Public Works

Stormsewer Televising

- 1) City started televising its stormsewer around 2000.
- 2) There is approximately 921,190-feet of stormsewer pipe in Leawood. This is public, private and other cities or State.
- 3) The City has approximately 710,592-feet of stormsewer pipe it is responsible for maintaining. This is equal to 134.6 miles of pipe.
- 4) Approximately 105,000-feet of the 710,592-feet is corrugated metal pipe that needs to be replace because it is rusting out. The cost to replace it is estimated at 35 million dollars. In 2018 the City will begin a stormsewer replacement program spending 3-million a year every other year.
- 5) The City has televised all the stormsewer pipes and televises on average 50,000-feet a year.

Public Works

Curb Replacement Program

- In 2013 the City began a 20 million dollar 4-year program to replace failing curb.
- In 2016 the program was completed spending approximately 20 million dollars replacing over 593,000-feet or 112 miles. This will eliminate the need to spend hundreds of thousands of dollars from the annual street overlay program to replace curbs.

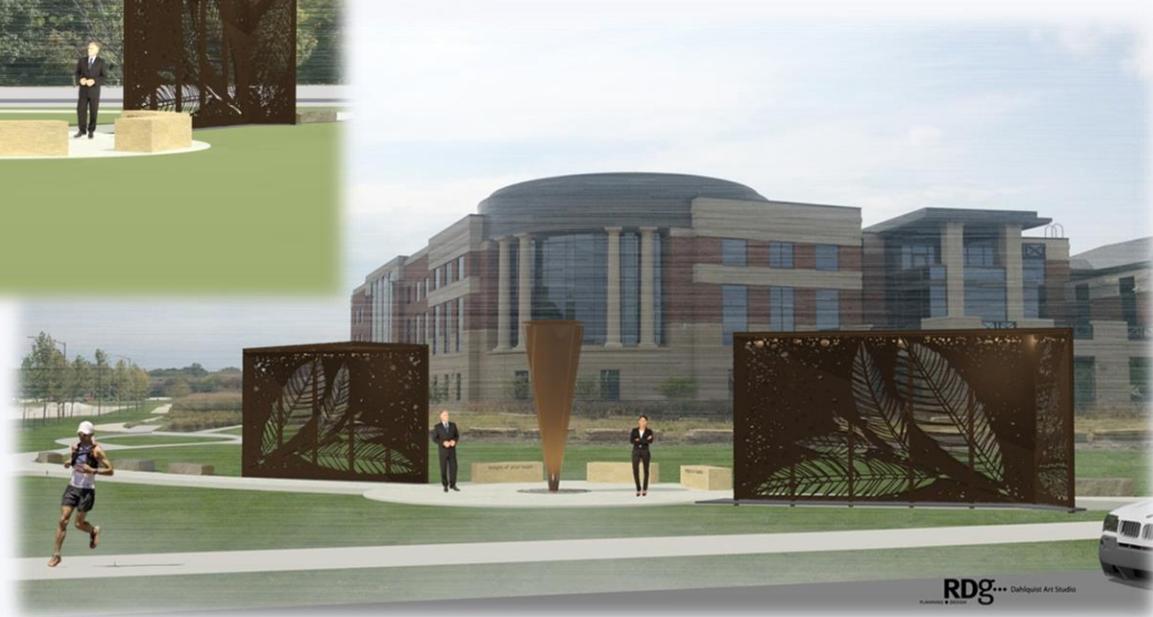

Future Programs

- 143rd Street - Windsor to Overbrook is under design with construction scheduled in early 2019. Utility work should begin late 2017 through 2018.
- Roe Avenue – College to 119th will be reconstructed beginning mid-March with completion in August. Traffic will be down to one lane each direction.
- Roe Avenue – 124th to 135th is scheduled for an mill and overlay along with 133rd Street from State Line to Nall. This work will happen over the summer.

Our Mission

To lead, educate, and collaborate with the Leawood community to encourage conservation, increase recycling, and promote 'green' mobility in the City of Leawood.

TIP OF THE DAY

There are 63 million newspapers printed each day in the U.S. Of these, 44 million, or about 69%, of them will be thrown away. Recycling just the Sunday papers would save more than half a million trees every week.
