

## **GREEN INITIATIVE CITIZEN TASK FORCE COMMITTEE MEETING**

**Minutes for: Thursday, June 5, 2008**

The Green Initiative Citizen Task Force Committee met on Thursday, June 5, 2008. The meeting was held at Leawood City Hall in the Main Conference Room, 4800 Town Center Drive, Leawood, KS 66211. The meeting start time scheduled for 7:30 AM.

### **Members in attendance:**

Debra Filla, Councilmember and Chair of the Committee  
James Azeltine, Councilmember Liaison, Co-Chair  
Lisa Cooper (Conference Call)  
Alicia Jennings  
Carolyn O'Malley  
Bob Pierson  
Cindy Thesing

### **Members Absent:**

Paula J. Cornwell  
Camille Croteau  
David Crupper

### **Guests:**

Philip Askey, P.G., Johnson County Environmental Department  
Julie Coon, Johnson County Environmental Department

### **Staff in attendance:**

Scott Lambers, City Administrator  
Julie Stasi, Administrative Services Manager, Leawood Public Works Department  
Jerry Strack, Information Systems Technician; (initial set up)

- Chair Deb Filla called the meeting to order at 7:35 AM.
- Guests Philip Askey and Julie Coon were present today from the Johnson County Environmental Department. Mr. Askey and Ms. Coon, both Environmental Compliance Managers, gave a power point presentation regarding the Solid Waste Management Plan for Johnson County.

*Most of the meeting time was allowed for the presentation. (Copies of the Power Point presentations have been given to the City and are available upon request). Contact can also be made by email:*

*[julie.coon@jocogov.org](mailto:julie.coon@jocogov.org). and <http://jiced.jocogov.org> and [www.sharetheair.com](http://www.sharetheair.com). Phone 913-715-6938.*

One of the comments made after the presentation by Ms. Coon was that Deffenbaugh Industries will be moving to a limited trash pick up policy. This is something that is becoming a part of the solid waste management plan and the County does see this moving in that direction. To date, announcements to the residents have been fairly poor.

Ms. Coon advised that one of the goals of the County is to help get the word out through press releases. Increased participation in recycling in commercial and multi-family residential customers is also a goal. Electronics are now also accepted at the Johnson County Household Hazardous Materials Facility in Mission Kansas.

- Draft Minutes from May 22, 2008 were reviewed. Edits were made to correct name spellings. Alicia Jennings made Motion to approve the minutes as corrected of May 22, 2008. Bob Pierson seconded the motion. All members were in favor; Motion passed.
- Sub-committee will be working in between meetings on their individual assigned tasks.
- The Committee decided to meet for the next two weeks on the regular schedule of Thursday morning at 7:30AM. (June 12, June 19).

Meeting adjourned at 9:00 AM.

Minutes transcribed by Julie Stasi.
