provide shall be null and void. A portion of each Rental Payment is paid as and represents the payment of interest as set forth in each Schedule. The Rental Payments shall be payable, without notice or demand, at the office of Lessor (or such other place as Lessor or any Assignee may designate in writing, from time to time) and shall commence on the first day of the first month following the Start Date, and the remaining Rental Payments shall be payable on the same day of each consecutive month thereafter for the duration of such Lease Term. To the extent permitted by applicable law, whenever any portion of a Rental Payment or other payment due is received by Lessor or its Assignee more than ten (10) days after the due date, Lessee shall pay to Lessor or its Assignee, on demand, a late charge of Eight Hundred Thirteen and 54/100 dollars ($813.54). Except as specifically provided in the first sentence of this Section 5 and Section 9 hereof, the Rental Payments shall be absolute and unconditional in all events and will not be subject to any setoff, defense, counterclaim, abatement or recoupment for any reason whatsoever. Lessee shall do and perform all acts and things necessary in order to assure that the interest component of the Rental Payment received by Lessor shall, for the purposes of federal income taxation, be excluded from gross income of Lessor, and Lessee shall not do any act which will cause, or by omission of any act allow, any Lease to be an arbitrage bond within the meaning of Section 148(a) of the Internal Revenue Code of 1986, as amended (the “Code”) or a private activity bond within the meaning of Section 141 of the Code.

6. **Authority and Authorization**: Lessee represents, warrants and covenants that (a) it shall do or cause to be done all things necessary to preserve and keep in full force and effect (i) its existence as a body corporate and politic and (ii) the Leases; (b) it has complied with all bidding and budgeting requirements where necessary and by due notification has presented this Master Agreement and each Lease for approval and adoption as a valid obligation on its part and that all requirements have been met and procedures have been followed to ensure the enforceability of this Master Agreement and each Lease; (c) it has sufficient appropriations or other funds available to pay all amounts due hereunder for its current fiscal
year; (d) to the extent permitted by law, it will include in its budget for each successive fiscal year during each Lease Term a sufficient amount to permit Lessee to discharge all of its liabilities under this Master Agreement and all Leases hereunder; (e) there are no circumstances presently affecting Lessee that could reasonably be expected to adversely affect its ability to budget funds for the payment of all amounts due under any Lease; (f) no event has occurred and no condition exists which, upon the execution of this Master Agreement or any Leases contemplated thereby, or with notice or the passage of time or both, would constitute a default under any debt, revenue or purchase obligation which it has issued or to which it is a party (the “Obligation”) nor has it been in default under any Obligation at any time during the past five (5) years; and (g) no lease, rental agreement or contract for purchase, to which Lessee has been a party, at any time during the past five (5) years, has been terminated by Lessee as a result of insufficient funds being appropriated in any fiscal year.

7. **Lessee Certification:** Lessee warrants and covenants that (i) Lessee is a municipal corporation and a political subdivision of the State of Kansas, within the meaning of Section 103 of the Code; (ii) Lessee’s obligations under this Master Agreement and all Leases contemplated thereby constitute enforceable obligations issued by or on behalf of Lessee, such that any interest income derived under the Leases and due Lessor or its Assignee shall not be includable in the gross income of any recipient thereof for purposes of federal income taxation; (iii) this Master Agreement and all Leases contemplated thereby represent a valid deferred payment obligation of Lessee for the amount therein set forth; (iv) Lessee has the legal capacity to enter into this Master Agreement and all Leases contemplated thereby and, to the best of Lessee’s knowledge, is not in contravention of any state or county, statute, rule, regulation or other governmental provision governing the ownership or use of the Equipment; (v) during each respective Lease Term, the Equipment shall be used only for the purpose of performing governmental or proprietary functions of Lessee and shall not be used in a trade or other business of any person or entity other than Lessee so as to cause this Lease to be a pro rata activity bond within the meaning of the Code; and (vi) Lessee shall complete and timely file Internal Revenue Service form 8038g or 8038gc, as appropriate, in the manner set forth in Section 149(e) of the Code.

8. **Appropriations and Essential Use:** Lessee reasonably believes that sufficient funds can be obtained to make all Rental Payments during each Lease Term for all Leases. Lessee hereby covenants that it shall do all things lawfully within its power to obtain funds from which the Rental Payments may be made. It is Lessee’s intent to make the Rental Payments for each full Lease Term if funds are legally available therefor and in that regard, Lessee represents that: (a) the use of all Equipment is essential to its proper, efficient and economic functioning or to the services that it provides to its citizens; (b) Lessee has an immediate need for and expects to make immediate and continued use of substantially all of the Equipment, which need is not temporary or expected to diminish in the foreseeable future; and (c) all Equipment shall be used by the Lessee only for the purpose of performing one or more of its governmental or proprietary functions consistent with the permissible scope of its authority. On the Start Date of each Lease, Lessee will execute and deliver to Lessor a letter in the form of Exhibit C attached hereto. Notwithstanding the foregoing, the decisions to budget and
appropriate funds and to continue this Master Agreement and all Leases contemplated therein shall remain the decision of the governing body of Lessee, to be made in accordance with normal and customary procedures for such decisions.

9. **Nonappropriation of Funds.** Notwithstanding any other provision contained herein (whether in this Section 9 or in any other provision hereof), Lessee is obligated only to pay periodic payments or monthly installments hereunder as may lawfully be made from: (a) funds budgeted and appropriated for that purpose during Lessee’s current budget year, or (b) funds made available from any lawfully operated revenue producing source. In the event that Rental Payments are not made when otherwise due by virtue of the preceding sentence, either Lessee or Lessor shall have the right, upon written notice to the other, to immediately terminate the Lease with respect to that certain Equipment. In the event insufficient funds are appropriated and budgeted for the acquisition, retention or operation of the Equipment in any fiscal year in which the Rental Payments for such Equipment are due under the respective Lease, then Lessee shall, not less than sixty (60) days prior to the end of such applicable fiscal year, in writing, notify Lessor and any Assignee at Lessor’s address appearing at the beginning of this Master Agreement or as otherwise directed in writing of such occurrence. Such Lease shall thereafter terminate and be rendered null and void on the last day of the fiscal year for which appropriations were made without penalty, liability or expense to the Lessee of any kind, except as to (i) the portions of the Rental Payments herein agreed upon for which funds shall have been appropriated and budgeted or are otherwise available and (ii) Lessee’s other obligations and liabilities under such Lease relating to, accruing or arising prior to such termination. In the event of such termination, Lessee agrees to peaceably surrender possession of that certain Equipment to Lessor or its Assignee on the day of such termination, packed for shipment in accordance with the manufacturer’s specifications and eligible for manufacturer’s maintenance, freight prepaid and insured to any location designated by Lessor within a 100 mile radius of Lessor’s address as first stated above, all at Lessee’s expense. Lessor or its Assignee may exercise all available legal and equitable rights and remedies in retaking possession of that certain Equipment.

Notwithstanding the foregoing, Lessee agrees (but only to the extent permitted by applicable state or federal law): (i) that it will not cancel any Lease under the provisions of this Section if any funds are appropriated by it for the acquisition, retention or operation of the Equipment covered by such Lease or other equipment performing functions similar to such Equipment for the fiscal period in which such attempted termination occurs, and (ii) that it will not, during the Lease Term thereof, give priority in the application of funds legally available for the payment of Rental Payments to any other functionally similar equipment. This Section shall not be construed to authorize Lessee to terminate any Lease solely to acquire equipment similar to the Equipment or to allocate funds legally available for Rental Payments directly or indirectly to equipment which would perform essentially the same function as such Equipment.

This Section is not intended to permit or authorize the Lessee to utilize the termination provisions of this Master Agreement to terminate any Lease in lieu of exercising the Lessee’s rights against any manufacturer of all or any part of the Equipment in the event
of Lessee’s dissatisfaction, for any reason, with all or any part of the Equipment. Nor is this Section intended to be construed to permit or authorize the Lessee to terminate any Lease for any reason in order to utilize equipment which is currently owned by Lessee or is under Lessee’s control in lieu of utilizing all or any part of the Equipment which performs the same function.

10. **LIMITATION ON WARRANTIES**: Lessee has selected both the Equipment and the vendor from whom Lessor is to purchase the Equipment in reliance hereon. Lessee acknowledges and agrees that the Equipment is of a size, design and capacity selected by Lessee, that Lessor is not a manufacturer, vendor or distributor of such Equipment, and that Lessor has not made, and does not hereby make, any representation, warranty or covenant, express or implied, with respect to the merchantability, condition, quality, durability, design, operation, fitness for any particular purpose, or suitability of the Equipment in any respect whatsoever or in connection with or for the purposes and uses of Lessee, or any other representation, warranty or covenant of any kind or character, express or implied, with respect thereto and Lessor shall not be obligated or liable for actual, incidental, consequential or other damages of or to Lessee or any other person or entity arising out of or in connection with the Equipment, including but not limited to the use, performance or maintenance of the Equipment.

Lessor hereby assigns to Lessee during the respective Lease Term, to the extent permitted by law, all rights under and to manufacturer’s warranties, if any, that it may have with respect to the Equipment. Lessor authorizes Lessee, to the extent permitted by law, to enforce in its own name any warranty, representation or other claim enforceable against the manufacturer. Lessor assumes no responsibility for shipment, delivery, installation or maintenance. The obligation of Lessee to pay the Rental Payments shall not be abated, impaired or reduced by reason of any claims of Lessee with respect to the Equipment, including but not limited to its condition, quality, workmanship, delivery, shipment, installation, defects or otherwise.

11. **Title: Purchase Money Security Interest**: To the extent the same shall not render any Lease unenforceable, title to the respective Equipment is deemed to be in Lessee so long as no Event of Default or non-appropriation has occurred and/or any Lease has not been terminated pursuant to the provisions of Section 9 above. Upon the earlier of (i) termination of any Lease in accordance with Section 9 above or (ii) the occurrence of any Event of Default by Lessee or non-appropriation, title shall immediately revert to Lessor free of any right, title or interest of Lessee unless Lessor elects otherwise. In connection with the reversion of title to Lessor, Lessee shall execute and deliver to Lessor such documents as Lessor may request to evidence the passage of Lessee’s title to Lessor. In order to secure all of its obligations hereunder, Lessee hereby (a) grants to Lessor a first and prior purchase money security interest in any and all rights, title and interest of Lessee in such Lease, such Equipment and in all additions, attachments, accessions accessories, replacements, improvements and substitutions thereto, now or hereafter acquired, together with all rents, issues, income, profits and proceeds thereof, including insurance proceeds; and (b) agrees if and to the extent
permitted by law to execute and deliver all financing statements, certificates of title and other instruments necessary or appropriate to evidence and perfect such security interest, and agrees that this Master Agreement and any Leases contemplated thereby may be filed as a financing statement.

12. **Personal Property:** The Equipment is intended to be and shall remain, personal property under Kansas law and shall not be deemed to be affixed or attached to real property or any building thereon. If requested by Lessor, Lessee shall, at its expense, furnish to Lessor landlord or mortgagee waivers with respect to the Equipment.

13. **Use; Repairs:** Lessee shall use, operate and maintain the Equipment in a careful manner for the use contemplated by the manufacturer of the Equipment and shall comply with all laws, ordinances, insurance policies and regulations relating to, and, subject to appropriation of funds budgeted for such purpose for each current fiscal year, shall pay all costs, claims, damages, taxes, fees and charges arising out of its possession, use or maintenance. Lessee, at its sole cost and expense, shall maintain the Equipment according to the manufacturer’s recommended guidelines and shall furnish proof of such maintenance, if requested by Lessor and shall furnish all needed servicing and parts, which parts shall become part of the Equipment.

14. **Modification:** Lessee shall not make any modifications, additions or improvements to the Equipment without the Lessor’s prior written consent, and any permitted addition which cannot be readily removed without damaging the Equipment’s originally intended function or value shall become part of the Equipment.

15. **Location; Inspection:** The Equipment shall not be removed from the Equipment Location except for ordinary use in accordance with the Equipment’s intended purpose without Lessor’s prior written consent. Lessor shall be entitled to enter upon the Equipment Location or elsewhere during reasonable business hours to inspect the Equipment or observe its use and operation.

16. **Liens and Taxes:** Lessee shall keep the Equipment free and clear of all levies, liens and encumbrances except those created under this Master Agreement and the Leases contemplated thereby. The parties contemplate that the Equipment will be used for a governmental or proprietary purpose of Lessee and, therefore, that the Equipment will be exempt from all taxes. Nevertheless, if the use, possession or acquisition of the Equipment is determined to be subject to taxation, Lessee shall pay, when due, all charges and taxes (federal, state and local) which may now or hereafter be imposed upon the ownership, leasing, rental, sale, purchase, possession or use of the Equipment. If Lessee fails to pay said charges and taxes when due, Lessor shall have the right, but shall not be obligated, to pay said charges and taxes. If Lessor pays any charges or taxes for which Lessee is responsible or liable under any Lease, Lessee shall, upon demand, reimburse Lessor therefor.

17. **Risk of Loss; Damage Destruction:** Lessee assumes all risk of loss, theft or damage to the Equipment from any cause whatsoever, and no such loss, theft or damage to the Equipment
shall relieve Lessee of the obligation to make the Rental Payments or to perform any other obligation under any Lease in accordance with and subject to the provisions hereof. In the event of loss, theft or damage to any item of Equipment, Lessee shall immediately place the same in good repair (the proceeds of any insurance recovery shall be applied to the cost of such repair). If Lessor determines that any item of Equipment is lost, stolen, destroyed or damaged beyond repair, Lessee shall: (a) replace the same with like equipment in good repair; or (b) on the next Rental Payment date pay to Lessor all amounts owed by Lessee under the respective Lease with respect to such Equipment, including the Rental Payment due on such date. In the event that Lessee is obligated to make such payment with respect to less than all of the Equipment covered by that particular Lease, Lessor shall provide Lessee with the pro rata amount of the Rental Payment and the balance of the Rental Payments then due and remaining unpaid thereunder, as applicable, to be made by Lessee with respect to the Equipment which has suffered the event of loss.

18. **Insurance:** Lessee shall, at its expense (subject to appropriation of funds for such purpose), maintain at all times during the respective Lease Term, fire and extended coverage, personal liability, public liability and property damage insurance with respect to the Equipment in such amounts, covering such risks, and with such insurers as shall be satisfactory to Lessor. In no event shall the insurance limits be less than an amount equal to the balance of the Purchase Option Price then remaining for the Lease Term. Each insurance policy shall name Lessee as an insured and Lessor or its assigns as an additional insured and loss payee, as appropriate, and shall contain a clause requiring the insurer to give Lessor or its Assignee at least thirty (30) days prior written notice of any alteration in the terms of such policy or the cancellation thereof. If Lessee allows the use of the Equipment by any contractor and said contractor shall add Lessor or assigns to its policy as an additional insured and loss payee, as appropriate. All as otherwise set forth in this paragraph. The proceeds of any such policies shall be payable to Lessee and Lessor or its Assignees, as their interests may appear. Upon acceptance of such Equipment and upon each insurance renewal date with respect to such Equipment, Lessee shall deliver to Lessor a certificate in the form of Exhibit D attached hereto evidencing such insurance. In the event of any loss, damage, injury or accident involving the Equipment, Lessee shall promptly provide Lessor with written notice thereof and make available to Lessor all information and documentation relating thereto. Notwithstanding the foregoing, with Lessor's prior written consent, Lessee may self-insure against any and all risks for which insurance is required.

19. **Indemnification:** If any interest payments as set forth in any Schedule are included in the recipient's gross income for any reason whatsoever, Lessee agrees to pay to the recipient an additional amount, which together with the amount of interest to be paid by Lessee under such Lease, puts the recipient in the same after-tax yield position which it would have had if such payments had been excluded from the gross income of the recipient under Section 103 of the Code. In addition, Lessee agrees, if and to the extent permitted by law, to indemnify Lessor against, and hold Lessor, its Assignees, or any participants with such, harmless from, any and all claims, actions, proceedings, expenses, damages, liabilities or losses (including, but not limited to, attorneys' fees and courts costs) arising in connection with the Equipment,
including, but not limited to, its manufacture, selection, purchase, delivery, possession, use, operation or return and the recovery of claims under insurance policies thereon.

20. **Events of Default:** The term “Event of Default,” as used in this Master Agreement, means the occurrence of any one or more of the following events: (a) Lessee fails to make any Rental Payment (or any other payment) as it becomes due in accordance with the terms of any Lease, and any such failure continues for thirty (30) days after the due date thereof, except upon a non-appropriation; (b) Lessee fails to perform or observe any other covenant, condition or agreement to be performed or observed by it and such failure is not cured within thirty (30) days after written notice thereof by Lessor; (c) the discovery by Lessor that any statement, representation or warranty made by Lessee in this Master Agreement, any Schedule, any Lease or in any document delivered by Lessee pursuant hereto or in connection herewith is false, misleading or erroneous in any material respect; (d) Lessee becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of Lessee or of all or a substantial part of its assets, a petition for relief is filed by Lessee under federal bankruptcy, insolvency or similar laws, or a petition in a proceeding under any bankruptcy, insolvency or similar laws, is filed against Lessee and is not dismissed within thirty (30) days thereafter; (e) Lessee suffers an adverse material change in its financial condition or operations from the date hereof and, as a result, Lessor deems itself insecure; or (f) Lessee shall be in default under any other agreement with Lessor.

21. **Remedies:** Upon the occurrence of an Event of Default, Lessor may to the extent permitted by law, at its option and without any demand or notice, exercise any one or more of the following remedies: (a) Lessor may declare an amount equal to all amounts then due under all Leases and all remaining Rental Payments which shall become due during the current fiscal year of Lessee for which funds have been budgeted to be immediately due and payable, whereupon the same shall become immediately due and payable; (b) Lessor may request Lessee to (and Lessee agrees that it shall), at Lessee’s expense, promptly return all Equipment to Lessor in the manner set forth in Section 9 hereof, or Lessor, at its option, may enter upon the premises where the Equipment is located and take immediate possession of and remove the same without liability to Lessor or its agents for such entry or for damage to property or otherwise; (c) Lessor may sell or lease any of the Equipment or sublease it for the account of Lessee, holding Lessee liable for (i) all Rental Payments and other payments due to the effective date of such selling, leasing or subleasing but within the current fiscal year of Lessee for which funds have been budgeted, and (ii) the difference between the purchase price, rental and other amounts paid by the purchaser, lessee or sublessee pursuant to such sale, lease or sublease and the remaining amounts payable by the Lessee during the current fiscal year; and (d) exercise any other right, remedy or privilege which may be available to it under applicable law, including the right to (i) proceed by appropriate court action to enforce the terms of this Master Agreement and all Leases hereunder, (ii) recover damages for the breach of this Master Agreement or any Leases hereunder, and (iii) rescind any Lease as to any or all of the Equipment. Lessor’s risks and remedies are cumulative and may be exercised concurrently or separately. In addition, Lessee shall remain liable for all covenants and indemnities under this Master Agreement and all Leases hereunder and for all legal fees
and other costs and expenses, including court costs, incurred by Lessor with respect to the
enforcement of any of the remedies listed above or any other remedy available to Lessor.

22. **Early Purchase Option:** Lessee may, upon thirty (30) days prior written notice to Lessor, and
provided Lessee shall have fully paid and performed all other obligations hereunder, pay to
Lessor the applicable Purchase Option Price set forth on any Schedule, whereupon title to the
respective Equipment shall become unconditionally vested in Lessee and Lessor shall then
transfer any and all of its right and interest in such Equipment to Lessee “as is, where is,”
without warranty, express or implied, except that Lessor shall warrant to Lessee that such
Equipment is free and clear of any liens created by Lessor and Lessor shall execute and file
all documents required by any public entity to release any liens created by Lessor.

23. **Assignment:** Without Lessor’s prior written consent, Lessee shall not by operation of law or
otherwise: (a) assign, transfer, pledge, hypothecate or grant any security interest in, or
otherwise dispose of, this Master Agreement or any Leases hereunder or the Equipment or
any interest in this Master Agreement or any Leases hereunder or the Equipment or (b) sublet
or lend the Equipment or permit the Equipment to be used by anyone other than Lessee or
Lessee’s employees and/or its contractors or agents or their employees.

Lessor, with prior written consent of Lessee which shall not be unreasonably
withheld, may assign all or any portion or portions of its right, title and interest in and to this
Master Agreement or any Leases hereunder, the Equipment and any other documents
executed with respect to this Master Agreement or any Leases hereunder, and/or grant or
assign all or any portion or portions of its security interest in this Master Agreement or any
Leases hereunder and the Equipment, in whole or in part to various Assignees, their agents or
trustees (each and any one herein referred to as an “Assignee”). Any such Assignee shall
have all of the assigned rights of Lessor under this Master Agreement and any Leases
hereunder. Subject to the foregoing, this Master Agreement and any Leases hereunder shall
inure to the benefit of and shall be binding upon the heirs, executors, administrators,
successors and assigns of the parties hereto. Any assignment or reassignment of any of
Lessor’s right, title or interest in this Master Agreement and any Leases hereunder or the
Equipment shall be effective upon receipt by Lessee of a duplicate original of the document
by which the assignment or reassignment is made. During the respective Lease Term, Lessee
covenants that it shall keep a complete and accurate record of all assignments in form
necessary to comply with Section 149 (a) of the Code and the regulations, proposed or
existing, from time to time promulgated thereunder. Lessee agrees to acknowledge, in
writing, any assignments if so requested.

Lessee agrees that, upon notice of assignment, if so instructed it shall pay directly to
the Assignee, or its Trustee or Agent without abatement, deduction or setoff other than
expressly provided by law all amounts which become due thereunder.

24. **Nature of Agreement:** Lessor and Lessee agree that it is their intention that, for federal
income tax purposes, the interest of Lessor in the Equipment is as a secured party and the
interest of Lessee is as a debtor, and that Lessor neither has nor shall have any equity in the
24. **Nature of Agreement:** Lessor and Lessee agree that it is their intention that, for federal income tax purposes, the interest of Lessor in the Equipment is as a secured party and the interest of Lessee is as a debtor, and that Lessor neither has nor shall have any equity in the Equipment. It is the agreement of Lessor and Lessee that the aggregate Rental Payments constitute the purchase price of the Equipment together with interest on the unamortized amount thereof over the term of such respective Lease, that each periodic installment of rent constitutes principal and interest, in accordance with the Schedule of lease payments set forth in the respective Schedule, which fully amortizes the purchase price of such Equipment, together with interest, over the term of such respective Lease, and that upon the due and punctual payment of the installments of Rental Payments and other amounts and performance of all other obligations under such respective Lease, title to such Equipment shall vest permanently in Lessee as provided in such Lease, free and clear of any lien or security of Lessor therein.

Lessee designates this Master Agreement and any Leases hereunder a "qualified tax-exempt obligation" pursuant to Section 265(b)(3) of the Code, includable within the ten million dollars ($10,000,000) of the aggregate issues designated as "qualified tax-exempt obligations" for the calendar year within which this Master Agreement and any Lease hereunder are entered into, and Lessee shall not designate more than ten million dollars ($10,000,000) of tax-exempt obligations during the current calendar year as qualified tax-exempt obligations and Lessee, together with its subordinate entities, does not reasonably expect to issue more than ten million dollars ($10,000,000) of tax-exempt obligations during the current calendar year.

25. **Notices:** All notices to be given under this Master Agreement and any Leases hereunder shall be made in writing and mailed by certified mail to the other party at its address set forth herein or at such other address as the party may provide in writing from time to time. Any such notice shall be deemed to have been received five (5) days subsequent to mailing.

26. **Section Headings:** All section headings contained herein are for the convenience of reference only and are not intended to define or limit the scope of any provision of this Master Agreement or any Leases hereunder.

27. **Governing Law:** This Master Agreement and all Leases hereunder shall be governed by the provisions hereof and by the laws of the state of Kansas.

28. **Further Assurances:** Lessor’s obligations hereunder are further conditioned upon Lessee delivering to Lessor: (i) an opinion or opinions of counsel in substantially the form of Exhibit E attached hereto or upon the execution of this Master Agreement or any Schedule; and (ii) a certificate of a duly authorized official of Lessee in the form of Exhibit F attached hereto upon the execution of this Master Agreement or any Schedule. Moreover, Lessee shall execute or provide, as requested by Lessor, any documents and information which are reasonably necessary with respect to the transaction contemplated by this Master Agreement and all Leases hereunder. Lessee hereby authorizes Lessor to execute and file on behalf of Lessee and as Lessee’s attorney-in-fact such UCC financing and continuation statements as
Lessor deems necessary to perfect its and/or its Assignee’s purchase money security interest in the Equipment or this Master Agreement and all Leases hereunder.

29. **Entire Agreement; Amendments:** This Master Agreement and all Leases hereunder, together with the Schedules and exhibits attached thereto which are hereby made a part hereof together with any other attachments hereto, if any, and other documents or instruments executed by Lessee and Lessor in connection herewith, constitute the entire agreement between the parties with respect to the lease of the Equipment, and this Master Agreement and all Leases hereunder shall not be modified, amended, altered or changed except with the written consent of Lessee and Lessor.

30. **Severability:** Any provision of this Master Agreement or of any Lease hereunder found to be prohibited by law shall be ineffective to the extent of such prohibition without invalidating the remainder of this Master Agreement or the Leases hereunder.

31. **Waiver:** Any waiver by Lessor of any breach by Lessee of any term, covenant or condition, hereof shall not operate as a waiver of any subsequent breach hereof.

IN WITNESS WHEREOF, this Master Agreement has been executed by authorized representatives of the parties hereto as of the day and year first written above.

Re: Golf Course Equipment Lease with Gold Bank, March 1, 2002

Today, when we made our first lease payment to Gold Bank, we discovered that there was a transposition error on page 13 of 21 of the lease document.

In the column called "Total Lease Payment", it reads $16,720.80. That is incorrect. It should read $16,270.80. The other columns are correct.

John Freiernuth, Senior Vice President of Gold Bank, and the signor of the lease on the bank’s behalf, brought us a new, corrected page, and initialed and dated it. Kathy Rogers, Finance Director, signed that she accepted the revision. The original and one copy are attached behind this memo.

Please let me know if there are any questions, or if we need to do anything further. Sorry for the mistake.

Upon acceptance of the Equipment in good operating order and condition.

L. Designation as Qualified Tax-Exempt Obligation. The Lessee hereby specifically designates the Lease as a “qualified tax-exempt obligation” for the purposes of Section 265(b)(3) of the Code and Lessee (including all “subordinate entities” of the Lessee within the meaning of Section 265(b)(3)(E) of the Code) does not reasonably expect to issue more than $10,000,000 of obligations issued by the Lessee in the calendar year during which the Lease is executed and delivered as such “qualified tax-exempt obligations” and reasonably anticipates not to issue in the calendar year during which the Lease is executed and delivered, obligations bearing interest exempt from Federal income taxation under Section 103 of the Code in an amount greater than $10,000,000.

IN WITNESS WHEREOF, Lessor has executed this Schedule in its corporate name and attested by its duly authorized representatives and Lessee has caused this Schedule to be executed in its name by its duly authorized representatives. All of the above occurred as of the date first written above.

Gentlemen:

This confirms and affirms that the Equipment described in the Master Municipal Lease/Purchase Agreement and the Municipal Lease/Purchase Schedule No. -1- referred to above (collectively, the “lease”) is essential to the function of the undersigned or to the service we provide our citizens.

Further, we have an immediate need for, and expect to make immediate use of, substantially all of such Equipment, which need is not temporary or expected to diminish in the foreseeable future. Such Equipment will be used by us only for the purposes of performing one or more of our governmental or proprietary functions consistent with the permissible scope of our authority. Specifically, such Equipment was selected by us to be used as follows:

Equipment shall be used on City of Leawood owned golf course known as IronHorse for maintenance.

The estimated useful life of such Equipment based upon manufacturer’s representations and our projected needs is between 4 and 6 years.

Our source of funds for payments of the rent due under the Lease for the current fiscal year is from a proprietary fund established by the City of Leawood.

We expect and anticipate adequate funds to be available for all future payments of rent due after the current fiscal year for the following reasons: Is anticipated that fee income generated from the golf course including ancillary income from the gold course will be sufficient to make the rental payments to become due.

Very truly yours,

OPINION OF COUNSEL

February 4, 2002

Gold Bank
11310 Nall Avenue
Leawood, KS 66211

RE: Master Municipal Lease/Purchase Agreement dated February 4, 2002, by
and between Gold Bank ('Lessor') and City of Leawood ('Lessee') and
Municipal Lease/Purchase Schedule No. -1-, dated February 4, 2002.

Ladies and Gentlemen:

I have acted as counsel to Lessee with respect to the Master Municipal
Lease/Purchase Agreement and the Municipal Lease/Purchase Schedule No. -1-,
described above and various related matters, and in this capacity have reviewed a
duplicate original or certified copy thereof, the Exhibits attached and executed pursuant
thereto (collectively, the 'Lease') and the proceedings taken by Lessee to authorize and
execute the Lease. Based upon the examination of these and such other documents as I
deem relevant, it is my opinion that:

1. Lessee is a political subdivision of the State of Kansas ('State'), duly organized,
existing, and operating under the Constitution and laws of the State.

2. Lessee is authorized and has power under applicable law to enter into the Lease,
and to carry out its obligations thereunder and the transactions contemplated
thereby.
3. The Lease has been duly authorized, approved, executed, and delivered by and on behalf of Lessee, and is the legal, valid, and binding contract of Lessee enforceable in accordance with its terms, except to the extent limited by State and Federal laws affecting remedies against Lessee as the State or as a political subdivision of the State and by bankruptcy, reorganization, or other laws of general application relating to or affecting the enforcement of creditors’ rights.

4. The authorization, approval, and execution of the Lease and all other proceedings of Lessee relating to the transactions contemplated thereby have been performed in accordance with all applicable open meeting, public records, public bidding and all other laws, rules and regulations of the State.

5. The execution, delivery and performance of the Lease do not and will not result in the violation of any constitutional, statutory, or other limitation relating to the manner, form or amount of indebtedness which may be incurred by Lessee.

6. To the best of the undersigned’s knowledge, there is no litigation, action, suit or proceeding pending or before any court, administrative agency, arbitrator, or governmental body that challenges the organization or existence of Lessee; the authority of Lessee or its officers or its employees to enter into the Lease; the proper authorization, approval and/or execution of the Lease, and other documents contemplated thereby; the appropriation of moneys to make Lease Payments under the Lease for the current fiscal year of Lessee; or the ability of Lessee otherwise to perform its obligations under the Lease, and the transactions contemplated thereby and, to the best of my knowledge, no such litigation or actions are threatened.

7. The equipment financed by the Lease is personal property, and when used by the Lessee will not be or become fixtures under the laws of the State.

8. Lessee is a political subdivision within the meaning of Section 103 of the Internal Revenue Code of 1986, as amended and the related regulations and rulings thereunder, and the portion of payments identified as the interest component on Municipal Lease/Purchase Schedule No. -1-, upon receipt, will not be includable in federal gross income of the recipient under the statutes, regulations, court decisions, and rulings existing on the date of this opinion and consequently will be exempt from present federal income taxes.

Very truly yours,

5. **Administration.**

5.1. The Public Works Director is the principal city official for administration of right-of-way permits for work and excavations made in the right-of-way. The Public Works Director may delegate any or all of the duties hereunder.

6. **Requirements of County.**

The County shall designate a local person familiar with the facilities who will act as a local agent for the County and will be responsible for satisfying information requirements of this Agreement. The County shall present to the City the agent's name, address, telephone number, fax number and email address. The agent shall be the person to whom relocation notices and other such notices shall be sent, and with whom rests the responsibility to facilitate all necessary communications.

6.2. The County shall participate in any joint planning, construction and advance notification of right-of-way work, including coordination and consolidation of street cut work. In addition, the County shall cooperate with other users of the
right-of-way and the City for the best, most efficient, most aesthetic and least obtrusive use of the right-of-way, consistent with safety, and to minimize traffic and other disruptions, including street cuts.

6.3. The mapping requirements of the County shall be:

6.3.3. Such mapping and identification shall be at the sole expense of the County.

7. **County's Right to Sell, Transfer, Lease, Assign, Sublet or Dispose.**

7.1. The County shall not sell, transfer, lease, assign, sublet or dispose of its facilities, or any portion thereof, that is located in public right-of-way, or any right, title or interest in the same, by ordinary sale, consolidation or otherwise, without notice to the City.

8. **Use of the Right-of-Way.**

8.1. The County’s use of the right-of-way is subject to the City’s imposition of conditions upon the County’s use or occupation of the right-of-way within reasonable exercise of its police powers. Without limitation of its rights, the City expressly reserves the right to exercise its governmental powers now and hereafter vested in or granted to the City.

8.2. The County shall coordinate the placement of future facilities in a manner that minimizes the adverse impact on any public improvement. Where placement is not regulated, the facilities shall be placed with adequate clearance from public improvements so as not to impact or be impacted by such public improvement as defined in the City’s Manual of Infrastructure Standards available in the office of the City Engineer.

8.3. The County shall consider any request made by the City concerning placement of facilities in private easements in order to limit or eliminate future street improvement relocation expenses.

The Public Works Director may assign specific corridors within the right-of-way, or any particular segment thereof as may be necessary, for each type of facility that is currently or, pursuant to current technology, the Public Works Director expects will someday be located within the right-of-way. All right-of-way permits issued by Public Works Director shall indicate the proper corridor for the County's new or relocated facilities. Those County facilities shall, no later than at the time of next reconstruction or excavation of the area where its facilities are located, move the facilities to its assigned position within the right-of-way, if mutually agreed upon by Public Works Director and the County, upon consideration of such factors as the remaining economic life of the facilities, public safety, user service needs and hardship to the County.

8.7. All earth, materials, sidewalks, paving, crossings and other public improvements damaged or removed by the County shall be fully repaired or replaced promptly by the County at its sole expense and to the reasonable satisfaction of the City. Upon determination by the Public Works Director that such repair or replacement is a public safety matter, all such repair or replacement shall be commenced within twenty-four (24) hours of notice from the City, or the Public Works Director may direct the City to make such repair or replacement and bill the County for the City cost. The Public Works Director has the authority to inspect the repair or replacement of the damage, and, if necessary, to require the County to do any necessary additional work.

8.8. In connection with any public improvement undertaken by the City, the County shall pay for all manhole adjustment costs and shall provide the City with all appropriate riser rings.

8.9. All technical standards governing construction, reconstruction, installation, operation, testing, use, maintenance, and dismantling of a County's facilities in
the right-of-way shall be in accordance with applicable federal, state and local law and regulations, including those promulgated by national trade associations commonly associated with the service provided by the County. It is understood that the standards established in this paragraph are minimum standards and the requirements established or referenced in this Agreement may be in addition to or stricter than such minimum standards. The Public Works Director may require that any drawings, plans and/or specifications submitted be certified by a Kansas registered professional engineer stating that such drawings, plans and/or specifications comply with all applicable technical codes, rules and regulations, unless such plans are based directly on nationally recognized codes, which are appropriately cited, and attested to on the plans by the signature of an authorized official of the organization applying for the permit.

8.10. The County shall cooperate promptly and fully with the City and take all reasonable measures necessary to provide accurate and complete on-site information regarding the nature and horizontal and vertical location of its facilities located within the right-of-way, when a potential conflict is identified between the County facilities and the public improvement. Such location and identification shall be at the sole expense of the County without any expense to the City, its employees, agents, or authorized contractors.

9. **Facility Relocation.**

9.1 The County shall promptly remove, relocate or adjust any facilities located in private easement or in right-of-way if facilities pre-dated the existence of the right-of-way, as directed by the City, for a public improvement, at City expense, by moving such facilities to areas within the expanded right-of-way or within remaining private easements or remaining portions of such easements not condemned by nor disclaimed to the City to avoid conflict with City construction and improvements. The County shall disclaim those parts of its easements, which lie within the expanded right-of-way. Should the City, in the future, elect to require the County to again relocate its facilities to other areas within the expanded right-of-way, the cost of any such future relocation shall be borne by the City.

9.2 Unless the County facilities predate the existence of the right-of-way, the County shall promptly remove, relocate or adjust any facilities located in the right-of-way as directed by the City for a public improvement or when reasonably required by the City by reason of public safety. Such removal, relocation, or
adjustment shall be performed by the County and the cost of the same shall be allocated as follows:

9.2.1 For any CARS funded project, the City and the County shall share 50-50% in the cost of relocation of County facilities, including the cost of design.

9.2.2 For any SMAC funded project, the City and the County shall share 25% (City) - 75% (County) in the cost of relocation of County facilities.

9.2.3 When relocation is necessary for non-SMAC and non-CARS funded projects being constructed on property annexed by the City after 1995, as well as property annexed in the future, the City and the County will share the cost of the relocation of County facilities on a 50-50% basis.

9.2.4 For projects constructed on pre-1996 annexed property that does not utilize CARS and SMAC funding, the County will pay 100% of the cost of relocation of its facilities.

A flow chart graphically depicting the allocations set forth above, is attached hereto, as Exhibit A, and is incorporated herein by reference. Relocations shall be specifically subject to rules, regulations and schedules of the City. The County shall proceed with relocations with due diligence upon notice from the City.

9.3 The parties acknowledge that prior to entering into this Agreement, the City routinely included in the project the relocation of County facilities whenever undertaking a public improvement. In the past, the design, bid letting, and construction of the relocated County facilities was completed by the City. Notwithstanding anything to the contrary contained in this Agreement, the parties acknowledge and agree that the City shall, at the request of the County, continue to include the relocation of the County's facilities whenever a public improvement requires the relocation of County facilities. Upon receipt of a payment request from the City that documents actual relocation costs incurred, the County shall promptly reimburse the City for any and all relocation costs attributable to the design, bid letting, and construction of the County's facilities according to the cost formulas set forth in Sections 9.1 and 9.2 above. For purposes of this Section 9.3, the City shall act on its own behalf and not as the County's agent in connection with contracting for relocations undertaken pursuant to this Section 9.3 and the County shall have no duty or obligation to indemnify the City or its agents or contractors for any Loss arising out of work
associated with relocations undertaken pursuant to this Section 9.3. The City agrees that it shall not, in any document, represent that it is acting as the County's agent in connection with the relocation of the County's facilities.

9.4 As soon as working drawings are available for public improvements that may require the County to relocate its facilities, the City shall provide the County with written notice of potential relocations and the anticipated bid letting date of said improvement. The County shall respond with any conflicts and a proposed construction schedule within thirty (30) days.

9.5 Following notice by the City in the form of the delivery of final design plans for such public improvements, the County shall remove, and relocate its facilities in accordance with the mutually agreed upon schedule, provided the project is not delayed by adverse weather conditions and other factors beyond the control of the County. The County shall notify to the City, in writing, that its facilities have been relocated or adjusted in accordance with project plans provided by the City.

9.6 Any damages suffered by the City, to the extent caused by County's failure to timely relocate or adjust its facilities, or failure to properly relocate or adjust such facilities, shall be borne by the County.

9.7 It is the intent of this section for both the City and the County to cooperate with one another so that the need for facility relocation is minimized and, when required and feasible, relocations may be completed prior to receipt of bids by the City for a public improvement.

10. Protection of the Public.

10.1. It shall be the responsibility of the County to take adequate measures to protect its facilities in the right-of-way from damage.

10.2. The City shall not be liable for any damage to or loss of any of the County's facilities within the right-of-way as a result of or in connection with any construction, excavation, grading, filling or work of any kind, including public improvements by or on the behalf of the City, except to the extent caused by the negligent, willful, intentional, or malicious acts or omissions of the City.

10.3. The County shall be responsible to the City and its agents, representatives, and authorized contractors for all damages suffered by them including, but not limited to delay damages, repair costs, construction delays, penalties or other expenses of any kind arising out of the failure of the County to perform any of its obligations under this Agreement to the extent caused by the acts or omissions of the County.
10.4. The City or its authorized contractors shall be responsible for taking reasonable precautionary measures including calling for facility locations.

10.5. If for any purpose, the County makes or causes to be made any excavation in, upon, under, through or adjoining any street, sidewalk, alley or other right-of-way, and shall leave any part or portion thereof open, or shall leave any part or portion thereof disrupted with rubbish, building or other material during construction and/or the night time, shall cause the same to be enclosed with good substantial and sufficient barricades or drums equipped with the appropriate type warning lights and orange safety fencing material which is properly secured around the excavation or the disruption.

10.6. Whenever the County excavates the full width of any street, sidewalk, alley, driveway approach or other right-of-way, it shall be its duty to maintain an adequate passage for vehicles and pedestrians across or around the excavation until it is refilled as specified.

10.7. Any excavation left open overnight on any thoroughfare or collector type street shall be securely covered, if possible. The County assumes the sole responsibility for maintaining proper barricades, plates, safety fencing and/or lights as required from the time of opening of the excavation until the excavation is surfaced and opened for travel.

10.8. The City Engineer, upon the review and approval of a plan and details for trimming trees in the right-of-way, may grant permission by permit to the County to trim trees upon and overhanging the right-of-way so as to prevent the branches of such trees from coming in contact with the work of the County.

10.9. The parties acknowledge that the City desires to preserve existing trees located within the right-of-way. If, in the opinion of the City Engineer, a contemplated installation or relocation of the County’s facilities is detrimental to the health and safety of the mature trees along the proposed alignment of the County’s facilities, the City and the County will discuss alternative alignments that would avoid damage to the trees. Any anticipated additional costs to be incurred by the County, that are attributable to the agreed upon proposed alignment, will be allocated between the parties by agreement.

10.10. Upon the appropriate request of any person having satisfied City procedure and ordinances, the County shall remove, raise, or lower its above ground facilities temporarily to permit the moving of houses or other structures. The expense of such temporary removal, raising or lowering shall be paid by the person requesting the same, and the County may require such payment in advance.
The County must be given not less than fifteen (15) days written notice from the person detailing the time and location of the moving operations, and not less than 24-hours advance notice from the person advising of the actual operation.

10.11. Upon reasonable notification, the County will raise, lower, or otherwise adjust any facility in the City right-of-way due to City maintenance and repair operations. Unless the County facilities predate the existence of the right-of-way, there will be no cost to the City for this work.

11. **Right-of-way Vacation.**

11.1. If the City vacates a right-of-way which contains the facilities of the County, and if the vacation does not require the relocation of the County’s facilities, the City shall reserve, to and for itself and the County, an easement for the right to install, maintain and operate any facilities in the vacated right-of-way and to enter upon such vacated right-of-way at any time for the purpose of reconstructing, inspecting, maintaining or repairing the same.

11.2. If the vacation requires the relocation of facilities, and

11.2.1. If the vacation proceedings are initiated by the County, the County must pay the relocation costs.

11.2.2. If the vacation proceedings are initiated by the City, the County must pay the relocation costs unless otherwise agreed to by the City and the County.

11.2.3. If the vacation proceedings are initiated by a person other than the County or the City, such other person must pay the relocation costs in accordance with the City’s Right-of-Way Management Ordinance.

12. **Abandoned and Unusable Facilities.**

12.1. The County must either:

12.1.1. Keep a record of its abandoned facilities located in the right-of-way, or

12.1.2. Remove its abandoned facilities located in the right-of-way, and replace or restore any damage or disturbance caused by the removal at its own expense.

13. **Permit Requirement.**

13.1. Except as otherwise provided, the County will not excavate any right-of-way or conduct any repair, construction, or reconstruction of facilities located within
the right-of-way without first having obtained the appropriate right-of-way permit.

13.2. No permit shall be required to perform routine service operations which do not require excavation in the right-of-way and do not disrupt traffic for more than four (4) hours.

13.3. A right-of-way permit will be obtained for emergency situations. If due to an emergency it is necessary for the County to immediately perform work in the right-of-way, and it is impractical for the County to first get the appropriate permit, the work may be performed, and the required permit shall be obtained as soon as possible during the next City working day.

13.4. The County will not excavate the right-of-way beyond the date or dates specified in the right-of-way permit unless the County:

13.4.1. Makes a supplementary application for another right-of-way permit before the expiration of the initial permit, and,

13.4.2. A new right-of-way permit or permit extension is granted.

13.5. Right-of-way permits issued shall be conspicuously displayed by the County at all times at the indicated work site and shall be available for inspection by the City Engineer, other City employees and the public.

13.6. Prior to the commencement of excavation, the County shall identify and locate any buried facilities to be spray painted according to the Uniform Color Code required by the Kansas One Call.

13.7. All excavations by the County shall have a metal marker inserted into the excavation of the restored pavement, which shall identify the County.

13.8. If the County is found to be working in the public right-of-way without a permit, the County will be directed to stop work until a permit is acquired and properly posted at the work site. The only exception allowed is for emergency repair work.

13.9. If the County is found to be working without providing for required safety and traffic control, it will be directed to stop work until the appropriate measures are implemented in accordance with the current edition of the Manual on Uniform Traffic Control Devices.

14. Permit Applications.
14.1. Application for a right-of-way permit shall be submitted to the Public Works Director either by the County or by the person who will do the work and/or excavation in the right-of-way.

14.2. Right-of-way applications shall contain and be considered complete only upon receipt of the following:

14.2.1. Submission of a completed permit application form, including all required attachments, sketches or scaled drawings showing the location and area of the proposed project and the location of all existing and proposed facilities at such location;

14.2.2. A traffic control plan if necessary;

15. **Liability Insurance, Performance and Maintenance Bond Requirement.**

15.1. The County shall require any contractor performing work on behalf of the County to carry liability insurance with an insurance company licensed to do business in Kansas. The City shall be named as additional insured on said policies. The amount will be not less than one million dollars ($1,000,000) per occurrence and two million dollars ($2,000,000) in aggregate. The insurance will protect the City from and against all claims by any person whatsoever for loss or damage from personal injury, bodily injury, death, or property damage to the extent caused or alleged to have been caused by the negligent acts or omissions of the County and its contractor.

15.2. A copy of the Liability Insurance Certificate for the District’s sub-contractor must be on file with the City Clerk.

16. **Fees.**

16.1. The County will pay no right-of-way permit fee.

16.2. The City will pay no plan review fee for any City project.

17. **Issuance of Permit.**

17.1. When the Public Works Director determines that the work has satisfied the requirements of this Agreement, the Public Works Director shall issue a right-of-way permit.

17.2. The Public Works Director may impose reasonable conditions upon the issuance of a right-of-way permit and the performance of the County’s work in order to protect the public health, safety and welfare, to ensure the structural integrity of the right-of-way, to protect the property and safety of other users of the right-of-way, and to minimize the disruption and inconvenience to the traveling public.
17.3. Issued permits are not transferable.

17.4. Except for a relocation of the County's facilities under Section 9.3 of this Agreement, if work is being done for the County by another person, a contractor or otherwise, the person doing the work and the County shall be liable and responsible for all damages, obligations, and warranties herein described.

18. Permitted Work.

18.1. The County shall not make any cut, excavation or grading of right-of-way other than excavations necessary for emergency repairs without first securing a right-of-way permit.

18.2. The County shall not at any one time open or encumber more of the right-of-way than shall be reasonably necessary to enable the County to complete the project in the most expeditious manner.

18.3. The County shall, in the performance of any work required for the installation, repair, maintenance, relocation and/or removal of any of its facilities, limit all excavations to those excavations that are necessary for efficient operation.

18.4. The County shall not permit such an excavation to remain open longer than is necessary to complete the repair or installation.

18.5. The County shall notify the City no less than three (3) working days in advance of any construction, reconstruction, repair, location or relocation of facilities which would require any street closure or which reduces traffic flow to less than two (2) lanes of moving traffic for more than four (4) hours. Except in the event of an emergency as reasonably determined by the County, no such closure shall take place without notice and prior authorization from the City.

18.6. Non-emergency work on arterial and collector streets may not be accomplished during the hours of 7:00 AM to 8:30 AM and 4:00 PM to 6:00 PM, in order to minimize disruption of traffic flow.

18.7. All work performed in the right-of-way or which in any way impacts vehicular or pedestrian traffic shall be properly signed, barricaded, and otherwise protected at the County's expense. Such signage shall be in conformance with the latest edition of the Manual on Uniform Traffic Control Devices, unless otherwise agreed to by the City.

18.8. The County shall obtain locates in conformance with the Kansas Underground Utility Damage Prevention Act "Kansas One Call" system, and notice shall be provided directly to Kansas City Power and Light (KCPL) or to the Traffic
Operations section of the Public Works Department with respect to any municipal traffic signal and street light systems, as appropriate.

18.9. The County shall be liable for any damages to underground facilities due to excavation work prior to obtaining location of such facilities, or for any damage to underground facilities that have been properly identified prior to excavation. The County shall not make or attempt to make repairs, relocation or replacement of damaged or disturbed underground facilities without the approval of the owner of the facilities.

18.10. Whenever there is an excavation by the County, the County shall be responsible for providing adequate traffic control to the surrounding area as determined by Public Works Director of the City. The County shall perform work on the right-of-way at such times that will allow the least interference with the normal flow of traffic and the peace and quiet of the neighborhood.

18.11. All facilities and other appurtenances laid, constructed and maintained by the County shall be laid, constructed and maintained in accordance with acceptable engineering practice and in full accord with any and all applicable engineering codes adopted or approved by the parties and in accordance with applicable statutes of the State of Kansas, as well as the rules and regulations of any other local, state or federal agency having jurisdiction over the parties.

18.12. Following completion of permitted work for new construction, the County shall keep, maintain and provide to the City accurate records and as-built drawings, drawn to scale as accurately depicting the location of all utility facilities constructed pursuant to the permit. When available to the County, maps and drawings provided will be submitted in AUTOCAD.DXF or AUTOCAD.DWG automated formats if available, or in hard copy otherwise. The Public Works Director may waive this requirement.

18.13. The City may use the as-built records of the County's facilities in connection with public improvements.

19.1. The work to be done under the right-of-way permit and the repair and restoration of the right-of-way as required herein must be completed within the dates as specified in the permit. However, in the event of circumstances beyond the control of the County or when work was prohibited by unseasonable or unreasonable conditions, the Public Works Director may extend the date for
completion of the project upon receipt of a supplementary application for a permit extension.

19.2. All earth, materials, sidewalks, paving, crossing, utilities, public improvement or improvements of any kind damaged or removed by the County shall be fully repaired or replaced promptly by the County at its sole expense and the reasonable satisfaction of the City. The Public Works Director has the authority to inspect the repair or replacement of the damage, and if necessary, to require the County to do the additional necessary work. Notice of the unsatisfactory restoration and the deficiencies found will be provided to the County and a reasonable time not to exceed fifteen days will be provided to allow for the deficiencies to be corrected, unless parties agree to an extension.

19.3. After any excavation, the County shall, at its expense, restore all portions of the right-of-way to the same condition or better condition than it was prior to the excavation thereof.

19.4. In addition to repairing its own street cuts, the County must restore any area within five (5) feet of the new street cut that has previously been excavated, including the paving and its aggregate foundations.

19.5. If the County fails to restore the right-of-way in the manner and to the condition required by the City Engineer, or fails to satisfactorily and timely complete all restoration the City may, at its option, serve written notice upon the County that, unless within five (5) days after serving of such notice, a satisfactory arrangement can be made for the proper restoration of the right-of-way, the City may take over the work and prosecute same to completion, by contract or otherwise at the expense of the County, and the County shall be liable to the City for any and all excess cost assumed by the City by reason of such prosecution and completion.

19.6. If during excavation, the County leaves any debris in the right-of-way, it shall be responsible for providing safety protection in accordance with the latest edition of the Manual of Uniform Traffic Control Devices and any applicable federal or state requirement.

19.7. If an excavation cannot be back-filled immediately and must be left unattended, the County shall secure and adequately cover the unfilled excavation. The County has sole responsibility for maintaining proper barricades, safety fencing and/or lights as required, from the time of the opening of the excavation until the excavation is surfaced and opened for travel.
19.8. In restoring the right-of-way, the County guarantees its work and shall maintain it for thirty-six (36) months following its completion. Any necessary restoration work shall be completed within a reasonable time, not to exceed thirty (30) calendar days, of the receipt of notice from the Public Works (not including days during which work cannot be done because of circumstances constituting Force Majeure or days when work is prohibited as unseasonable or unreasonable).

20. **Supplementary Applications.**

20.1. A right-of-way permit shall be valid only for the area of the right-of-way specified within the permit. The County may not cause any work to be done outside the area specified in the permit, except as provided herein. If the County determines that an area greater than that which is specified in the permit must be excavated, the County will apply to amend the permit.

20.2. A right-of-way permit shall be valid only for the dates specified in the permit. The County may not commence work before the permit start date or, except as provided herein, continue working after the end date. If the County does not complete the work by the permit end date, the County must apply for and receive a new right-of-way permit or a permit extension for additional time.

21. **Other Obligations.**

21.1. The County shall perform all work in full accord with any and all applicable engineering codes adopted or approved by the parties and in accordance with applicable statutes of the State of Kansas, or any other local, state or federal agency having jurisdiction over the parties. The County shall perform all work in conformance with all applicable codes and established rules and regulations and shall be responsible for all work done in the right-of-way pursuant to its permit, regardless by whom the work is done by.

21.2. Except in cases of an emergency and with approval of the City Engineer, no right-of-way work may be done when conditions are unreasonable for such work.

21.3. The County shall not disrupt a right-of-way such that the natural free and clear passage of water through the gutters or other waterways is interfered with. Private vehicles may not be parked within or next to the permit area.

22. **Denial of Permit.**

22.1. The Public Works Director may deny a permit to protect the public health, safety and welfare, to prevent interference with the safety and convenience of ordinary
travel over the right-of-way, or when necessary to protect the right-of-way and its users. The City Engineer, at his discretion, may consider one or more of the following factors in denial of the permit.

22.1.1. The extent to which the right-of-way space where the permit is sought is available;

22.1.2. The competing demands for the particular space in the right-of-way;

22.1.3. The availability of other locations in the right-of-way or in other right-of-way for the facilities of the County;

22.1.4. The applicability of any ordinance or other regulations that affect location of facilities in the right-of-way;

22.1.5. The degree of disruption to surrounding communities and businesses that will result from the use of that part of the right-of-way;

22.1.6. The condition and age of the pavement, which was constructed or reconstructed within the preceding five (5) years;

22.1.7. The balancing of costs of disruption to the public and damage to the right-of-way, against the benefits to that part of the public served by the construction in the right-of-way;

22.1.8. Whether the issuance of a right-of-way permit for the particular dates and/or time requested would cause a conflict or interferes with an exhibition, celebration, festival, or any other event. In exercising this discretion, the Public Works Director shall be guided by the safety and convenience of anticipated travel of the public over the right-of-way.

22.2. Notwithstanding the above provisions, the Public Works Director may in his discretion issue a right-of-way permit in any case where the permit is necessary to:

22.2.1. Prevent substantial economic hardship to a user of the County's service;

22.2.2. Allow such user to materially improve the service provided by the County.

23. **Revocation/Breach of Permit.**

23.1. If the Public Works Director determines that the County has committed a substantial breach of any condition placed on the right-of-way permit, the Public Works Director shall make a written demand upon the County to remedy such
breach. The demand shall state that the continued breach may be cause for revocation of the permit, or legal action if applicable. Further, a substantial breach, as stated above, will allow the City Engineer, at his discretion, to place additional or revised conditions on the right-of-way permit, specifically related to the manner in which the breach is cured by the County. Within five (5) calendar days of receiving notification of the breach, County shall contact the Public Works Director with a plan, acceptable to the City Engineer, for correction of the breach. County’s failure to contact the City Engineer, County’s failure to submit an acceptable plan, or County’s failure to reasonably implement the approved plan shall be cause for immediate revocation of the right-of-way permit.

23.2. The County holds right-of-way permits issued pursuant to this Agreement as a privilege and not as a right. The City reserves its right, as provided herein, to revoke any right-of-way permits, without refund of the permit fee, in the event of a substantial breach of the terms and conditions of any law or the right-of-way permit. A substantial breach shall include, but not be limited to the following:

23.2.1. The violation of any material provision of the right-of-way permit;

23.2.2. An evasion or attempt to evade any material provision of the right-of-way permit, or the perpetration or attempt to perpetrate any fraud or deceit upon the City or its citizens;

23.2.3. Any material misrepresentation of any fact in the permit application;

23.2.4. The failure of the County’s contractors to maintain the required insurance;

23.2.5. The failure to complete the work in a timely manner;

23.2.6. The failure to correct a condition indicated on an order issued pursuant to this Agreement;

23.2.7. Repeated traffic control violations; or

23.2.8. Failure to repair facilities damaged in the right-of-way.

23.3. If a right-of-way permit is revoked, the County shall also reimburse the City for the City’s reasonable costs, including administrative costs, restoration costs and the costs of collection and reasonable attorneys’ fees incurred in connection with such revocation.

24. Work Requirements and Inspections.
24.1. Any excavation, back filling, repair and restoration, and all other work performed in the right-of-way shall be done in conformance with the City's Manual of Infrastructure Standards as promulgated by the City Engineer.

24.2. The County shall notify the office of the Public Works Director upon completion of the authorized work permit.

24.3. The County will notify the Public Works Director to schedule an inspection at the start of back filling. Upon completion of all right-of-way restoration activities, the County will schedule a closeout inspection.

24.4. When any corrective actions required have been completed and inspected to the City Engineer's satisfaction, the thirty-six (36) month maintenance period will begin.

24.5. In addition to the required scheduled inspections, the Public Works Director may choose to inspect the ongoing permitted work in the right-of-way at any time to ensure that all requirements of the approved permit are being met by the County.

24.6. At the time of any inspection, the Public Works Director may order the immediate cessation of any work which poses a serious threat to the life, health, safety, or well being of the public. The Public Works Director may issue a citation to the County for any work which does not conform to the applicable standards, conditions, code or terms of the permit. The citation shall state that failure to correct the violation will be cause for revocation of the permit.

25. **Indemnification.**

25.1. The County shall indemnify, defend and hold harmless the City, its council members, officers, employees, agents, contractors, or suppliers from and against all loss, as defined by this Agreement, where loss is caused or incurred or alleged to be caused or incurred in whole or in part as a result of the negligence or other actionable fault of the County, its employees, agents, contractors or suppliers in the execution of work under this Agreement or any permit issued to the County hereunder. This indemnity shall apply notwithstanding the joint, concurring or contributory or comparative fault or negligence of the City or any third party and, further, notwithstanding any theory of law including, but not limited to, a characterization of the City's or any third party's joint, concurring or contributory or comparative fault or negligence as either passive or active in nature. Nothing contained herein shall be deemed to impose any obligation to
indemnify the City for relocation of County facilities undertaken by the City pursuant Section 9.3 of this Agreement.

25.2. The parties agree to timely notify one another of any such claim, demand, suit, proceeding, and/or action by providing written notice via certified mail. Nothing herein shall be deemed to prevent the City from participating in the defense of any litigation by its own counsel at its own expense.

25.3. Nothing in this section shall be deemed to impose liability on the County to indemnify the City for loss when the City's negligence or other actionable fault is the sole cause of loss.

25.4. The issuance of a permit by the City shall in no event be deemed an act of negligence on the part of the City.

26. **Force Majeure.**

26.1. Each and every provision hereof shall be subject to acts of God, fires, strikes, riots, floods, war and other circumstances beyond the County's or the City's control.

27. **Federal, State and City Jurisdiction.**

27.1. This Agreement shall be construed in a manner consistent with all applicable federal, state, and local laws. Notwithstanding any other provisions of this Agreement to the contrary, the construction, operation and maintenance of the County's facilities shall be in accordance with all laws and regulations of the United States, the state and any political subdivision thereof, or any administrative agency thereof, having jurisdiction. In addition, the County shall meet or exceed the most stringent technical standards set by regulatory bodies, including the City, now or hereafter having jurisdiction. The County's rights are subject to the police powers of the City to adopt and enforce this Agreement necessary to the health, safety, and welfare of the public. The County shall comply with all applicable laws enacted pursuant to that power. Finally, failure of the County's to comply with any applicable law or regulation may result in a forfeiture of any permit or authorization granted in accordance with this Agreement.

28. **Severability.**

28.1. If any section, subsection, sentence, clause, phrase, or portion of this Agreement is for any reason held invalid or unconstitutional by any court or administrative agency of competent jurisdiction, such portion shall be deemed a separate,
distinct, and independent provision and such holding shall not affect the validity
of the remaining portions hereof.

29. **City's Failure to Enforce.**

29.1. The City's failure to enforce or remedy any noncompliance of the terms and
conditions of this Agreement or of any permit granted hereunder shall not
constitute a waiver of the City's rights nor a waiver of the County's obligation as
herein provided.

30. **Enforcement.**

30.1. The breach of any provision of this Agreement is hereby deemed to be grounds
for revocation of the permit to operate within the City.

30.2. The City shall have the authority to maintain civil suits or actions in any court
of competent jurisdiction for the purpose of enforcing the provisions of this
Agreement. In addition to any other remedies, the City Attorney may institute
injunction, mandamus or other appropriate action or proceeding to correct a
breach of this agreement.

31. **Reservation of Rights.**

31.1. In addition to any rights specifically reserved to the City by this Agreement, the
City reserves unto itself every right and power which is required to be reserved
by a provision of any ordinance, permit or other authorization granted under
this Agreement. The City shall have the right to waive any provision of this
Agreement, or any permit granted, except those required by federal or state law,
if the City determines as follows: (a) that it is in the public interest to do so; and
(b) that the enforcement of such provision will impose an undue hardship on the
County. To be effective, such waiver shall be evidenced by a statement in
writing signed by a duly authorized representative of the City. Further, the City
hereby reserves to itself the right to intervene in any suit, action or proceeding
involving the provisions herein.

31.2. Notwithstanding anything to the contrary set forth herein, the provisions of this
Agreement shall not infringe upon the rights of the County pursuant to any
applicable state or federal statutes, including, but not limited to the right to
occupy the right-of-way.

32. **Successors and Assigns.**

32.1. The City and the County bind themselves, their successors, assigns, and legal
representatives to the other party hereto and to successors, assigns, and legal
representatives of such party in respect to covenants, agreements, and obligations contained in this agreement.

33. **Survival of Action.**

33.1. All guarantees, indemnifications and rights of either party that accrues or arises out of this Agreement or any permit issued hereunder shall survive the termination date of this Agreement and expiration of any permit issued to the District.

34. **Term.**

34.1. This agreement shall be effective for a term of one (1) year from January 1, 2002. This agreement shall renew annually unless either party gives notice of their intent to terminate the agreement ninety (90) days prior to the end of the then current term.

**IN WITNESS WHEREOF,** the City and the County have caused this Agreement to be executed on the date hereinabove written.
