7D. Accept minutes of the October 5, 2009 Governing Body Work Session

Councilmember Bussing indicated one of the topics that had been addressed in this work session was the transition period for which the entities that had recycle bins would be required to comply. Mr. Lambers had originally expressed two to three years compliance and the Mayor had expressed concern that allowing three years was a little excessive. There was not a conclusion to this discussion in the minutes and he wanted to note for the record that it was the consensus of the Governing Body to bring them into compliance as soon as practical.

Mayor Dunn noted the last paragraph in the minutes stated a two-year maximum time frame to come into compliance of the ordinance.

A motion to approve Item No. 7D was made by Councilmember Bussing; seconded by Councilmember Filla. The motion carried following a unanimous vote of 8-0.

7G. Accept minutes of the August 11, 2009 Park & Recreation Advisory Board

9. COUNCILMEMBERS’ REPORT

A. Councilmember Lou Rasmussen Report - revision to scope of Amphitheatre project for the next phase to only include parking lot expansion and one restroom facility

Councilmember Rasmussen updated the Governing Body on the progress of the Amphitheatre Project. The floodplain has expanded and taken up the area for the proposed parking lot. They had intended to install a culvert; however, with the expansion of the floodplain, the culvert became impractical. A bridge would be required in order to construct a road and would assume all of the available funds. He was proposing instead to expand the existing parking lot and change the radius of the curve in the existing road to accommodate trucks. The restroom should remain close to its original location.

Mayor Dunn confirmed with Parks and Recreation Director Chris Claxton that the restroom would have 10 stalls.

Public Works Director Joe Johnson stated they were currently working with Continental Engineering to have a design contract by the November 16, 2009, Governing Body meeting.

Councilmember Peppes confirmed with Councilmember Rasmussen that they were still within the $500,000 budget.

B. Councilmember Jim Rawlings Report - recommendation from Stormwater Committee and Green Initiative Task Force to review Leawood Development Ordinance [LDO] section regarding rain barrels

Councilmember Rawlings reported he had spoken with Mr. Lambers regarding rain barrel issues and had indicated he would research this and return to the committee’s with a report. It was the intent to have the rain barrels located initially in back yards.

Mr. Lambers stated the rain barrels would be restricted to back yards and not be allowed to encroach into the side yard. Another requirement would be to acquire barrels that would limit mosquito breeding. Any water discharge would need to be consistent with the ordinances.
C. Councilmember Debra Filla Report

Councilmember Filla reported the cities of Overland Park, Mission Hills, Leawood, and Prairie Village were teaming up to sponsor another Electronics Recycling and Shredding Event, held on Saturday, November 14th from 8:00 A.M. to 2:00 P.M., located in the parking lot of The Church of the Resurrection.

10. STAFF REPORT – None.

11. OLD BUSINESS – None.

12. OTHER BUSINESS – None.

13. NEW BUSINESS

A motion to pass the ordinance was made by Councilmember Rasmussen; seconded by Councilmember Azeltine.

Councilmember Bussing was concerned with the provision related to the unlawful operation of a golf cart. He was concerned they would begin appearing on the streets of Leawood because they were currently being manufactured nearby.

City Attorney Patty Bennett indicated there were several provisions the Kansas Legislature has established over the years. Golf carts are very well defined; however, she wasn’t clear if the vehicle Mr. Bussing was referring to would fall under this definition.

Mr. Bussing thought these carts had been modified to meet street regulations of the state. He wanted additional definition information.

Councilmember Gill confirmed with Ms. Bennett they were only changing the Code for clarity under section 11-103, Criminal Use of Weapons. Mr. Gill thought the wording under section (c)7 was unclear. Ms. Bennett thought they could change the language for clarity as long as it still met the state statute. His intent of supporting this was to restrict the meaning of this sentence to paragraph 7.

Mr. Gill confirmed with Mr. Lambers that the intent of Section 14-106, Unlawful Operation of a Golf Cart, was to allow the carts to cross a street that has a higher speed limit and not be in violation.
Ms. Bennett indicated the statute states they do not allow driving them on a street or highway with a posted speed limit of greater than 30 mph, unless crossing the street. He was also concerned with the language under section 14-106, letters (b) and (c) and reiterated that the state statute language was unclear and poorly worded. Ms. Bennett suggested they could also change this language; however, they would still be required to meet the state statute.

The motion to pass the ordinance carried following a vote of 7-1. Yea: Councilmemers Rasmussen, Azeltine, Bussing, Rawlings, Cain, Peppes, and Filla. Nay: Councilmember Gill.

B. **Ordinance No. 2419C**, amending Article 1 of Chapter 14 of the Code of the city of Leawood, Kansas, 2000, by amending Sections 14-101 through 14-112 and adding a new Section 14-113, pertaining to regulating traffic within the corporate limits of the City of Leawood, Kansas; incorporating by reference the ‘Standard Traffic Ordinance for Kansas Cities, 2009 edition,’ [STO] with certain amendments, such incorporation being authorized by K.S.A. § 12-3009 through 12-3012, and K.S.A. § 12-3301 and 12-3302; repealing existing sections 14-101 through 14-112; and other sections in conflict herewith [Roll Call Vote]

Councilmember Filla removed her second on the motion.

Councilmember Azeltine seconded the motion.

Mayor Dunn clarified that the motion from Councilmember Rasmussen and second from Councilmember Azeltine was to pass the ordinance as presented.
