Juvenile Accountability Incentive Block Grant (JAIBG)
Johnson County Information Sheet

What is JAIBG? JAIBG is a federally funded program that provides states and local units of government with additional resources to respond to juvenile crime. The state’s Juvenile Justice Authority (JJA) oversees the Kansas Grant. In FFY98 the combined block grant for allocation was $325,991. In FFY99 the grant was $320,282. In FFY2000 it was $374,418. For FFY2001 (June 2002-July 2003) the amount is $388,890.

How do units of government participate? Grants are allocated to cities and counties according to a state-wide formula. To participate, the jurisdiction must agree to pool funds with other eligible jurisdictions within Johnson County and provide a 10% match. Jurisdictions may name a representative to serve on the grant review committee to make funding decisions.

What jurisdictions are eligible? Leawood, Lenexa, Merriam, Mission, Olathe, Overland Park, Prairie Village, Shawnee, and Johnson County.

What programs have been funded? Federal guidelines require the funds to be used to improve the juvenile justice system and administer accountability-based sanctions. Locally the majority of funds have been targeted to Juvenile Intake and Assessment Center to support 24-hour booking. Other programs funded during FY2000 included Youth Community Service (Volunteer Center of Johnson County), Night Lights (Juvenile Court Services), Out-of-Home On-Site Intensive Counseling (KEYS), and Functional Family Therapy (Intensive Family Counseling).

How are funding decisions made? Johnson County Children’s Coordinating Council, a project of United Community Services of Johnson County (UCS), is designated to make funding decisions. A grant review committee, comprised of representatives from the Children’s Coordinating Council, Juvenile Crime Advisory Board, and jurisdictions set funding priorities, review applications, and make funding recommendations. Funding priorities are guided by the Johnson County Juvenile Justice Comprehensive Strategic Plan.

When are decisions made? Juvenile Justice Authority usually notifies communities in late January or early February about the next fiscal year awards. A proposal for how each county will expend funds is due to the state in late spring. To meet this time frame, the grant review committee will meet two to three times between late January and April. A report will be made to the Children’s Coordinating Council in April. Jurisdictions will receive a report by the end of April.

Who coordinates the Johnson County grant? United Community Services serves as the administrative agent to work with the state, local jurisdictions, and grant recipients.

B. The County has levied, and intends to continue to levy, a county-wide retailers' sales tax in the amount of one-tenth of one percent for the purpose of paying for the cost of stormwater management and flood control projects.

C. The County and the City desire to express their continuing commitment to joint and cooperative efforts to alleviate flooding, stormwater runoff, streamway protection, pollution prevention, and other environmental concerns, including applicable state and federal regulations and mandates.

D. The County and the City hereby amend and restate their Interlocal Agreement as set forth below with the intent that the Interlocal Agreement shall continue in full force and effect as modified by this Agreement.

AGREEMENT

1. PURPOSE. The purpose of this Agreement is to establish a program for the purposes of (i) conducting or obtaining studies, assessments, updates and engineering services to identify, evaluate, and recommend stormwater and flood control facilities, improvements, activities, and projects; (ii) planning, constructing, maintaining, and managing stormwater improvements; and (iii) implementing projects, activities, and practices consistent with, more stringent than, or for compliance with state or federal stormwater management, streamway protection, pollution prevention (including both surface and subsurface water), and other similar environmental regulations, including Phase II of the National Pollutant Discharge Elimination System (NPDES) which shall be financed by the county-wide retailers' sales tax levied in accordance with K.S.A. 19-3311. Nothing herein contained shall prevent either party here
from planning, constructing, maintaining or managing stormwater or flood control facilities under the provisions of any other law, statute, ordinance or resolution.

2. **FINANCING.** The program established by this Agreement will be financed by the levying of a county-wide one tenth of one percent retailers' sales tax. 3. **DESIGN OF PROJECTS AND DETERMINATION OF PRIORITIES.**

The parties acknowledge that the implementation of the County's Stormwater Management Program has been, and will continue to be, coordinated through the Stormwater Management Advisory Council and that funds derived from the sales tax authorized under K.S.A. 19-3311 have been used to develop and implement a county-wide comprehensive stormwater management and flood control plan, designed and implemented on a storm drainage basin-by-basin basis within the major watersheds located in Johnson County. The Stormwater Management Program has emphasized the prudent and efficient expenditure of project funds to correct storm drainage problems and plan for future stormwater management needs in accordance with adopted County policies and professional engineering standards and practices. The parties agree that all future program expenditures for these purposes shall be undertaken in accordance with the County's Stormwater Management Program Policies and Procedures and in accordance with the terms and conditions of any written agreement between the parties. c. The parties agree that the Stormwater Management Advisory Council shall continue to serve for the purpose of providing advice, consultation, communication, and coordination, as directed by the County, for projects under consideration or administration pursuant to this Agreement. The membership of
the Advisory Council shall be composed of one member appointed or designated by the County and one member from each municipality that has entered into an interlocal agreement with the County as contemplated by K.S.A. 19-3311.

6. NO LEGAL ENTITY CREATED. This Agreement creates no separate or independent legal entity.

7. DURATION. **GC-3 MOWING FREQUENCY**

The 2000 mowing schedule will begin on April 22nd 2002 and the last weekly cutting will be October 28th, 2002. This is 28 cuttings to all areas. A weekly cutting may be suspended, by the Park Supervisor, due to existing weather conditions. Examples would include: periods of heavy rain, or extended drought conditions. The weekly payment will be deducted from the monthly bill for mowing services.

**GC-4 FERTILIZATION**

Turf areas will be fertilized two (2) times during the contract period. The first application window is the first two (2) weeks of September at a rate of one pound of Nitrogen per one thousand square feet. The second application window is the first two weeks of November at a rate of one and one half (1 ½) pounds of actual Nitrogen per one thousand square feet.

Fertilizer type: The first fertilizer application will be a granular type fertilizer with a 3:1:1 ratio of N-P-K nutrients. 50% of the Nitrogen content will be in a non water soluble form. The second fertilizer application will be granular Urea with a N-P-K ratio of 34-0-0.

**NOTE AND EXCEPTION:** The two medians directly south of 119th Street on Roe Ave. are primarily comprised of Buffalograss. They shall be fertilized once during the month of June with a granular formulation (3:1:1 ratio) that will result in one pound of actual Nitrogen per one thousand square feet. Fifty percent of the Nitrogen shall be in the non-water soluble form.

**GC-5 WEED CONTROL**

Two applications of herbicide shall be applied during the contract period. The first application will be a pre-emergent herbicide. The target pest is crabgrass and other grassy weeds. Either Barricade or Dimension will be used to provide season long prevention. The application window is the last two weeks of March through the first week of April. The second application will be a post-emergent broad-leaf weed herbicide such as P.B.I. Gordon Super Trimec with the addition of a compatible spreader/sticker. Application window is the first two weeks of October.

Both applications must follow the manufacturers specified guidelines and recommended rates. Alternative broadleaf weed control brands may be used upon the prior approval of the Park Supervisor. A copy of the 2000 Traffic Median and Right-of-Way Pesticide and Fertilizer Record will be submitted with the monthly invoice when chemical applications have been made.

**NOTE AND EXCEPTION:** The two medians directly south of 119th Street on Roe Ave. are primarily comprised of Buffalograss. The first application of herbicide is the same as the other areas. The second application (post-emergent) will use Confront Herbicide and will be applied during the first two weeks of September.

Monthly applications of Roundup herbicide will be made to all medians in this contract that have pavers or concrete endcaps, to control any vegetation growing up through the cracks in these areas.

**REMEMBER:** The contractor must make verbal contact with the Park Supervisor prior to making any applications of fertilizer or herbicides. A copy of the 2000 Traffic Median Right-of-Way Pesticide Record must accompany the monthly invoice during that application month. This form is included in this contract document and may be copied as needed.

Patty, Please refer to item #1 below in regards to the insurance for Dick Pond. It appears that he is not intending to get the insurance as required per the contract. Of course this was never made clear to him as a requirement prior to signing it.

This might be one we need to contact Monty on. As we discussed yesterday, Martha needs either something to attach to the contract for her file or perhaps we reissue a new contract without the requirement.

Let me know what you think.

Chris,

Thank you for your message.

1. Dick Pond does not have such an insurance policy for himself. And is not interested in getting one....

2. I have a call in to Brad Zimmerman of Chestnut Fine Arts Center. I will talk to him.

I am off tomorrow. I will come in for a bit sometime during the day.

Also:

1. Kathy Roberts indicated that the Public Art Committee is working on putting together a committee to work on a Leawood Cultural Plan.

Patty, Please refer to item #1 below in regards to the insurance for Dick Pond. It appears that he is not intending to get the insurance as required per the contract. Of course this was never made clear to him as a requirement prior to signing it.

This might be one we need to contact Monty on. As we discussed yesterday, Martha needs either something to attach to the contract for her file or perhaps we reissue a new contract without the requirement.

Let me know what you think.

PROFESSIONAL ENGINEERING SERVICES AGREEMENT

BETWEEN

THE CITY OF LEAWOOD, KANSAS

AND

GEORGE BUTLER ASSOCIATES, INC.
CONSULTING ENGINEERS

ARTICLES OF AGREEMENT

This Agreement is between the CITY OF LEAWOOD, KANSAS, as “OWNER” and GEORGE BUTLER ASSOCIATES, INC., as “ENGINEER”.

WITNESSETH:

Whereas the OWNER is authorized and empowered to contract with the ENGINEER for professional services as hereinafter described; and

Whereas the ENGINEER, a Kansas Corporation with offices at 9801 Renner Boulevard, Lenexa, Kansas is registered in accordance with the laws of the State of Kansas and is registered in accordance with the professional engineering services described by the Owner; now, therefore,

IT IS AGREED THAT:

SECTION I - PROJECT

The Owner has determined to the satisfaction of its Governing body that Structural Inventory and Appraisals are to be prepared for 17 vehicular bridges (greater than 20 feet in length) that have been previously inventoried, one bridge that has never been inventoried before, and one jogging trail bridge that has been inventoried before, in the City of Leawood, as required by KDOT.

SECTION II - SERVICES TO BE PROVIDED BY THE ENGINEER

The Engineer, upon receipt of this Agreement, shall perform the following services pertaining to the project:

1. Review available data.
2. Make a field survey to visually assess the existing condition of the Old Mission Road bridge that is now a jogging trail bridge. An SIA will not be completed on this bridge and the evaluation will not be submitted to KDOT.

3. Make field surveys to visually assess the existing condition of 1 vehicular bridge never before inventoried on 143rd Street east of Granada.

4. Make field surveys to visually assess the existing condition of the following 17 vehicular bridges that have been inventoried before:

   A. 119th Street over Tomahawk Creek
   B. Lee Boulevard over Dykes Branch
   C. 86th Street over Dykes Branch
   D. Wenonga Road over Dykes Branch
   E. 83rd Street over Dykes Branch
   F. 103rd Street over James Branch
   G. State Line Road over Dykes Branch
   H. Roe Avenue over Tomahawk Creek
   I. Mission Road over Indian Creek
   J. State Line (Northbound) over Indian Creek
   K. State Line (Southbound) over Indian Creek
   L. Mission Road (between 143rd and 151st)
   M. Mission Road (between Bell Drive and 151st Street)
   N. 85th Terrace near High Drive
   O. 83rd Street (between Sagamore and Overbrook)
   P. 83rd Street (between Belinder and Meadow)
   Q. College Boulevard over Tomahawk Creek

5. Prepare Structural Inventories and Appraisals (SIA) for the vehicular bridges as required by KDOT.

6. Submit required copies of SIA's to City and KDOT.

7. On vehicular bridges only, the following services will be provided;

   A. The ENGINEER shall obtain from plans, if available, the roadway and/or bridge overtopping frequency. If not available, the Engineer shall make the best determination of overtopping frequency based on high-water marks, and engineering judgement. The Engineer shall also make the appraisal rating of the waterway adequacy based on the overtopping frequency and functional classification of the roadway.
B. The Engineer shall determine and prepare a list, at the time of the inspection of all bridges over waterways, the type of underwater inspection required. Following are the descriptions of the various types of underwater inspections:

Type I - Structures that are currently dry or in shallow and clear water such that visual inspection is possible.

Type II - Structures with substructure elements that are not visible from above the surface of the water and the water depth at the time of the inspection is generally four (4) feet at time of inspection and substructure elements are accessible by wading. If the depth of the water at the time of the inspection is greater than four (4) feet or the stream current is too strong for wading, then the inspection would be reidentified as a Type III inspection.

Type III - Structures that at the time of inspection are in water greater than four (4) feet deep or are inaccessible by wading because of swift current. These structures should be inspected by boat with necessary equipment to profile the channel bottom and possibly detect previous scour. Diving (Type IV inspections) may be required for some Type III classified bridges.

Type IV - Structures that are inundated by water year round and require a diver to gain access to substructure elements.

Note: All underwater inspections identified as Type I or Type II shall be completed by the Engineer under this contract. Remaining underwater inspections identified as Type III or Type IV shall not be inspected under this contract, but shall be included on the list prepared by the Engineer as noted in the first sentence of this item.

C. The Engineer shall prepare a list of fracture critical bridges, indicating the fracture critical members involved and location on the bridge of those members.

D. The Engineer shall prepare a list of abutment foundation types as per foundation classification descriptions shown in the KDOT Supplemental Coding Guide for Bridge Inspection and Rating, item number 207, as well as a
list of unknown foundation types, both pier and abutments as well as a list of the underlying geological material of those known foundation types both pier and abutments.

E. The AASHTO Manual allows an engineer to make a load rating evaluation strictly from a physical inspection in the case where necessary details such as location of reinforcement in a concrete bridge are not available from plans or field measurements. It is imperative that the engineer exhaust all efforts to locate plans or field measurements before utilizing this method of load rating. The AASHTO Manual indicates that for concrete bridges where details of reinforcement are not available, the bridge shows no signs of distress, and has been carrying normal traffic, it need not be posted. However, the Engineer shall advise the LPA, in the bridge inspection report, that the bridge shall be inspected at frequent intervals for any distress signs.

SECTION III – ADDITIONAL SERVICES

The following additional services shall be furnished by the Engineer upon receipt of a written request from the Owner:

1. Services resulting from significant changes in the general scope of project including, but not limited to, changes in size, complexity, or Owner's schedule.

2. Preparing to serve or serving as a Consultant or expert witness for the Owner in any litigation, or other legal or administrative proceedings involving the project.

3. Additional services in connection with the project not otherwise provided for in this Agreement.

SECTION IV – RESPONSIBILITIES OF THE OWNER

The Owner shall provide information, assistance, and compensation as follows:

1. The Owner shall designate a Representative with whom the Engineer shall coordinate all services to be provided under this Agreement. It is anticipated that the Owner's Representative will be the Director of Public Works.

2. Place at the disposal of the Engineer, all available reports, maps, plans, traffic counts and other data pertinent to the services required under this Agreement.
3. Furnish (or Contract with the Engineer or with a Consultant to furnish on a mutual agreement basis) all labor, tools, and facilities to provide for subsurface explorations and investigations, where and if required by mutual agreement of both parties.

4. Pay for the cost of any mutually agreed upon shop or laboratory tests.

5. Furnish to the Engineer, a signed copy of this Agreement. Guarantee access to and make all provision for the Engineer to enter public and private property as required to perform services covered by this Agreement.

6. Furnish approvals and permits from all Governmental authorities having jurisdiction over the project and such approvals and consents from others as may be necessary for completion of the project.

7. Reimburse the Engineer for professional services as follows:

   A. **Basis of Compensation:**

      The compensation for SERVICES TO BE PROVIDED BY THE ENGINEER as described in SECTION II above, shall be based on the lump sum amount of $7,800.00.

   B. **Additional Services:**

      If ADDITIONAL SERVICES as described in SECTION III are authorized by the Owner, the lump sum compensation for said services shall be increased in a manner mutually agreeable to both the Owner and the Engineer.

   C. **Payment Schedule:**

      1. The Engineer shall submit invoices to the Owner on a monthly basis covering services which they have provided during the previous month. Invoices shall be based on the percentage of completion for that month. The Owner shall make payment to the Engineer within a period not to exceed thirty (30) days from the date of each invoice.

      2. The Engineer's billings shall be consistent with their progress in completing the services covered by this Agreement.

**SECTION V - MISCELLANEOUS**

And, finally it is agreed that:
1. Services hereunder shall be carried to completion without undue interruption. Subject to acquisition of essential data from the Owner, the services hereunder shall receive normal priority over subsequent authorizations of other clients of the Engineer.

2. All documents, including drawings, specifications, and computer software prepared by the Engineer pursuant to this Agreement are instruments of service in respect to this pursuit. They are not intended or represented to be suitable for reuse by Owner or others on extensions of this project or any other project. Any reuse without verification or adaptation by Engineer for the specific purpose intended will be at Owner’s sole risk and without liability or legal exposure to Engineer. Any verification or adaptation will entitle Engineer to further compensation at a rate to be agreed upon by the Owner and Engineer.

3. In an effort to resolve any conflicts that arise during the Project or following the completion of the Project, the Owner and the Engineer agree that all disputes between them arising out of or relating to the Agreement shall be submitted to mediation as a condition precedent to any litigation, unless the parties mutually agree otherwise. The parties shall split the mediator’s fee equally between them.

4. The ENGINEER agrees, to the fullest extent permitted by law, to indemnify and hold the OWNER harmless from any loss, damage, or cost to the extent caused by the ENGINEER’S negligent acts, errors or omissions in the performance of professional services under this Agreement and those of the subconsultants or employees of the ENGINEER.

5. ENGINEER TO COMPLY WITH LAW. Engineer shall observe the provisions of the Kansas act against discrimination and shall not discriminate against any person in the performance of work under the Agreement because of race, religion, color, sex, disability, national origin or ancestry; in all solicitations Engineer will include the phrase “equal opportunity employer”; if Engineer fails to comply with the manner in which Engineer reports to the commission in accordance with the provisions of K.S.A. 44-1031 and amendments thereto, Engineer shall be deemed to have breached the present agreement and it may be canceled, terminated or suspended, in whole or in part, by Owner; if Engineer is found guilty of a violation of the Kansas act against discrimination under a decision or order of the commission which has become final, Engineer shall be deemed to have breached the present agreement and it may be canceled, terminated or suspended, in whole or in part, by Owner; and Engineer shall include the provisions of this paragraph in every subcontract or purchase order so that such provisions will be binding upon such subconsultant or vendor.
IN WITNESS WHEREOF, the CITY OF LEAWOOD AND GEORGE BUTLER ASSOCIATES INC., Consulting Engineers, by their authorized representatives have hereunto subscribed their names this 15th day of April, 2002.

MEMORANDUM

May 6, 2002

TO: Mayor & City Council

FROM: Beverly Hurley, Chairman, Leawood Historic Commission

RE: Grant proposal related to Oxford School

Since its inception in 1993, the Leawood Historic Commission has focused substantial effort in saving the Oxford School, circa 1877, located at 135th and Mission Road. Because of its location directly in the path of intensive development, the Oxford School’s continued existence requires that it be moved to another location and, thereafter, undergo extensive renovation.

The City of Leawood has provided a new home for the Oxford School in the new Ironwoods Park. Because groundbreaking for the park will take place in May 2002, it will be possible to move the structure sometime during the summer months, after its site is prepared. After the school is moved and renovated, it will become an integral part of the Ironwoods Park facilities, and will be used as a living history site for area residents, particularly students. The Leawood Parks and Recreation Department has already begun preparations for programming at the Oxford School.

The Leawood Historic Commission has successfully raised $170,000 of the $185,000 estimated total cost of this project. The amount available includes $137,000 committed by the Leawood City Council in 1999. The total cost of the project includes $15,000 that has been designated as “long-term or optional costs” in the construction budget. Those items include landscaping, stone foundation facing, security alarm, signage, and fencing.
Even though those items have been designated “long-term or optional,” the Leawood Historic Commission seeks to complete those items contemporaneously with the remainder of the project in order to do so in the most appropriate and economical manner. In particular, the stone facing of the foundation must be completed prior to the placement of the structure on its new foundation. The stone facing will duplicate the appearance of the school’s original stone foundation. The Leawood Historic Commission recently approved this budget item, subject to availability of funding.

Timely completion of those items will ensure immediate utilization of the Oxford School for its intended purpose in Ironwoods Park, as well as its security following relocation.

The Leawood Historic Commission has therefore decided to seek additional grant funding for these budget items. A draft grant proposal to the Courtney S. Turner Foundation, which has supported historic preservation efforts in the metropolitan area, has been prepared and is attached hereto. The Leawood Historic Commission seeks the approval of the Governing Body and the City Administrator of this grant proposal in order to timely seek full funding of the project.

Re: Grant Application of Leawood Historic Commission

Dear Mr. Ross:

The Leawood Historic Commission (LHC) hereby seeks grant funds from the Courtney S. Turner Foundation for the purpose of funding the relocation and renovation of the historic Oxford School located at 135th and Mission Road. The LHC seeks the assistance of the Courtney S. Turner Foundation because of its interest in, and record of support of, projects promoting regional history and historic preservation.

APPLICANT BACKGROUND
The LHC was created in 1993 by the City of Leawood, Kansas, for the purpose of protecting and preserving the historical, architectural and cultural heritage of Leawood, Kansas, and to make the heritage accessible to its citizens for their use and education. The City of Leawood provides the LHC with a modest annual operating budget. The LHC currently has nine volunteer members who are appointed by the Mayor and approved by the City Council. The LHC conducts monthly business meetings.

SCOPE OF APPLICANT'S WORK
Since its inception, the LHC has focused its efforts on identifying historic sites within the City of Leawood, establishing and maintaining a Leawood Register of Historic Places, compiling and maintaining archival materials relative to Leawood history, and engaging in educational activities relating thereto.

PROJECT FOR WHICH LHC SEEKS FUNDS
The project for which the LHC seeks funds is by far the most significant for the LHC, in terms of both effort and funding, and provided major impetus for the creation of the LHC nine years ago. The Oxford School is located directly in the path of development. It has been known since the LHC's inception that, in order to save the school, it would have to be relocated. In addition to the need for relocation, the school also requires substantial renovation.
SCOPE OF PROJECT
After exploring numerous options over the years, the LHC has located a permanent home for the Oxford School in the new Ironwoods Park, to be located at 146th and Mission Road. The relocated Oxford School has been incorporated into the plans for the new park, a copy of which is attached hereto.

Groundbreaking for the new park will take place early this summer. Immediately after the site becomes accessible and the foundation is completed, the structure will be moved to its new home. After the structure has been moved, it will be renovated consistent with accepted historic preservation standards, with slight modifications allowing for handicap accessibility and modernized utilities.

COST OF PROJECT
The total cost of the project, including items designated long-term or optional improvements, is currently estimated at $185,000. A copy of the construction budget is attached hereto. Although $15,000 of the current budget is designated as "long-term or optional," the items so designated, in order to be executed properly and most economically, should be completed contemporaneously with the remainder of the project.

The LHC currently holds, or has commitments for, $170,000 of the project costs. That amount includes $33,000 from private sources, including other grant funds, and $137,000 budgeted for the project by the City of Leawood. The LHC therefore requires an additional $15,000 for the project to be fully funded.

SIGNIFICANCE OF PROJECT
The Oxford School was built in 1877. It is one of the oldest structures located within the corporate limits of the City of Leawood. The City, which was incorporated in 1948, is not known for its historical fabric. In fact, only about a dozen structures dating from the 19th Century exist within the City. It is therefore vitally important for those physical remnants of the City's past to be preserved and protected.

The Oxford School is a one-room schoolhouse typical of the era immediately following Kansas' statehood in 1861. Of course, at that time, and in fact, until quite recently, the school was in a rural location. In the early years of the 20th Century, there were 9100 school districts in the state of Kansas, most of them represented by one-room schoolhouses such as the Oxford School.

The Oxford School was in use as a schoolhouse until the 1950s. Thereafter, it was used for a number of years as a house of worship. In recent years, it has been vacant, and stands on the corner of 135th and Mission Road in the midst of rapid urban expansion as a silent reminder of the area's former identity.

After the Oxford School is moved to its new home in Ironwoods Park, it will be used as a site for living history for students throughout the metropolitan Kansas City region. Programming and maintenance for the Oxford School will be assumed by the Leawood Parks and Recreation Department. The bucolic environment of the park will allow students to experience the one-room schoolhouse in a place that is consistent with its original setting. Plans are already

2
underway for its regular use as an instructional site for area students, who will have a permanent, accessible location in which to experience education as it was in the earliest years of the region's Euro-American settlement.

**AMOUNT OF REQUESTED FUNDING**
The LHC requests $15,000 from the Courtney S. Turner Foundation in order to have all funding in place for completion of the project during the 2002 calendar year.

The requested funding will be used for those items designated as "long-term or optional improvements" in the attached construction budget. As indicated above, those items, in order to be completed properly and in a most cost-effective manner, should be completed contemporaneously with the remainder of the project. In particular, the stone facing of the foundation, which will duplicate the Oxford School's original foundation, must be completed prior to the placement of the structure on its new foundation. The completion of this portion of the project was recently authorized by the LHC, subject to acquisition of funding.

In addition, the remaining improvements, including landscaping, alarm system, signage, and fencing, will allow for immediate utilization of the structure for its intended purpose and will ensure its safety after its relocation.

**CONCLUSION**
The LHC respectfully requests grant funds from the Courtney S. Turner Foundation for the purpose of fully funding the relocation and renovation of the Oxford School. After it is moved to its new home in Ironwoods Park, the Oxford School will once again serve its original purpose as a place of learning for the students of the metropolitan Kansas City region.

Re: City of Leawood - FLSA Audit

Dear Ms. Bennett:

This will confirm the engagement of Spencer Fane Britt & Browne LLP by the City of Leawood, Kansas, with our appreciation. We understand that we are to provide you with legal advice and services by undertaking an audit of job descriptions for all employees and positions within the City. Our specific task will be to review and analyze current City position descriptions as they relate to the needs of the City of Leawood, and to evaluate the need for (and make recommendations regarding) any changes to the position descriptions with regard to (a) determination of exempt and non-exempt status under the federal Fair Labor Standards Act and (b) the "essential functions" description in job descriptions under the Americans with Disabilities Act. More specific descriptions of the assignment and our tasks are set forth in our response to the Request for Proposal, dated March 29, 2002.

As stated in the response to the Request for Proposal and in our subsequent communications, we will undertake this activity for the lump sum total of $12,000.00. We will submit our statement for this amount at the conclusion of the project. We will submit our statements to your office.

If, during the course of this project, other issues or assignments arise, we will work out a separate engagement with you, for our services to be billed on an hourly basis or on a lump-sum basis as may be negotiated and agreed between us. It is understood that the lump sum reflected by this engagement letter covers only the work set out in this engagement and in the response to the Request for Proposal and no other.
For your information, we have enclosed a copy of our Firm's Standard Terms of Engagement for Legal Services. These terms are an integral part of our agreement with the City of Leawood, except as superseded or modified by this engagement letter. Please contact us promptly if you have any questions about the Standard Terms or about this engagement letter.

We are excited about the prospect of representing the City of Leawood, and appreciate your engagement of our services. We look forward to a long and mutually satisfying relationship. We hope that you will feel free to call upon us whenever we may be of assistance in this or any other matter.

Standard Terms of Engagement for Legal Services

This statement sets forth the standard terms of our engagement as your lawyers.

The Scope of Our Work
You should have a clear understanding of the legal services we will provide. Any questions that you have should be dealt with promptly.

We will at all times act on your behalf to the best of our ability. Any expressions on our part concerning the outcome of your legal matters are expressions of our best professional judgment, but are not guarantees. Such opinions are necessarily limited to our knowledge of the facts and are based on the state of the law at the time they are expressed.

It is our policy that, for conflict of interest purposes, the person or entity that we represent is the person or entity that is identified in our engagement letter and does not include any affiliates of such person or entity. For example, if you are a corporation or partnership, our representation does not extend to any parents, subsidiaries, employees, officers, directors, shareholders or partners of the corporation or partnership, or commonly owned corporations or partnerships. If you are a trade association, our representation does not extend to any members of the trade association, unless such members undertake individual arrangements with us.

It is also our policy that, for conflict of interest purposes, the attorney-client relationship will be considered terminated upon our completion of the services that you have retained us to perform. If you later retain us to perform further or additional services, our attorney-client relationship will be revived subject to these terms of engagement, as they may be supplemented at that time.

Who Will Provide the Legal Services
Customarily, each client of the firm is served by a principal attorney contact. The principal attorney should be someone in whom you have confidence and with whom you enjoy working. You are free to request a change of principal attorney at any time. Subject to the supervisory role of the principal attorney, your work or parts of it may be performed by other lawyers and legal assistants in the firm. Such delegation may be for the purpose of involving lawyers or legal assistants with particular skills or experience in a given area or for the purpose of providing services in the most efficient and timely basis.

How Fees Will Be Set
Our fees for legal services are customarily determined on the basis of an hourly rate. Each of our lawyers and legal assistants has an hourly rate, as determined by the firm's management, consistent with the experience, reputation, and abilities of the lawyers and legal assistants performing the services. The hourly rates of each of our lawyers and legal assistants are reviewed annually to reflect current levels of legal experience, reputation, ability, costs, and other factors.

We will keep accurate records of the time we devote to your work, including negotiations, factual and legal research and analysis, document preparation and revision, and other related matters.

Occasionally we are requested to estimate the amount of fees and costs likely to be incurred in connection with a particular matter. When requested, we will attempt to furnish such an estimate, based upon our past experience and best professional judgment, but with an understanding that such an estimate is not a maximum or fixed-fee quotation.

For certain well-defined services (for example, a simple business incorporation), we may quote a flat fee. It is our general policy not to accept representation on a flat-fee basis except in such defined-services areas or pursuant to a special arrangement tailored to the needs of a particular client. In all such situations, the flat-fee arrangement will be expressed in a letter setting forth both the amount of the fee and the scope of the services to be provided.
Out-of-Pocket Expenses

Although substantial expenses incurred on a client’s behalf will be sent to the client for direct payment, we often incur and pay on behalf of our clients a variety of smaller out-of-pocket costs arising in connection with legal services. These include charges made by government agencies and service vendors. Some typical costs are long-distance telephone charges; express delivery charges; telefax and telex charges; printing and reproduction costs; filing fees; and travel expenses. We incur outside costs as agents for our clients and incur internal expenses on behalf of our clients, who agree that these costs will be paid on a regular basis.

Retainer and Trust Deposits

New clients of the firm are commonly asked to deposit a retainer with the firm. Two types of retainers are used most frequently. A monthly retainer is an amount billed and paid apart from the usual invoices for services rendered. Part or all of the retainer then is credited to the next invoice. A second type of retainer is a long-term deposit. Unless otherwise agreed, this retainer deposit will be credited toward your unpaid invoices, if any, at the conclusion of services. At the conclusion of our legal representation or at such time as the deposit is unnecessary or is appropriately reduced, the remaining balance or an appropriate part of it will be returned to you. If the retainer deposit proves insufficient to cover current expenses and fees on at least a two-month basis, it may have to be increased.

Deposits which are received to cover specific items will be disbursed as provided in our agreement with you, and you will be notified from time to time of the amounts applied or withdrawn. Any amount remaining after disbursement will be returned to you.

All trust deposits we receive from you will be placed in a trust account for your benefit. Unless special arrangements are made, interest earned on the trust account is paid to a charitable foundation established in accordance with court rules.

Termination

You may terminate our representation at any time, with or without cause, by notifying us. Your termination of our services will not affect your responsibility for payment of legal services rendered and out-of-pocket costs incurred before termination and in connection with an orderly transition of the matter.

We are subject to the codes of professional conduct for the jurisdictions in which we practice, which list several types of conduct or circumstances that require or allow us to withdraw from representing a client, including for example: conflict of interest with another client, misrepresentation or failure to disclose material facts, action contrary to our advice, and nonpayment of fees or costs. We try to identify in advance and discuss with our client any situation which may lead to our withdrawal and, if withdrawal ever becomes necessary, we shall provide the client written notice of our withdrawal.

Billing Arrangements and Terms of Payment

We will bill you on a regular basis, normally monthly or quarterly, for both fees and disbursements. You agree to make payment within thirty days of receiving our statement. We will give you prompt notice if your account becomes delinquent. If the delinquency continues and you do not arrange satisfactory payment terms, we may withdraw from the representation and may pursue collection of your account.

Client Satisfaction

Our desire is to serve you and meet your legal needs. Client satisfaction is of utmost importance. You should feel free to discuss any aspect of our representation with the principal attorney. We welcome your input to ensure that our legal services meet your needs. We appreciate having the opportunity to be of service to you.

Image Management Plus

The below performance commitments (collectively, the “Guarantees”) are brought to you by IKON. When the word “IKON” is used, it is a reference to IKON Office Solutions, Inc., one of the largest distributors of office solutions in the world. When the word “IOS” is used, it is a reference to IOS Capital, Inc., a subsidiary of IKON created exclusively to support IKON. The words “you” and “your” refer to you, our customer. IKON is committed to providing you quality service! You agree that IKON alone is the party to provide all the services set forth below and is fully responsible to you, the customer, for all of the performance commitments and guarantees set forth below. IOS is the party responsible for financing and billing this Image Management Plus Agreement.

GUARANTEES

The Guarantees are only applicable to the equipment (“Equipment”) described in the Agreement to which these Guarantees are attached, excluding facsimile machines. The Guarantees are effective on the date the Equipment is accepted by you and apply during IKON’s normal business hours, excluding weekends and IKON recognized holidays. They remain in effect for the Minimum Term so long as no ongoing default exists on your part.

TERM PRICE PROTECTION

The Image Management Plus Cost Per Image and the Cost of Additional Images, as described on the Agreement, are guaranteed against any price increase for the term of the Agreement, unless agreed to in writing and signed by both parties.

SERVICE AND SUPPLIES

IKON provides full coverage maintenance including replacement parts, drums, labor and all service calls during normal business hours, excluding weekends and IKON recognized holidays. (Performance issues relating to software and/or connectivity are independent of these guarantees and are covered, if applicable, as outlined in any software/connectivity agreement you may enter into with IKON.) IKON also provides all supplies required to produce images on the Equipment covered under the Agreement, excluding staples. The supplies are provided according to manufacturer’s specifications. Optional supply items such as paper and transparencies are not included.

GUARANTEED RESPONSE TIME

IKON guarantees a quarterly average response time of 2 to 6 hours for all service calls located within a 30 mile radius of any IKON office, and 4 to 8 hours for service calls located within a 31-60 mile radius for the term of the Agreement. (In the case of Canon IR 110 machines, the quarterly average response time will be 2 hours for all service calls.) Response time is measured in aggregate for all machines covered by the Agreement. If this response time guarantee is not met, a credit equal to $100 toward your next purchase from IKON will be made available upon your request. Credit requests must be made in writing via registered letter to the address specified in the “Correspondence” section.

UPTIME PERFORMANCE GUARANTEE

The Equipment provided under the Agreement will be operational with a quarterly uptime average of 95% (based on an 8-hour day, during normal business hours, excluding weekends and IKON recognized holidays), excluding preventative and interim maintenance time. Downtime will begin at the time you place a service call to IKON. You agree to make the Equipment available to IKON for scheduled preventative and interim maintenance. You further agree to give IKON advance notice of any critical and specific uptime needs you may have so that IKON can schedule with you interim and preventative maintenance in advance of such needs.

IMAGE VOLUME FLEXIBILITY

At three months from contract inception and every three months thereafter, IKON will, upon your request, review the image volume. If the image volume has moved upward or downward in an amount sufficient for you to consider an alternative plan, IKON will present pricing options to conform to a new image volume. If you decide an upward or downward adjustment of the Guaranteed Monthly Minimum Images is advantageous, a new Agreement must be agreed to and signed by you and IOS. The new Agreement may not be less than the remaining term of the existing Agreement but may be extended for a term equal to that of the original Agreement. Adjustments to Guaranteed Monthly Minimum Images commitment may result in a higher or lower cost per image and monthly payment. A downgrade is limited to 25% of the original Guaranteed Monthly Minimum Images.

UPGRADE GUARANTEE

At any time after six months from contract inception, you may reconfigure the Equipment by adding, exchanging, or upgrading to an item of Equipment with additional features or enhanced technology. A new Agreement of like original term must be agreed to and signed by you and IOS. The Image Management Plus Cost Per Image, the Cost of Additional Images and the Minimum Payment of the new Agreement will be based on the Equipment and new image volume commitment.

PERFORMANCE COMMITMENT

IKON is fully committed to performing the Guarantees as outlined above and guarantees the Equipment to perform to manufacturer’s specifications. If a performance issue occurs and in the unlikely event that IKON is not able to repair the Equipment in your office, IKON, at IKON’s election, will either provide a temporary loaner while the Equipment is being repaired at IKON’s service center, or IKON will replace such Equipment with comparable Equipment of equal or greater capability at no additional charge. If you are dissatisfied with IKON’s performance, please send a registered letter outlining your concerns to the address specified below in the “Correspondence” section. Please allow 30 days for resolution.

CORRESPONDENCE

Please send all correspondence relating to the Guarantees via registered letter to the Quality Assurance Department located at: 1738 Bass Road, Macon, GA 31210. The Quality Assurance Department will coordinate resolution of any performance issues concerning the above Guarantees with your local IKON office.

**Personal Guaranty**

In consideration of IOS Capital's entering into the above Agreement, I unconditionally guarantee that the Customer will make all payments and pay all other charges required under such Agreement when they are due, and that the Customer will perform all other obligations under the Agreement fully and promptly. I also agree that IOS Capital may modify the Agreement or make other arrangements with the Customer and I will still be responsible for those payments and other obligations under the Agreement. I agree that IOS Capital need not notify me of any default under the Agreement and may proceed directly against me without first proceeding against the Customer or the Equipment, in which event, I will pay all amounts due under the terms of the Agreement. In addition, I will reimburse IOS Capital for any costs or reasonable attorney fees incurred in enforcing its rights. This continuing guaranty is a guaranty of payment and not of collection. I CONSENT TO THE VENUE AND NON-EXCLUSIVE JURISDICTION OF ANY COURT LOCATED IN EACH OF THE STATE OF GEORGIA AND THE STATE WHERE MY PRINCIPAL PLACE OF BUSINESS OR RESIDENCE IS LOCATED TO RESOLVE ANY CONFLICT UNDER THIS GUARANTY.

**Guarantor Signature**

**Delivery and Acceptance**

With respect to the Image Management Plus Agreement Number between IOS Capital, Inc. and customer ("you"), hereby certify that each item of Equipment described therein has been delivered, installed and accepted and you agree that each such item of Equipment is in good condition and satisfactory for all purposes of such Agreement.

**Authorized Signer**
3. Ownership of Equipment; Assignment: We are the sole owner and title holder to the Equipment. You will keep the Equipment free of all liens and encumbrances. YOU HAVE NO RIGHT TO SELL, TRANSFER, ENCUMBER, SUBLET OR ASSIGN THE EQUIPMENT OR THIS AGREEMENT WITHOUT OUR PRIOR WRITTEN CONSENT (which consent shall not be unreasonably withheld). You agree that we may sell or assign any of our interests without notice to you. In that event, the assignee will have such rights as we assign to them but none of our obligations (we will keep those obligations) and the rights of the assignee will not be subject to any claims, defenses or set-offs that you may have against us. If you have entered into a maintenance, service or supply agreement with IKON, such agreement will remain in full force and effect with IKON and will not be affected by any such assignment.

4. Taxes and Filing Costs: In addition to the payments under this Agreement, you agree to pay all taxes, fees, and filing costs related to the use of the Equipment, even if billed after the end of the term of this Agreement. If we are required to file and pay property tax, you agree to reimburse us. If you are required to file and pay the taxes directly to the tax collector, we will notify you.

5. UCC Filing: To protect our rights in the Equipment in the event this Agreement is determined to be a security agreement, you hereby grant to us a security interest in the Equipment, and all proceeds, products, rents or profits from the sale, casualty loss or other disposition thereof. You authorize us to file a copy of this Agreement as a financing statement and appoint us or our designee as your attorney-in-fact to execute and file, on your behalf, financing statements covering the Equipment. At our request you will sign and deliver such documents for filing purposes.

6. Warranties: We transfer to you, without recourse, for the term of this Agreement, any warranties made by the manufacturer with respect to the Equipment. Since we are a finance company and neither the manufacturer nor the distributor of the Equipment, WE MAKE NO WARRANTIES, EXPRESS, OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR USE OR FOR A PARTICULAR PURPOSE.

7. Maintenance of Our Equipment and Agency: You agree to install (if required), use and maintain the Equipment in accordance with manufacturers' or IKON's specifications and to use only those supplies which meet such specifications. You will keep the Equipment in good condition, except for ordinary wear and tear. If you have contracted for maintenance and support activities from IKON, IKON alone is responsible for all of those services. IKON and IOS Capital are not agents for each other.

8. Indemnity, Liability and Insurance: (a) The parties to this Agreement will indemnify, defend and hold each other harmless from all losses, damages, claims, suits and actions (including court costs and reasonable attorneys' fees) ("Claims") arising out of any breach of this Agreement except to the extent caused by the negligence or intentional acts or omissions of the other. Notwithstanding anything to the contrary, in no event shall we be liable to you for any indirect, special or consequential damages. (b) Because you have possession and control of this Equipment, you are fully responsible for any Claim or other damage, injury or loss caused by (or to) the Equipment or other property resulting from the use, misuse or possession of the Equipment or any accident or other casualty relating to the Equipment. We are responsible for damage or injury to third persons when the damage or injury is caused exclusively by our negligent acts or omissions. You agree to maintain insurance to cover the Equipment and will name us as an additional insured and loss payer on your insurance policy. If you fail to provide evidence of insurance reasonably satisfactory to us, you authorize us to obtain coverage on your behalf and you agree to pay for this coverage. In the event of loss or damage to the Equipment, you agree to remain responsible for the payment obligations under this Agreement until the payment obligations are fully satisfied.

9. Renewal and Return of Equipment: After the minimum term or any extension, this Agreement will renew on a month-to-month basis unless you notify us in writing at least 30 days prior to the expiration of the minimum term or extension. You must pay any additional payments due until the Equipment is returned by you and is received in good condition, as defined by us or our designee. IKON will bear shipping charges so long as replacement Equipment is selected from IKON.

10. Payments: Payments will begin on the delivery date. You agree to pay us each payment when it is due, and if any payment is more than 10 days late, you agree to pay a late charge of 5% or $5 (whichever is greater, but not to exceed the maximum amount allowed by applicable law) on the overdue amount. You also agree to pay $25 for each check returned for insufficient funds or other reasons.

11. Default: IF YOU DO NOT PAY ANY AMOUNT WHEN DUE OR BREACH ANY OTHER TERM OF THIS AGREEMENT, YOU ARE IN DEFAULT. IF YOU DEFAULT, WE HAVE THE RIGHT TO EXERCISE ANY AND ALL LEGAL REMEDIES AVAILABLE TO US BY APPLICABLE LAWS, INCLUDING ARTICLE 2A OF THE UNIFORM COMMERCIAL CODE. WE WAIVE ANY AND ALL RIGHTS AND REMEDIES AS A CUSTOMER OR LESSEE THAT YOU HAVE UNDER THE UCC AGAINST US BUT NOT AGAINST THE MANUFACTURER, ANY VENDOR OF THE EQUIPMENT OR OTHER PARTIES. You agree that we are entitled to all past due payments and we may accelerate and require you to immediately pay us all such payments on demand. In the event that we accelerate the payment and you fail to pay us, we may take possession of the Equipment at the end of the term of this Agreement. Additionally, we may repossess the Equipment and pursue you for any losses we have after disposing of the Equipment, all to the extent permitted by law. You waive the rights you may have to notice before we seize any of the Equipment. You agree that all rights and remedies are cumulative and not exclusive. You promise to pay reasonable attorney fees and any cost associated with any action to enforce this Agreement. This action will not void your responsibility to maintain and care for the Equipment, nor will IKON be liable for any action taken on our behalf. Default also includes your becoming insolvent, assigning assets for the benefit of creditors, filing for bankruptcy protection or failure of the guarantor to honor its commitment. If we take possession of the Equipment, we agree to sell or otherwise dispose of it under such terms as may be acceptable to us in our discretion or without notice, at a public or private disposition, and to apply the net proceeds (after we have deducted all costs, including reasonable attorneys' fees) to the amounts that you owe us. You will remain responsible for any deficiency that is due after we have applied any such net proceeds.

12. Business Agreement and Choice of Law: YOU AGREE THAT THIS AGREEMENT WILL BE GOVERNED UNDER THE LAW FOR THE STATE IN WHICH OUR PRINCIPAL CORPORATE OFFICE IS LOCATED. YOU ALSO CONSENT TO THE VENUE AND NON-EXCLUSIVE JURISDICTION OF ANY COURT LOCATED IN EACH OF THE STATES OF OHIO AND THE STATE WHERE YOUR PRINCIPAL PLACE OF BUSINESS OR LESSEE IS LOCATED TO RESOLVE ANY CONFLICT UNDER THIS AGREEMENT. WE BOTH WAIVE THE RIGHT TO TRIAL BY JURY IN THE EVENT OF A LAWSUIT.

13. No Waiver or Set off; Entire Agreement; Delivery & Acceptance Certificate; Vendor Contract: You agree that our delay, or failure to exercise any rights, does not prevent us from exercising them at a later date. If any part of this Agreement is found to be invalid, then it shall not invalidate any of the other parts and the Agreement shall be modified to the minimum extent as permitted by law. ALL PAYMENTS TO US ARE "NET" AND ARE NOT SUBJECT TO SET OFF OR REDUCTION. This Agreement represents the entire agreement (including addendums referenced on the face of this Agreement which are signed and attached) between us and you. Neither of us will be bound by any amendment, waiver, or other change unless agreed to in writing and signed by both. Any purchase order, or other ordering documents will not modify or affect this Agreement, nor have any other legal effect and shall serve only the purpose of identifying the equipment ordered. You agree to sign and return to us a delivery and acceptance certificate within 3 business days after any Equipment is delivered. You agree that either (a) you have reviewed, approved, and received, a copy of the equipment supplier contract covering the Equipment we acquired from the equipment supplier, or (b) that we have informed you by this writing of the identity of the equipment supplier, that you may have rights under the equipment supplier contract, and that you may contact the equipment supplier for a description of those rights.

14. Image Charges/Meters: In return for the Minimum Payment, you are entitled to use the number of Guaranteed Minimum Monthly Images. If you use more than the Guaranteed Minimum Monthly images in any month, you will additionally pay a charge equal to the number of additional images times the Equipment Charge per Additional Image. If we determine that you have used more than 20% over the manufacturer's recommended specifications for supplies, you will pay reasonable charges for those excess supplies. The meter reading frequency is the period of time (monthly, quarterly, etc.) for which the number of images used will be reconciled. The meter reading frequency and corresponding additional charges, if any, may be different than the Minimum Payment frequency. You will provide us or our designee with the actual meter reading upon request. If such meter reading is not received within 7 days, we may estimate the number of images used. Adjustments for estimated charges for additional images will be made upon receipt of actual meter readings. Notwithstanding any adjustment, you will never pay less than the Minimum Payment.

15. Counterparts; Facsimile: This Agreement may be executed in counterparts. The counterparty which has our original signature and/or is in our possession shall constitute chancel paper as that term is defined in the Uniform Commercial Code ("UCC") and shall constitute the single original agreement for all purposes. If you sign and transmit this Agreement to us by facsimile, the facsimile image is required by us to bind against you as if it were manually signed. However, no facsimile or other version of this Agreement shall bind against us until manually signed by us. You agree to deliver the facsimile version of any counterpart of this Agreement with our original signature upon your request.

3. Ownership of Equipment: Assignment. We are the sole owner and title holder to the Equipment. You will keep the Equipment free of all liens and encumbrances. YOU HAVE NO RIGHT TO SELL, TRANSFER, ENCUMBER, SUBLLET OR ASSIGN THE EQUIPMENT OR THIS AGREEMENT WITHOUT OUR PRIOR WRITTEN CONSENT (which consent shall not be unreasonably withheld). You agree that we may sell or assign any of our interests without notice to you. In that event, the assignee will have such rights as we assign to them but none of our obligations (we will keep those obligations) and the rights of the assignee will not be subject to any claims, defenses or set-offs that you may have against us. If you have entered into a maintenance, service or supply agreement with IKON, such agreement will remain in full force and effect with IKON and will not be affected by any such assignment.

4. Taxes and Filing Costs: In addition to the payments under this Lease, you agree to pay all taxes, fees, and filing costs related to the use of the Equipment, even if billed after the end of the term of this Lease. If we are required to file and pay property tax, you agree to reimburse us. If you are required to file and pay the taxes directly to the tax collector, we will notify you.

5. UCC Filing: To protect our rights in the Equipment in the event this Lease is determined to be a security agreement, you hereby grant to us a security interest in the Equipment, and all proceeds, products, rents or profits from the sale, casualty loss or other disposition thereof. You authorize us to file a copy of this Lease as a financing statement and appoint us as your attorney-in-fact to execute and file, on your behalf, financing statements covering the Equipment. At our request you will sign and deliver such documents for filing purposes.

6. Warranties: We transfer to you, without recourse, for the term of this Agreement, any warranties made by the manufacturer with respect to the Equipment. Since we are a finance company and neither the manufacturer nor the distributor of the Equipment, WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR USE OR FOR A PARTICULAR PURPOSE.

7. Maintenance of Our Equipment and Agency: You agree to install (if required), use and maintain the Equipment in accordance with manufacturers' or IKON's specifications and to use only those supplies which meet such specifications. You will keep the Equipment in good condition, except for ordinary wear and tear. If you have contracted for maintenance and support activities from IKON regarding the Equipment, IKON alone is responsible for all of those services. IKON and IOS Capital are not agents for each other.

8. Indemnity, Liability and Insurance: (a) The parties to this Lease will indemnify, defend and hold each other harmless from all losses, damages, claims, suits and actions (including court costs and reasonable attorneys' fees) ("Claims") arising out of any breach of this Lease except to the extent caused by the negligence or intentional acts or omissions of the other. Notwithstanding anything to the contrary, in no event shall we be liable to you for any indirect, special or consequential damages. (b) Because you have possession and control of this Equipment, you are fully responsible for any Claim or other damage, injury or loss caused by (or to) the Equipment or other property resulting from the use, misuse or possession of the Equipment or any accident or other casualty relating to the Equipment. We are responsible for damage or injury to third persons when the damage or injury is caused exclusively by our negligent acts or omissions. You agree to maintain insurance to cover the Equipment and will name us as an additional insured and loss payee on your insurance policy. If you fail to provide evidence of insurance reasonably satisfactory to us, you authorize us to obtain coverage on your behalf and you agree to pay for this coverage. In the event of loss or damage to the Equipment, you agree to remain responsible for the payment obligations under this Lease until the payment obligations are fully satisfied.

9. Renewal and Return of Equipment: After the minimum term or any extension, this Lease will renew on a month-to-month basis unless you notify us in writing at least 30 days prior to the expiration of the minimum term or extension. You must pay any additional payments due until the Equipment is returned by you and is received in good condition and working order by us or our designees. IKON will bear shipping charges so long as replacement Equipment is selected from IKON.

10. Lease Payments: Payments will begin on the delivery date. You agree to pay us each payment when it is due, and if any payment is more than 10 days late, you agree to pay a late charge of 5% or 5$ (whichever is greater, but not to exceed the maximum amount allowed by applicable law) on the overdue amount. You also agree to pay $25 for each check returned for insufficient funds or any other reason.

11. Default: If you do not pay any amount when it is due, or break any other term of this Lease, you are in default. If you default, we have the right to exercise any and all legal remedies available to us by applicable laws, including Article 2A of the Uniform Commercial Code. You waive any and all rights and remedies as a customer or lessee that you have under Article 2A against us (but not against the manufacturer, any vendor of the Equipment or IKON). Additionally, we are entitled to all past due payments and we may accelerate and require you to immediately pay us the future payments due under the Lease present valued at the discount rate of 6% to the date of default plus the present value (at the same discount rate) of our anticipated value of the equipment at the end of the term of this Lease. We may repossess the Equipment and pursue you for any deficiency balance after disposing of the Equipment, all to the extent permitted by law. You waive the rights you may have to notice before we seize any of the Equipment. You agree that all rights and remedies are cumulative and not exclusive. You promise to pay reasonable attorney fees and any cost associated with any action to enforce this Lease. This action will not void your responsibility to maintain and care for the Equipment, nor will IKON be liable for any action taken on our behalf. Default also includes your becoming insolvent, your assignment of assets for the benefit of creditors, your filing for bankruptcy protection or failure of the guarantor to honor its commitment. If we take possession of the Equipment, we agree to sell or otherwise dispose of it under such terms as may be acceptable to us in our discretion or without notice, at a public or private disposition, and to apply the net proceeds (after we have deducted all costs, including reasonable attorneys' fees) to any amounts owing, and any amount remaining will be paid to you.

12. Business Agreement and Choice of Law: YOU AGREE THAT THIS AGREEMENT WILL BE GOVERNED UNDER THE LAW OF THE STATE IN WHICH OUR PRINCIPAL CORPORATE OFFICE IS LOCATED. YOU ALSO CONSENT TO THE VENUE AND NON-EXCLUSIVE JURISDICTION OF ANY COURT LOCATED IN EACH OF THE STATES OF GEORGIA AND THE STATE WHERE YOUR PRINCIPAL PLACE OF BUSINESS OR RESIDENCE IS LOCATED TO RESOLVE ANY CONFLICT UNDER THIS AGREEMENT. WE BOTH WAIVE THE RIGHT TO TRIAL BY JURY IN THE EVENT OF A LAWSUIT.

13. No Waiver or Set Off: You agree that our delay, or failure to exercise any rights, does not prevent us from exercising them at a later time. If any part of this Lease is found to be invalid, then it shall not invalidate any of the other parts and the Lease shall be modified to the minimum extent as permitted by law. ALL PAYMENTS TO US ARE "NET" AND ARE NOT SUBJECT TO SET OFF OR REDUCTION.

14. Entire Agreement; Delivery & Acceptance Certificate; Vendor Contract: This Lease represents the entire agreement (including addendums referenced on the face of this Lease which are signed and attached) between us and you. Neither of us will be bound by any amendment, waiver, or other change unless agreed to in writing and signed by both. Any purchase order, or other ordering documents will not modify or affect this Lease, nor have any other legal effect and shall serve only the purpose of identifying the equipment delivered. You agree to sign and return to us a delivery and acceptance certificate within three business days after any Equipment is delivered. You agree that either (a) you have reviewed, approved, and received, a copy of the equipment supplier contract covering the Equipment we acquired from the equipment supplier, or (b) that we have informed you by this writing of the identity of the equipment supplier, that you may have rights under the equipment supplier contract, and that you may contact the equipment supplier for a description of those rights.

15. Counterparts; Facsimiles: This Agreement may be executed in counterparts. The counterpart which has our original signature and/or is in our possession shall constitute a counterpart as that term is defined in the Uniform Commercial Code ("UCC") and shall constitute the single true original agreement for all purposes. If you sign and transmit this Agreement to us by facsimile, the facsimile copy as received by us shall be binding against you as if it were manually signed. However, no facsimile or other version of this Agreement shall be binding against us until manually signed by us.

The total fee is based on the performance of the scope of services specified in this Agreement, with submittal of final plans and specifications suitable for solicitation of competitive construction bid proposals on or before **December 13, 2002**.

   In addition to the Total Fee is a maximum allowance of **Fifteen Thousand DOLLARS ($15,000)** for Reimbursable Expenses. Payment to Architect shall be made monthly based upon the Percent of Services Completed.

2. **Additional Services:** Architect shall provide, with City's concurrence, services in addition to those listed in Section III when such services are authorized in writing by City. Prior to commencing any additional services, Architect must submit a proposal outlining the additional services to be provided and the fixed lump sum fee therefore. City shall pay Architect for such services in accordance with the fees based on Schedule "B", (ADDITIONAL SERVICES FEE SCHEDULE) attached hereto and incorporated herein. Such services may include, but are not limited to, making computations and determinations of special assessments, making special trips requested by City other than those required by Section III, preparing changes in plans ordered by City, providing services necessitated in the event the Architectural Services shall be suspended or abandoned, if such suspension or abandonment is not the result of a breach of this
Agreement by the Architect, and providing any other special services not otherwise covered by this Agreement which may be requested by City.

Reimbursable expenses incurred in conjunction with additional services shall be paid separately and those reimbursable expenses shall be paid at actual cost but not to exceed the stated allowance amount. Records of Reimbursable Expenses and expenses pertaining to additional services shall accompany request for payment. The Allowance Amount may be increased by written agreement to cover Reimbursable Expenses associated with Additional Services.

3. **Special Services:** Architect may be called on to serve as a consultant or witness in any litigation, arbitration, legal or administrative proceeding arising out of this Project. Architect shall not be compensated by City if its appearance is to defend its own professional Architectural Services. Architect shall not be compensated by City to appear at eminent domain or appraiser's hearings necessary to acquire easements and right-of-ways for the Project. If Architect is requested, in writing, by City, to appear as a witness for the City and is entitled to be compensated under the provisions of this paragraph, it will be paid based upon the fee schedule "B" (ADDITIONAL SERVICES FEE SCHEDULE) attached hereto and incorporated herein.

4. **Billing:** Architect shall bill City monthly for all services performed to date and based on Percent of Services Completed shown on project progress report submitted to City with such billing. City agrees to pay Architect within thirty (30) days of approval by the Governing Body.

5. **City's Right to Withhold Payment:** In the event City becomes informed that any
representations of Architect provided in its monthly billing, are wholly or partially inaccurate, City may withhold payment of sums then or in the future otherwise due to Architect until the inaccuracy and the cause thereof, is corrected to City's reasonable satisfaction. 7. **Change in Scope:** For substantial modifications in authorized Project scope, and/or substantial modifications of drawings and/or specifications previously accepted by City, when requested by City and through no fault of Architect, the Architect shall be compensated for time and expense based upon the fee schedule "B" (ADDITIONAL SERVICES FEE SCHEDULE) attached hereto and incorporated herein plus Reimbursable Expenses chargeable for this service; provided, however, that any increase in Total Fee or Contract Time must be approved through a written Supplemental Agreement. Architect shall correct or revise any errors or deficiencies in its designs, drawings or specifications without additional compensation when due solely to Architect's negligent acts, errors, or omissions. If not solely Architect's fault, then the
parties will negotiate an equitable sharing of the fees associated with such changes and the fixed fee will be increased or decreased accordingly. This Agreement may be amended to provide for additions, deletions and revisions in the Architectural Services or to modify the terms and conditions thereof by written Supplemental Agreement.

The Total Fee and Contract Time may only be changed by a written Supplemental Agreement approved by City, unless it is the result of an emergency situation in which case the Project Manager may give written approval to be followed by a written and approved change in Scope of Services. If notice of any change affecting the general scope of the Architectural Services or provisions of this Agreement, including but not limited to, Total Fee or Contract Time, is a requirement of any insurance policy held by Architect as a requirement of this Agreement, the giving of such notice shall be the Architect’s responsibility.

SECTION III - RESPONSIBILITIES OF ARCHITECT

Architect shall furnish and perform expeditiously the various professional duties and services in all phases of the Project to which this Agreement applies as herein provided and which are required for the construction of the Project which services shall include:

A. PRELIMINARY DESIGN PHASE

1. Services: The services to be provided during this phase and time of performance are set out in Schedule "A" (SCOPE OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein.

OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein.

3. Preliminary Cost Estimate: Architect shall furnish City a preliminary estimate of Construction Cost based on the preliminary design. Architect's preliminary estimate of Construction Cost is to be made on the basis of Architect's experience and qualifications and represents Architect's best judgment as an experienced and qualified design professional, familiar with the current construction industry's pricing structure. Architect cannot and does not guarantee that the bids or proposals or the project construction costs will not vary from the cost estimates prepared by the Architect.

4. Budget: Architect shall promptly advise City if, in its opinion, the amount budgeted for design and construction is not sufficient to adequately design and construct the improvement as requested.

B. FINAL DESIGN PHASE

1. Services: The services to be provided during this phase and time of performance are set out in Schedule "A" (SCOPE OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein.

2. Final Design Documents: Architect shall furnish City FIVE (5) copies unless otherwise noted in Exhibit "A", (SCOPE OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein of the final design plans and shall also prepare the necessary plans and applications for permits for submission to and approval of local, county, state and federal authorities having proper jurisdiction as may be required for initiation, prosecution and construction of the Project. Such permits include permits for storm water runoff, building permits, demolition permits and similar permits.
C. CONTRACT DOCUMENTS PHASE

1. **Contract Documents:** Architect shall prepare for City final design plans, construction contract documents, supplementary conditions, bid forms, invitations to bid and instructions to bidders and assist in the preparation of other related documents, unless such documents are provided by City. The City Attorney will review all such contract forms and conditions and provide Architect with comment prior to release for bidding.

2. **Final Cost Estimate:** Architect shall furnish City an estimate of Construction Cost based on final contract documents. This estimate is commonly known as the “Architect’s Estimate” and will be used as the basis for construction contract award. Architect cannot and does not guarantee that the bids or proposals or the project construction costs will not vary from the cost estimates prepared by the Architect.

3. **Budget:** Architect shall advise City if, in its opinion, the amount budgeted for the Project is not sufficient to cover all Project costs, including but not limited to, design, construction, right-of-way and easement acquisition, inspection and testing.

The City has four (4) options if all bids exceed Architect’s Estimate. The City may: (1) give written approval of an increase in the Project cost; (2) authorize rebidding of the Project; (3) terminate the Project and this
Agreement; or (4) cooperate in revising the Project scope or specifications, or both, as necessary to reduce the construction cost. In the case of (4), Architect, without additional charge to City, shall consult with City and shall revise and modify the drawings and specifications as necessary to achieve compliance with the “Architect’s Estimate”.

E. CONSTRUCTION PHASE

1. In-house Administration and Inspection: It is understood that City will provide in-house administration and inspection of the construction project; however, Architect shall consult with and advise City, when requested. In event that inspection services are made part of services set out in Schedule “A”, (SCOPE OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein, a delay in construction shall not be grounds for an additional payment.

2. Services: The services provided during this phase are set out in Schedule "A" (SCOPE OF ARCHITECTURAL SERVICES) attached hereto and incorporated herein.

3. Supplemental Drawings: If during construction, situations arise which require supplemental drawings or details, Architect agrees to timely provide such supplemental drawings or details at no cost to City when the supplemental drawings or details, are required to correct Architect’s negligent errors or omissions or clarify Architect’s intent in the original design and preparation of Contract Documents.

4. Notice of Defects: If, based on Architect’s involvement during the construction phase, Architect observes or otherwise becomes aware of any design or construction defect in the work, it shall give prompt written notice to City of such defects and their approximate location on the Project. However, Architect shall not have control over or charge of and
shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions, inspections by construction contractor and programs in connection with the construction work, since these are solely the Contractor's responsibility under the contract for construction. Architect shall not be responsible for the Contractor's schedules or failure to carry out the work in accordance with the Contract Documents. Architect shall not have control over or charge of acts or omissions of the Contractor, Contractor's subcontractors, or their agents or employees.

5. **Shop Drawings**: Architect shall review and take appropriate action on Contractor's shop drawings and samples, and the results of tests and inspections and other data which each Contractor is required to submit for the purposes of checking for compliance with the design concept and conformance with the requirements of the Contract Documents. Such review shall not extend to means, methods, sequences, techniques or procedures of construction, or to safety precautions and programs incident thereto.

6. **As Built Plans**: The Architect shall prepare final revised Contract Documents which reflect change orders, minor design changes including changes made in the field and which are marked on the construction contractors plan set. The Contractor will provide the City a marked up set of record drawings. Because some of the data contained on the “As Built Plans” may be based on unverified information provided by others, the Architect does not warrant the accuracy of information provided by others.

F. **GENERAL DUTIES AND RESPONSIBILITIES**

1. Responsibilities under the General Conditions of the Contract for Construction ("General Conditions"): In addition to the responsibilities herein set forth, Architect

Personnel changes shall be approved by the City.

Such Subsurface Borings and Testing, as defined herein, shall be provided by Architect or its subcontractors and compensated as an Additional Service. The City shall be named as an intended third-party beneficiary to the Architect’s subcontracts with the geotechnical engineer, the land surveyor and the testing laboratory. If so named, then the City agrees to pursue its claims directly against those subconsultants, and not against the Architect, for damages caused solely by the negligence of those subconsultants.

4. **Service By and Payment to Others:** Any work authorized in writing by City and
performed by anyone other than Architect or its subcontractors in connection with the
proposed Project shall be contracted for and paid for by City directly to the third party or
parties. In addition to payments for professional services, this may also include
necessary permits, licenses, ownership certifications, materials testing, advertising costs,
and other special tests or other work required or requested by City or Architect which is
not defined within the scope of Architectural Services of Architect. The payment for such
additional services shall be subject to negotiation between City and the third party and
shall be approved prior to the execution of any additional services. Although Architect
may assist City in procuring such services of third parties, Architect shall in no way be
liable to either City or such third parties in any manner whatsoever for such services or
for payment thereof.

5. **Subcontracting of Service:** Architect shall not subcontract or assign any of the
Architectural Services to be performed under this Agreement without first obtaining the
written approval of City regarding the Architectural Services to be subcontracted or
assigned and the consulting firm or person proposed to accomplish the
subcontracted/assigned portion of the Project. Unless otherwise stated in the written
consent to an assignment, no assignment will release or discharge the assignor from any
obligation under this Agreement. Any person or firm proposed for subcontracting
Architectural Services under this Agreement shall maintain throughout the duration of the
Agreement, insurance as provided in Section V.D.(6) herein, and shall additionally
maintain Professional Liability insurance in a minimum amount of $1,000,000 and
provide the City with certification thereof unless waived by the City.

Any review or approval by City of any documents prepared by the Architect and/or its consultants including but not limited to the plans and specifications, shall be solely for the purpose of determining whether such documents are consistent with City’s construction program and intent and shall not be construed as approval of same by City. No review of such documents shall relieve Architect of its responsibility for the accuracy, adequacy, fitness, suitability and coordination of its work product.

7. **Inspection of Documents:** Architect shall maintain all project records for inspection by City during the contract term and for three (3) years from the date of final payment and shall notify the City prior to their disposal.

City and Architect agree that disputes relative to the project should first be addressed by negotiations between the parties. If direct negotiations fail to resolve the dispute, the party initiating the claim that is the basis for the dispute shall be free to take such steps as it deems necessary to protect its interests; provided, however, that notwithstanding any such dispute, Architect shall proceed with the Architectural Services as per this Agreement as if no dispute existed, and the City shall continue to make payment for Architect’s completed services unless Architect gives notice of termination as provided in paragraph A.1 above; and provided further that no dispute will be submitted to arbitration without both parties’ express written consent.

AGREEMENT

THIS AGREEMENT (the "Agreement") is made effective as of the 2nd day of
June, 2002, by and between the CITY OF LEAWOOD, KANSAS (the "City"), and
PCC TWO, LLC, a Kansas limited liability company ("PCC2").

RECITALS:

A. PCC2 is the owner of two parcels of real property located generally at the
intersection of Tomahawk Creek Parkway and 115th in the City ("Parcel 1" and "Parcel
2" respectively). Parcel 1 and Parcel 2 are legally described on the exhibits collectively
marked as Exhibit "A" attached hereto and incorporated herein by this reference. PCC2
intends to construct certain improvements on Parcel 1 and Parcel 2 (the "Development").

B. Pursuant to the City's Ordinances, the City requires as a condition for
approval of the Development, the improvement of certain streets necessary to serve the
Development, along with extension of the water main as mandated by City requirements
(collectively referred to as the "Improvements").

C. In lieu of completing the required street Improvements prior to the
commencement of construction of the Development on Parcel 1, PCC2 has requested,
and the City is willing to agree to, the deferral of the completion of the south one-half of
the street improvements.

NOW THEREFORE, in consideration of $10.00 and other consideration, the
receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as
follows:

1. In return for the City's consent to commencing construction of the
Development on Parcel 1, PCC2 agrees to construct the north one-half of the street
Improvements and the water main concurrent with the construction of the Development
on Parcel 1, and to construct the south one-half of the Improvements on or before
December 31, 2007, at its own cost and expense.

2. In the event PCC2 should sell or otherwise transfer ownership of Parcel 2
to a third party, who is not otherwise an affiliate of PCC2 (the 3rd Party Purchaser”),
the obligation to construct the south one-half of the street Improvements shall be
performed promptly and PCC2, or the 3rd Party Purchaser, in the event PCC2 desires to
transfer this obligation to the 3rd Party Purchaser, shall use all due diligence to complete
the street Improvements in a prompt and workmanlike manner, in compliance with City
standards as approved by City staff, including planning, public works and fire. Such
street Improvements shall be completed on or before December 31, 2007, or within nine
(9) months of the sale, whichever comes first.

3. Nothing set forth in this Agreement is intended to restrict the ability of the
City to evaluate customary planning and zoning issues related to the City's review and
approval or disapproval of the Development, and any future plans regarding the
Development.

4. Should PCC2 default on its obligations hereunder, the City may pursue
action against PCC2 or its successors or assigns for any and all remedies available at law
or in equity, including specific performance. Should City need to pursue action, it may
recover its costs and attorneys’ fees from PCC2.

5. The provisions of this Agreement shall be binding upon and shall inure to
the benefit of the parties hereto, their successors and assigns. The terms of this
Agreement shall be recorded with the Register of Deeds and shall run with the land.

6. The provisions of this Agreement shall be construed under Kansas law.

IN WITNESS WHEREOF, the parties have executed this Agreement effective as
of the date first above written.

1. Grant and Term of License

(a) ASCAP grants and LICENSEE accepts a license to perform publicly on the "Premises" and at "Events" and "Functions," and not elsewhere or otherwise, non-dramatic renditions of the separate musical compositions in the "ASCAP repertory." The performances licensed under this Agreement may be by means of "Live Entertainment" or "Mechanical Music." For purposes of this Agreement,

(i) "LICENSEE" shall include the named entity and any of its constituent bodies, departments, agencies or leagues.

(ii) "Mechanical Music" means music which is performed at the Premises by means other than by live musicians who are performing at the Premises, including, but not limited to (A) compact disc, audio record or audio tape players (but not including "jukeboxes"), (B) videotape, videodisc or DVD players; (C) the reception and communication at the premises of radio or television transmissions which originate outside the Premises; and which are not exempt under the Copyright Law; or (D) a music-on-hold telephone system operated by LICENSEE at the Premises.

2. Limitations On License

(a) This license is not assignable or transferable by operation of law or otherwise. (b) This license does not authorize (i) the broadcasting, telecasting or transmission or retransmission by wire, Internet, website or otherwise, of renditions of musical compositions in ASCAP's repertory to persons outside of the Premises, other than by means of a music-on-hold telephone system operated by LICENSEE at the Premises; and (ii) performances by means of background music (such as Muzak) or other services delivered to the Premises. Schedule C fees are not applicable to municipal, county or other local government entities.

(b) Unless otherwise limited by law, LICENSEE shall pay a finance charge of 1.5% per month from the due date, or the maximum amount permitted by law, whichever is less, on any required payment that it is not made within thirty days of its due date.

4. Reports and Payments

(a) Upon the execution of this Agreement, LICENSEE shall submit:
(i) a report stating LICENSEE’s population based on the most recent published U.S. Census data. The population set forth in the report shall be used to calculate the Base License Fee under this Agreement; and

(i) the date presented;
(ii) the name of the attraction(s) appearing;
(iii) the “Gross Revenue” of the event. “Gross Revenue” means all monies received by LICENSEE or on LICENSEE’S behalf from the sale of tickets for each Special Event. If there are no monies from the sale of tickets, “Gross Revenue” shall mean contributions from sponsors or other payments received by LICENSEE for each Special Event;
(iv) the license fee due for each Special Event.

(e) If LICENSEE presents, sponsors or promotes a Special Event that is reportable under Rate Schedule B with another person or entity licensed under an ASCAP License Agreement, LICENSEE shall indicate the name, address, phone number and ASCAP account number of the other person(s) or entity(ies) and the party responsible for payment for such Special Event. If the other party is not licensed by ASCAP, LICENSEE shall pay the license fee due hereunder, notwithstanding any agreement to the contrary between LICENSEE and the other party.

(f) LICENSEE agrees to furnish to ASCAP, where available, copies of all programs of musical works performed, which are prepared for distribution to the audience or for the use or information of LICENSEE or any department thereof. The programs shall include all encores to the extent possible. LICENSEE shall be under no obligation to furnish programs when they have not been otherwise prepared.

(g) ASCAP shall have the right to examine LICENSEE’S books and records at LICENSEE’S place of business during normal business hours to such extent as may be necessary to verify the reports required by paragraph 4.(d) above. ASCAP shall have the right to adjust LICENSEE’S Base License Fee based upon the most recently available revised population figures and Population Estimates Program provided by the U.S. Census Department.
5. **Breach or Default**

Upon any breach or default by LICENSEE of any term or condition herein contained, ASCAP may terminate this license by giving LICENSEE thirty days notice to cure such breach or default, and in the event that such breach or default has not been cured within said thirty days, this license shall terminate on the expiration of such thirty-day period without further notice from ASCAP. In the event of such termination, ASCAP shall refund on a pro-rata basis to LICENSEE any unearned license fees paid in advance.

6. **Interference in Operations**

ASCAP shall have the right to terminate this license upon thirty days written notice if there is any major interference with, or substantial increase in the cost of, ASCAP’s operations as the result of any law in the state, territory, dependency, possession or political subdivision in which LICENSEE is located which is applicable to the licensing of performing rights. In the event of such termination, ASCAP shall refund to LICENSEE on a pro-rata basis any unearned license fees paid in advance.

7. **Non-Discrimination**

LICENSEE recognizes that ASCAP must license all similarly situated users on a non-discriminatory basis. LICENSEE agrees that any modifications to this Agreement by ASCAP, which are required by local, state or federal law for other municipalities, counties and other governmental entities shall not constitute discrimination between similarly situated users. Examples of such modifications are statements of equal employment opportunity or nondiscrimination on the basis of race, creed, color, sex or national origin.

8. **Notices**

ASCAP or LICENSEE may give any notice required by this Agreement by sending it by certified United States Mail, by generally recognized same-day or overnight delivery service or by electronic transmission (i.e., Mailgram, facsimile or similar transmission) to the appropriate person/office as listed herein. Each party agrees to notify the other of any change in contact information, such as change of address, change of person/office responsible, etc. within 30 days of such change.

Re: Villas of Chapel Green
Case Number: 56-02

The Department of Public Works has reviewed the aforementioned project and would like to make the following stipulations as part of the Planning Commission Approval:

1) Traffic Impact Analysis:
   a) The study indicated that the intersection of Nall Ave and the cul-de-sac would have an island along Nall Ave, which will create a right-in right-out intersection. The City of Overland Park has stated that they will not provide a full-access intersection or a southbound left turn into this cul-de-sac due to its close proximity to the full access intersection being provided to the church.

2) Storm Drainage Study:
   a) The developer shall grade the site to drain to the detention pond. The City will not allow the subdivision flow to by-pass the detention pond.

3) Since these street lights are not the approved style for public subdivisions. The developer shall complete the Private Street Light agreement through the Public Works Department. This agreement stipulates that the Homes Association shall be responsible for maintenance, replacement of damaged street lights, wiring, poles, hardware, etc. The City of Leawood will pay for the electricity, which will be directly billed to the City of Leawood by Kansas City Power & Light.

4) The flood limits, as developed by CDW for Johnson County, shall be shown on the plat.

5) The minimum width of the road in the location of the island shall be twenty-three (23) feet back to back.
6) Sidewalks shall be shown on both sides of the road except on Lot 17 through Lot 22. The sidewalk in the island shall be constructed with ADA ramps that line up with ADA ramps on the east side of Lot 23 and on the west side of Lot 16 to allow pedestrians to cross the roadway.

7) Sidewalks along Tract A, within the island and within Sidewalk Easements shall be constructed by the street contractor.

8) Provide twenty-five (25) foot radius at the intersection with Nall Ave.

9) The grading plans shall include grading the Nall Ave Right-of-Way to the future grade.

10) The grading plan indicates a swale being constructed in the middle of the Lot 3 through Lot 7. The lots need to be graded to drain to an engineered swale at the rear property line or drain towards the street.

11) Remove all trees located within the Nall Ave Right-of-Way.

12) All public improvements shall be designed and constructed in accordance with the City of Leawood Public Improvement Construction Standards as developed by the Department of Public Works (latest revision).

13) The site triangles for all entrances shall be revised to comply with the City of Leawood Development Ordinance, Section 4-6.3.

14) The developer shall obtain and submit to the Department of Public Works and the Building Official a copy of the NPDES Land Disturbance Permit issued by the Kansas Department of Health and Environment prior to any grading work at the site.

15) The permit fee for plan review and construction observation shall be five (5) percent of the construction cost for all improvements within the Right-of-Way or Public Easement(s) granted to the City of Leawood. The fee will be charged and collected from the Contractor prior to issuance of the permit from the Department of Public Works.

16) The developer shall pay $110/intersection to cover the costs of street signs to be installed by the Department of Public Works.

17) The plat will not be released for recording until all the permits for the Department of Public Works have been obtained by the Contractor(s) and all other requirements have been met.
