**Turn on Porch Lights for Veterans Day, November 11, 2014**

Mayor Dunn proclaimed November 11, 2014, “Turn on Porch Lights for Veterans Day”, as a tradition to honor veterans. She added the landscape art piece titled “Porch Lights” at Somerset and Lee Boulevard is considered a literal and conceptual coming home to North Leawood.

Mr. Dan Throckmorton and Ms. Alice Hawk, Leawood Historic Commission members, presented a banner to honor veterans. Mr. Throckmorton spoke of the symbolic gesture of turning on porch lights, a tradition started in 1948, the same year the City was founded. He encouraged residents of Leawood to let their porch lights shine brightly to show veterans gratitude for their service.

Councilmember Filla thanked Information Services Director Mark Andrasik for posting a link on the City’s website homepage for the occasion and Councilmember Cain expressed appreciation for outreach to other municipalities to encourage participation.

**National American Indian Heritage Month**

Mayor Dunn proclaimed November, 2014 as National American Indian Heritage Month in the City of Leawood and urged all citizens to observe the month with appropriate programs, ceremonies and activities.

5. PRESENTATIONS/RECOGNITIONS  

**GFOA CAFR Award**

Mayor Dunn presented a Certificate of Achievement to Ms. Dawn Long, Finance Director, for Excellence in Financial Reporting, awarded by the Government Finance Officers Association of the United States and Canada. This certificate was awarded the City of Leawood for its comprehensive annual financial report for fiscal year ending December, 2013. It is the highest form of recognition and represents a significant accomplishment by a government and its management, and also demonstrates a constructive “spirit of full disclosure”.

Ms. Long recognized staff contributions, including those of City Administrator Scott Lambers. Mayor Dunn commented that the City has attained this achievement for many years.

6. SPECIAL BUSINESS

**Resolution No. 4348**, approving and authorizing the Mayor to execute a Memorandum of Understanding [MOU] between the City and Southwestern Bell Telephone Company, d/b/a AT & T Kansas and it successors [AT&T]

Mr. Mike Scott, AT&T State President, thanked the City Council for consideration of the MOU, in his opinion a very important first step. He stated although implementation timing would need to be determined, goal would be second quarter of 2015.

Mayor Dunn asked about the size of the boxes and the number of homes serviced by each box. Mr. Scott replied the boxes would most likely be less than 55 inches in height and, therefore, would not require a Special Use Permit [SUP]. The number of homes serviced by a box would depend upon design of the existing distribution area network.
Mr. Ryan Matthews, AT&T Construction & Engineering Director for Kansas/Missouri, stated the number of homes could be as many as 800 per box or as few as 200 per box. The one-gigabit service AT&T calls “GigaPowerSM” would work alongside their existing U-verse® network, with fiber to be installed from boxes to homes.

Councilmember Osman expressed excitement for new technology coming to Leawood, adding well-rounded choices through competition. He also pointed out Ward One is north of I-435 and surrounded by Kansas City, Missouri; and Prairie Village and Overland Park, Kansas. He hoped that services would be brought to the area at the same time as the rest of Leawood. Mr. Scott acknowledged Councilmember Osman’s statement.

A motion to approve Resolution No. 4348 was made by Councilmember Rasmussen; seconded by Councilmember Rawlings. The motion was approved with a unanimous vote of 8-0.

Councilmember Rezac asked Mr. Johnson to clarify if the storm sewer project was a separate project prior to the curb replacement project. Mr. Johnson replied it was a separate project and was so small it was difficult to bid as a standalone project. Bids were obtained from O’Donnell & Sons and Miles Excavating.

A motion to approve Item No. 7.H was made by Councilmember Rezac; seconded by Councilmember Filla. The motion was approved with a unanimous vote of 8-0.

K. Resolution approving and authorizing the Mayor to execute a Collection Service Agreement between the City and Valley Collection Service, LLC, pertaining to the collection of money for the City of Leawood Municipal Court

Councilmember Rezac asked Leawood Judge Renee Gurney about the 25% charge and if this fee would be billed or attached as an invoice to a fine. Judge Gurney replied the fee would be a separate charge that state statute authorizes to be collected [up to 30%] when a municipality sends a fine to collection. The 25% fee would be added on top of the fine. The City will determine the past due fines to be processed by the agency and if the agency is successful in collection, the City will receive the fine amount and the agency will receive the 25% fee. Fine recipients will be advised of the collection fee at the time of fine.
Councilmember Cain asked if the agency is only paid the 25% if the fee is collected. Judge Gurney affirmed the 25% is paid only if collected.

Councilmember Sipple asked about the success Overland Park had after engaging Valley as a collector. Judge Gurney stated Overland Park had been pleased with the service from Valley. Other collection services were interviewed, but Valley presented a very professional and competent service. She anticipated their collection rate will increase over time, as initially a large number of cases with likely stale information would be sent to the agency. Use of a collection agency could be a cost saving measure, reducing the number of police department resources involved with warrants issued for failure to appear/non-payment.

Mayor Dunn stated that 350 cases would be addressed for approximately $57,000 owed to the City.

A motion to approve Item No. 7.K. was made by Councilmember Filla; seconded by Councilmember Rawlings. The motion was approved with a unanimous vote of 8-0.

L. Resolution No. 4352, approving and authorizing the Mayor to execute a Cooperative Agreement in the amount of $18,000 between the City and Mid-America Regional Council [MARC] for Funding Operations of Operation Green Light Traffic Control System

Councilmember Cain asked Mr. Johnson how long the agreement had been in place, if the City was pleased with the system, and if funding would continue past 2016.

Mr. Johnson replied this would be an update to an agreement that had been in place for 9 or 10 years. The system has worked well to efficiently move traffic through signal-timing. Cameras with video that provide live feed/pictures would be installed soon. He stated that Mid-America Regional Council [MARC] and other committees anticipate continued federal aid, so funding should continue past 2016.

A motion to approve Item No. 7.L. was made by Councilmember Cain, seconded by Councilmember Rezac. The motion was approved with a unanimous vote of 8-0.

Councilmember Rasmussen stated a summary list of correspondence had been released to a television station and this could be put in chronological form on the City’s website.

Councilmember Osman stated his intent was not only to chronologically list items, but to also have more substance to which a third party could eloquently write. Mayor Dunn asked if public facts would be written by an external third party for the City’s website. Councilmember Osman stated his preference would be to hire a third party to review any correspondence that is released to the public. Councilmember Azeltine stated that a motion to do so would be premature and that staff could handle statement of facts.

Councilmember Rezac stated the goal is to ensure clarity of disseminated information and she asked Mr. Lambers if work done by an external party would be beneficial with an impending deadline. Mr. Lambers replied that he could compile the information, but it would not be to the level of a professional firm.

Councilmember Azeltine suggested that information could be gathered and a draft presented to Council for input and revision.

Councilmember Filla stated that a request for external editing is a legitimate one, and asked Mr. Lambers if staff would have budget for editing improvements. Mr. Lambers stated that the City Council authorized him to do this for the reasons stated in Executive Session.

Councilmember Rasmussen inquired about the intended audience and Mr. Lambers replied the audience would be the citizens of Leawood.

Mayor Dunn stated Leawood citizens have questions and due to the confidentiality clause, the City’s response has been to direct inquiries to Mr. Lambers, and the answer has primarily been, “no comment”. The plan is to draft what the City Clerk provided to a television station.

Mr. Lambers asked for approval to have the authority, if deemed appropriate, to retain a professional.

A motion to authorize the City Administrator to hire a third party to assist with written communications regarding issues related to Google that would not be in violation of the confidentiality clause was made by Councilmember Filla; seconded by Councilmember Rezac.
