Councilmember Taylor asked that Item #7G be removed from the Consent Agenda.

Councilmember Dunn moved for the approval of the remaining Consent Agenda, seconded by Councilmember Gill. The motion was approved by a unanimous vote.

Councilmember Taylor asked City Administrator Scott Lambers how the bidding on the Fire Station Improvement Plan fit into the CIP Budget. Mr. Lambers reported the CIP Budget retained $1,050,000 for construction, and the bid for the Fire Station came in at $838,000, putting it well within the CIP Budget.

A motion from Councilmember Taylor, seconded by Councilmember Dunn to accept Item #7G was approved by a unanimous vote.
Councilmember Rasmussen voiced concerns approving the Final Site Plan for Bravo Restaurant, Item #7G, specifically the choice of exterior awnings. Planning and Development Director Diane Binkley advised a sample of the material for the awnings was not available nor was the applicant present. However, the awnings are to be installed by the same company that did the other Town Center awnings and are of the same quality. Ms. Binkley advised the Council that Bravo preferred not to install solid awnings as most of the other Town Center businesses had done, but to use the stripe awnings that they have used in their many other restaurant locations throughout the country.

A motion was made by Councilmember Gill to continue this Item to the March 17, 2003, Governing Body meeting, at which time the awning material and paint would be available as well as the applicant. The motion was seconded by Councilmember Gulledge, and approved by a unanimous vote.

Daryl Marmon, 4290 W. 152nd Court, addressed the issue concerning screening between Mission Reserve and Guilford Downs subdivisions, which he stated had been worked out with the developer.

Councilmember Taylor made a motion to approve, seconded by Councilmember Gulledge. The motion to approve was passed with a unanimous roll call vote.

E. Ordinance amending Section 16-2-10.3 of the Leawood Development Ordinance [LDO] pertaining to Materials & Colors as it relates to stone coated steel roofing [Roll Call Vote]

Councilmember Dunn addressed this issue as it pertains to the ICBO approving this type of roofing under certain conditions. It was suggested that the ordinance also include language that would approve stone coated steel roofing if it met ICBO standards.

Councilmember Dunn made a motion to approve the ordinance with the additional language to meet ICBO standards, seconded by Councilmember Gill.

Mr. Ruben Hinojosa, 2005 W. 120 Terrace, addressed the Council as a professional roofer and an installer of such roofing material. Mr. Hinojosa stated he felt it was not in the best interest of the City to approve this ordinance for the following reasons: (1) the structure would not be fireproof if the old roof was left on under the new steel roofing; (2) there would be a mold problem if the old roof was not cleaned off properly; and (3) the holding power of the nails would not be adequate to penetrate two layers of shake shingles and hit the rafters.

Councilmember Gill withdrew his second; the motion died for lack of a second.

Councilmember Story asked what the ICBO standards were as to preventing mold.

Councilmember Gulledge made a motion to continue the discussion to the Governing Body meeting on April 7, 2003, seconded by Councilmember Story. Mayor Dunn asked that the applicant be present at that meeting and that information be gathered as to what other cities in the area are doing in regard to using this roofing material.

Councilmember Gill asked Mr. Hinojosa if it was possible to remove mold from an existing roof before installing the steel roofing. Mr. Hinojosa replied it was very hard, but possible; that the deeper the roof, the harder it was to remove dampness that breeds mold. With homes being built tighter, the moisture is trapped inside from showering, cooking, etc., with no way to alleviate it. Without ventilating the roof properly, the environment is suitable for mold to grow in the heat.

The roll call vote was as follows: Yea: Councilmembers Gulledge, Bussing, Rawlings, Story, Rasmussen, Gill. Nay: Councilmembers Taylor and Dunn.
