T. Fire Department Monthly Report

U. Municipal Court Monthly Report

**Due to a Police Department computer conversion- the Monthly Police Reports will not be available until January 2004.**

Councilmember Rasmussen asked that Item “7P” be removed for discussion. Councilmember Taylor asked that Items “7I,” “7M,” and “7R” be removed for discussion.

Councilmember Taylor made a motion to approve the remainder of the Consent Agenda. Councilmember Rasmussen seconded the motion, and the motion was approved unanimously, 8-0-0.

Councilmember Taylor questioned Chief Sid Mitchell in reference to Item “7I,” the purchasing of a Police Mobile Command Post. In discussing the necessity for a Mobile Command Post, Chief Mitchell stated that there were often incidents in the City in which officers needed to remain long hours at a crime scene. By utilizing a Command Post, officers and other significant parties would be able to coordinate efforts and make plans in privacy, out of the public eye and out of the occasionally inhospitable climate. He stated the money would come from the existing Police budget ($12,000.00) and from a fund of reimbursed money from a body armor purchase ($14,000.00). Chief Mitchell stated there would be no expense for the internal communication system, with the exception of some wiring.

Councilmember Taylor made a motion to approve the purchase of the Mobile Command Post. Councilmember Story seconded the motion, and the motion was approved unanimously, 8-0-0.

Councilmember Taylor asked Chris Claxton what the total expenditure for the Oxford Schoolhouse (Item “7M”). Ms. Claxton stated it was approximately $300,000.00 total. Councilmember Taylor questioned why it was being published as $150,000.00 in the Council packets. Ms. Claxton replied that the renovation was $150,700.00 with $11,000.00 contingency. Councilmember Taylor asked how the project was being funded. Ms. Claxton stated there had been several sources: a grant from the Johnson County Heritage Trust ($41,000.00); an obligation from the City ($137,000.00); an Arts Council contribution ($2,500.00); and a Leawood Foundation contribution ($2,500.00). Councilmember Taylor stated the project was approximately $80,000.00 short in funding. Ms. Claxton said that amount had been identified when the contract was approved. Scott Lambers confirmed the shortage would be paid with money from the General Fund.
Councilmember Taylor made a motion to approve the Change Order. Councilmember Rawlings seconded the motion.

Mr. Lambers confirmed with Mayor Dunn that a complete analysis report would be done after the project was completed, with a comparison made to the Overland Park schoolhouse. The Overland Park schoolhouse was a new construction facsimile of a historical building. Councilmember Taylor questioned how a comparison could be made between a renovation project and a new construction project. Mr. Lambers stated comparisons would be made between various aspects of each building, and acknowledging that Overland Park’s building had been built in-house, providing savings in construction costs. He added that had the Oxford renovation not taken place, the City would not have been eligible for funds received for historical structures. Construction of new buildings did not qualify for that type of funding, and a funding comparison would be included in the report. Councilmember Taylor stated he felt that the cost of the renovation ($200,000.00+) had been quite expensive for a 1,500 square foot building. Mayor Dunn indicated that many residents in the City valued historical preservation, and while it meant funding the project from the General Fund, this preservation would be a fine example of Leawood history.

The motion was approved unanimously, 8-0-0.

Mayor Dunn recused herself from the discussion of Item “7P,” stating a conflict in interest, and left the Council Chambers. Councilmember Bussing acted as Presiding Officer.

Councilmember Rasmussen confirmed with Diane Binckley that the applicant sent letters out to the residents in adequate time prior to the Planning Commission meeting at the end of November to obtain feedback concerning landscaping. Ms. Binckley stated the Staff had heard that several residents had responded to the letters, indicating their preference for landscaping and berming near the parking lot area. She stated she believed that the wishes of the residents had been accommodated.

Councilmember Taylor confirmed with Ms. Binckley that a turnabout originally proposed on Mission Road was now planned to be a 5-lane road with a median. The fifth lane would be a turn lane into the development.

Councilmember Rasmussen made a motion to approve the Final Site Plan and Final Plat for Mission Farms. Councilmember Gulledge seconded the motion, and the motion was approved unanimously, 8-0-0. Mayor Dunn returned to the Council Chambers.
Council member Taylor questioned Ms. Binckley concerning the colored map provided for Item “7R.” He stated light blue areas were indicated at 143rd Street and Nall, and at 128th Street and State Line. The light blue color was intended to indicate institutional usage, but retirement homes were located at those sites. Ms. Binckley pointed out that the orange dashed line surrounding the light blue areas denoted such buildings.

Council member Taylor made a motion to approve the Resolution. Council member Dunn seconded the motion, and the motion was approved unanimously, 8-0-0.

8. MAYOR’S REPORT
A. The City Hall Holiday Lighting Ceremony took place December 2nd. The Mayor thanked Chris Claxton and her staff for their efforts. She also thanked Council member Bussing and Rawlings, the Leawood Singers, the Leawood Elementary 5th Graders, and the Leawood Stage Company for their participation.

Councilmember Gill recognized the fine work of the Public Works Street crew during the past two snowstorms. He stated he had received 10 positive calls and only 1 negative call from constituents.

11. COMMITTEE RECOMMENDATIONS

PLANNING COMMISSION
[from November 25, 2003, Planning Commission meeting]

A. Resolution No. 2154 approving a Final Site Plan for Cornerstone Buildings Nos. 4 and 5, located on the southeast corner of 135\textsuperscript{th} & Nall Avenue
Councilmember Taylor recused himself from the discussion due to a conflict in interest, and left the Council Chambers.

Councilmember Rasmussen made a motion to approve the Resolution. Councilmember Story seconded the motion.

Mayor Dunn questioned Ms. Binckley as to why this Item had not been placed on the Consent Agenda. Ms. Binckley stated the applicant had wanted to address the Governing Body concerning a request to replace the currently approved parking lot lighting fixtures. The Planning Commission was in support of Staff’s position not to allow the change. Councilmember Bussing stated he would like to hear the applicant’s complete overview as well as the justification for the change.

Henry Klover, Klover Architects, 10955 Lowell, applicant and Planner/Architect, gave a brief overview of the design of the project, as well as several of the stipulations that had been agreed upon. Mr. Klover then addressed the issue of changing the lighting fixtures stating that by doing so, it would save approximately $100,000.00. He contended that few people look upward at the parking lot fixtures. The fixture he was recommending was not recognizably different from ground level than the approved one, and the money saved could be better utilized on the interior design that people could view.

Mayor Dunn asked Ms. Binckley if Staff, notwithstanding the cost of the project, had evaluated the lighting fixtures based upon those fixtures located in the City Hall parking lot. Staff felt the fixtures in the City’s lot were much trimmer and attractive, with the other type being overwhelming and of a “shoebox”-like design.
2299 Councilmember Bussing confirmed with Ms. Binckley that the Planning Commission declined the drawing of the newly proposed fixture that Mr. Klover was suggesting tonight. Councilmember Gill discussed with Mr. Klover the fact that some interior courtyard design elements would need to be modified if the $100,000.00 was allotted to the street lighting fixtures. Mr. Klover reiterated that the design of the new lighting fixture was only a two-inch height difference than from the one approved and not a shoe-box-shaped design Ms. Binckley had suggested.

Councilmember Bussing commented on the fact that the out parcels had 18-foot lighting fixtures compared to the 30-foot lighting fixtures elsewhere in the project. He confirmed with Mr. Klover that those fixtures would be changed as well. Mr. Klover admitted they would be a bit more obvious, but it was important to be consistent in the overall design of the project.

2569 Councilmember Bussing asked Ms. Binckley if the crosswalk issue as described on Page 4 of the Staff Report had been resolved. She indicated that they had. Councilmember Bussing stated he would be more inclined to approve a plan that had already been approved and endorsed by the Planning Commission. He stated he understood Mr. Klover’s financial concerns, but would vote for the original lighting fixtures as recommended.

Councilmember Gill confirmed with Patty Bennett that it would take six votes to override the Planning Commission’s recommendation.

Mayor Dunn asked Ms. Binckley what type of lighting fixtures were at Town Center Plaza. She replied she did not know the brand name but they were typical shoebox style fixtures. Ms. Binckley acknowledged that the fixtures Mr. Klover was requesting were trimmer than the style at Town Center Plaza.

2725 Councilmember Gill questioned Mr. Klover about the light properties of his requested fixtures. Mr. Klover stated the foot-candle wattage was the same.

Mayor Dunn asked for a vote on the motion by Councilmember Rasmussen. The vote was 7-1-0, with Councilmember Bussing opposing. He subsequently asked that his vote be changed to “Yea” after acknowledging his misunderstanding of the intent of the Resolution, and the Resolution for the Final Site Plan for Cornerstone Buildings Nos. 4 and 5 was approved unanimously, 8-0-0.

Councilmember Taylor returned to the Council Chambers.

B. Resolution approving a Final Site Plan for Eckerd’s Drug Store, located within Cornerstone, on the southwest corner of 135th Street & Briar – CONTINUED TO THE JANUARY 5, 2004 GOVERNING BODY MEETING
C. **Ordinance No. 2038** rezoning from R-1 [Planned Single-Family Low Density Residential] to RP-2 [Planned Cluster Residential], Preliminary Site Plan and Preliminary Plat for Mission Reserve Annex located south of 151st Street and west of Mission Road [Roll Call Vote] [Companion Resolution]

Councilmember Rasmussen made a motion to pass the Ordinance. Councilmember Taylor seconded the motion, and it passed unanimously, 8-0-0, with a Roll Call vote.

D. **Resolution No. 2156** approving a Final Site Plan and Final Plat for Mission Reserve Annex located south of 151st Street and west of Mission Road

Councilmember Rasmussen made a motion to approve the Resolution. Councilmember Taylor seconded the motion, and it was approved unanimously, 8-0-0.

E. **Ordinance No. 2039** amending § 16-1-4 of the Leawood Development Ordinance [LDO], Public Utilities and Safety Uses, pertaining specifically to the placement of underground utilities [Roll Call Vote]

Councilmember Taylor made a motion to pass the Ordinance. Councilmember Rawlings seconded the motion, and it passed unanimously, 8-0-0, with a Roll Call vote.

12. OLD BUSINESS - None

13. NEW BUSINESS

A. **Resolution No. 2157** determining it necessary and advisable and ordering the resurfacing and repair of certain residential streets or portions thereof within the City of Leawood, Kansas pursuant to K.S.A. § 12-614 et seq.

Councilmember Bussing asked if the first phase of $2.2 million for this project could be borrowed at the current rate, and earmarked for use at a later time. He cited the probable increase in borrowing costs over the next three years. Mr. Lambers replied he would look into it and see how it would affect the City's standards. He pointed out that by doing so, the payments would be accelerated which would then necessitate an increase in the mill levy for the bond interest fund.

Councilmember Dunn publicly commented that the majority of residential streets that needed repair were in the older part of Leawood. He thanked the Governing Body and Staff for making a diligent effort to address the needs of Leawood North. Mayor Dunn stated it was also a big commitment on the part of the Governing Body and creative financing on the part of the Staff to be able to pursue this effort.

Councilmember Taylor made a motion to approve the Resolution. Councilmember Dunn seconded the motion, and the motion was approved unanimously, 8-0-0.
B. Resolution finding as to the advisability and authorizing the construction of improvements to the intersection of 135th Street and Briar Street within the City of Leawood, Kansas, pursuant to K.S.A. § 12-16a01 et seq. [CIP # 193] – CONTINUED TO THE JANUARY 5, 2004 GOVERNING BODY MEETING

15. OTHER BUSINESS - None
